JUNE 2026

CALEXICO UNIFIED SCHOOL DISTRICT

As the 2025–2026 school year comes to a close, Calexico Unified School District's Community Schools Program celebrates a year of growth, collaboration, and student success. Across all 11 school sites, Community Schools continued expanding supports that promote academic achievement, student wellness, family engagement, and school connectedness. Through social-emotional learning programs, attendance initiatives, family workshops, and strong community partnerships, students and families were connected to valuable resources and opportunities for success.

This year, nearly 4,900 parents participated in engagement activities districtwide, and the Community Schools team was honored with the Parent Engagement Trailblazer Award from Family Leadership Inc. for its commitment to strengthening family-school partnerships. As CUSD looks ahead to the 2026–2027 school year, the district remains committed to ensuring every student feels supported, connected, and empowered to thrive.

HOLTVILLE UNIFIED SCHOOL DISTRICT

Holtville Unified School District's Community Learning Hub continues to serve as a valuable resource for families by connecting them with essential services and support throughout the summer. In partnership with the Imperial County Department of Social Services, the Hub provides assistance with social service programs, online school registration, and access to community resources that promote student success and family well-being.

Located next to Finley Elementary School, the Hub also hosts additional programs and outreach services, including mobile dental services and educational presentations, further strengthening support for students, families, and the Holtville community.
