Immunization Requirements
2025-2026

Immunization requirements are determined by the state legislatureandsetby the Texas Department of State Health Services (DSHS), in conjunction with the Texas Education Agency (TEA). Immunizations are critical to prevent disease outbreaks and ensuring the health of students. This list summarizes immunizations required for enrollment. See notes at the end for other provisions or exceptions.

1. **Diphtheria-Tetanus-Pertussis/Tetanus-Diptheria-acellular-Pertussis containing vaccine:**
   - Students who started the series before age 7 years – Five doses, with one after the fourth birthday, unless the fourth dose was received after the fourth birthday, in which case only four doses are required.
   - Students who started the series after age 7 years – Three doses, with one after the fourth birthday. One of the doses must be Tdap.
   - Students in grade 7 – one dose of Tdap/Td booster if it has been five years since previous dose.
   - Students in grade 8–12 – one booster dose of Tdap/Td if it has been 10 years since last dose.
2. **Poliomyelitis:** (K – 12th grade)
   - Four doses with one dose on or after the fourth birthday.
   - Three doses meet the requirement if the third dose is given on or after the fourth birthday.
3. **Measles, mumps, and rubella (MMR)*:**
   - Two doses on or after the first birthday beginning in Pre-Kindergarten - twelfth.
   - One dose on or after the first birthday for students under age 4.
   - For students vaccinated prior to 2009, 1 dose of MMR and one dose of measles after first birthday meet the requirement.
4. **Haemophilus Influenza Type B*:** (Students through age 4 years) •
   - Three doses with one dose on or after 12 months of age.
   - Two doses meet the requirement if the first dose is given at 12-14 months of age.
     One dose meets the requirement if given at 15-59 months of age.
5. **Hepatitis B*:**
   - Three doses
   - For students 11-15 years, 2 does meet the requirement if adult hepatitis B vaccine (Recombivax® 10 mcg/1.0mL) must be clearly documented.
6. **Varicella (Chicken Pox) *:**
   - Two doses on or after the first birthday for all students entering Pre- Kindergarten through twelfth grades.
   - History of varicella illness documented by a written statement from the parent/legal guardian, physician or school nurse is acceptable in place of any and all varicella vaccine doses required.
7. **Pneumococcal:** (24 months to 59 months of age) •
   - Three doses with one dose on or after 12 months of age.
   - Two doses meet the requirement if both doses are given after 12 months of age.
     One dose meets the requirement if given on or after 24 months of age.
8. **Hepatitis A*:**
   - Two doses are required for students entering Pre-Kindergarten - twelfth grade with the first dose on or after the first birthday.
9. **Meningococcal:** (7^{th} – 12^{th} grade)
   - One dose of quadrivalent meningococcal conjugate is required on or after the student's 11^{th} birthday. If received vaccine at 10 years of age, this satisfies the requirement
   - Booster recommended between ages 16-18 years of age.

* Serologic confirmation of immunity to measles, mumps, rubella, hepatitis B, hepatitis A, or varicella is acceptable in place of vaccine.

Recommended vaccines: (consult your health care provider)
- **HUMAN PAPILLOMAVIRUS VACCINE:** First dose at 11-12 years of age. Two or three dose series depending on age when first does is given. Vaccine may be given through age 26.
- **INFLUENZA VACCINE:** Annual vaccination for all children 6 months and older without contraindications or precautions.
- **SEROTYPE B MENINGOCOCCAL VACCINE:** Two dose series between ages 16-23.

NOTE 1: A 30-day provisional enrollment is available **only** to the following student groups:
- Students transferring from one Texas school to another Texas school.
- Students who are defined as homeless according to the federal McKinney-Vento Act 42 U. S. C. Section 111434a.
- Foster children enrolling in a new school.
- Active-duty military dependents enrolling in a new school.

NOTE 2: A student may be enrolled provisionally if the student has an immunization record that indicates the student has received at least one dose of each specified age-appropriate vaccine required by this rule. To remain enrolled, the student must complete the required subsequent doses in each vaccine series on schedule and as rapidly as is medically feasible and provide acceptable evidence of vaccination to the school. A school nurse or school administrator shall review the immunization status of a provisionally enrolled student every 30 days to ensure continued compliance in completing the required doses of vaccination. If, at the end of the 30-day period, a student has not received a subsequent dose of vaccine, the student is not in compliance and the school shall exclude the student from attendance until required dose is administered.

NOTE 3: Exemptions from immunization requirements may be granted on a medical basis or for reasons of conscience. A medical exemption, signed by a physician, is required annually if not otherwise stated by the physician. Exemption for reasons of conscience must be submitted on an affidavit provided by the Texas Department of State Health Services. Exemption for reason of conscience is granted for two years. Exemptions are not recognized in time of epidemics. Students will need to be immunized or not attend school if an epidemic is declared by the Commissioner of Health.

DALLAS INDEPENDENT SCHOOL DISTRICT | Health Services

Requisitos de Vacunación 2025-2026

Los requisitos de vacunación son determinados por la legislatura estatal y establecidos por el Departamento de Servicios de Salud del Estado de Texas (DSHS), en conjunto con la Agencia de Educación de Texas (TEA). Las vacunas son fundamentales para prevenir brotes de enfermedades y garantizar la salud de los estudiantes. Esta lista resume las vacunas requeridas para la inscripción. Vea las notas al final para otras disposiciones o excepciones.

1. **Difteria-Tétanos-Tosferina/Tétanos-Difteria-Tosferina acelular (Tdap)**
   • Estudiantes que comenzaron la serie antes de los 7 años – Cinco dosis, con una después del cuarto cumpleaños, a menos que la cuarta dosis se haya recibido después del cuarto cumpleaños, en cuyo caso solo se requieren cuatro dosis.
   • Estudiantes que comenzaron la serie después de los 7 años – Tres dosis, con una después del cuarto cumpleaños. Una de las dosis debe ser Tdap.
   • Estudiantes en el grado 7 – una dosis de refuerzo de Tdap/Td si han pasado cinco años desde la dosis anterior.
   • Estudiantes en los grados 8–12 – una dosis de refuerzo de Tdap/Td si han pasado 10 años desde la última dosis.
2. **Poliomielitis: (K – 12.º grado)**
   • Cuatro dosis con una dosis en o después del cuarto cumpleaños.
   • Tres dosis cumplen con el requisito si la tercera dosis se aplica en o después del cuarto cumpleaños.
3. **Sarampión, paperas y rubéola (MMR)*:**
   • Dos dosis en o después del primer cumpleaños desde Pre-Kínder hasta el duodécimo grado.
   • Una dosis en o después del primer cumpleaños para estudiantes menores de 4 años.
   • Para estudiantes vacunados antes de 2009, una dosis de MMR y una dosis de sarampión después del primer cumpleaños cumplen con el requisito.
4. **Influenza Tipo B*: (Estudiantes hasta los 4 años)**
   • Tres dosis con una dosis en o después de los 12 meses de edad.
   • Dos dosis cumplen con el requisito si la primera dosis se administra entre los 12-14 meses de edad.
   • Una dosis cumple con el requisito si se administra entre los 15-59 meses de edad.
5. **Hepatitis B*:**
   • Tres dosis
   • Para estudiantes de 11-15 años, 2 dosis cumplen con el requisito si la vacuna de hepatitis B para adultos (Recombivax® 10 mcg/1.0mL) está claramente documentada.
6. **Varicela (Chicken pox):**
   • Dos dosis en o después del primer cumpleaños para todos los estudiantes que ingresan a Pre-Kínder hasta duodécimo grado.
   • El historial de enfermedad de varicela documentado por una declaración escrita del padre/tutor legal, médico o enfermera escolar es aceptable en lugar de cualquiera o todas las dosis requeridas de la vacuna contra la varicela.
7. **Neumocócica: (24 a 59 meses de edad)**
   • Tres dosis con una dosis en o después de los 12 meses de edad.
   • Dos dosis cumplen con el requisito si ambas se administran después de los 12 meses de edad.
   • Una dosis cumple con el requisito si se administra en o después de los 24 meses de edad.
8. **Hepatitis A*:**
   • Se requieren dos dosis para estudiantes que ingresan a Pre-Kínder hasta duodécimo grado con la primera dosis en o después del primer cumpleaños.
9. **Meningocócica: (7.º – 12.º grado)**
   • Se requiere una dosis de la vacuna meningocócica cuadrivalente en o después del 11.º cumpleaños del estudiante. Si se recibe la vacuna a los 10 años, esto cumple el requisito.
   • Refuerzo recomendado entre los 16 y 18 años.

• La confirmación serológica de inmunidad contra sarampión, paperas, rubéola, hepatitis B, hepatitis A o varicela es aceptable en lugar de la vacuna.

Vacunas recomendadas: (consulte con su médico)
• **VACUNA CONTRA EL VIRUS DEL PAPILOMA HUMANO**: Primera dosis a los 11-12 años. Serie de dos o tres dosis dependiendo de la edad al momento de la primera dosis. La vacuna puede administrarse hasta los 26 años.
• **VACUNA CONTRA LA INFLUENZA**: Vacunación anual para todos los niños de 6 meses de edad en adelante sin contraindicaciones o precauciones.
• **VACUNA MENINGOCÓCICA SEROTIPO** B: Serie de dos dosis entre los 16 y 23 años.

NOTA 1: Una inscripción provisional de 30 días está disponible solo para los siguientes grupos de estudiantes:
• Estudiantes que se transfieren de una escuela de Texas a otra escuela de Texas.
• Estudiantes que se definen como personas sin hogar según la Ley federal McKinney-Vento 42 U.S.C. Sección 111434a.
• Niños en cuidado temporal que se inscriben en una nueva escuela.
• Dependientes de militares en servicio activo que se inscriben en una nueva escuela.

NOTA 2: Un estudiante puede inscribirse provisionalmente si tiene un registro de vacunación que indique que ha recibido al menos una dosis de cada vacuna apropiada para su edad requerida por esta norma. Para permanecer inscrito, el estudiante debe completar las dosis subsiguientes requeridas de cada serie de vacunas según el calendario y tan rápidamente como sea médicamente factible, y proporcionar evidencia aceptable de vacunación a la escuela. Una enfermera o un administrador escolares deberá revisar el estado de vacunación del estudiante inscrito provisionalmente cada 30 días para asegurar el cumplimiento continuo en completar las dosis requeridas de vacunación. Si al final del período de 30 días el estudiante no ha recibido una dosis subsiguiente de vacuna, no cumple con los requisitos y la escuela deberá excluirlo de la asistencia hasta que se administre la dosis requerida.

NOTA 3: Se pueden conceder exenciones de los requisitos de vacunación por razones médicas o de conciencia. Se requiere una exención médica firmada por un médico cada año, a menos que el médico indique lo contrario. La exención por razones de conciencia debe presentarse mediante una declaración jurada proporcionada por el Departamento de Servicios de Salud del Estado de Texas. La exención por razones de conciencia se concede por dos años. Las exenciones no se reconocen en caso de epidemias. Los estudiantes deberán vacunarse o no asistir a la escuela si el Comisionado de Salud declara una epidemia.
