Baldy View ROP
Career Training Center

Vision Statement

Baldy View ROP educates and equips students to excel by prioritizing applied knowledge, evolving technology, health and wellness.

Mission Statement

Baldy View ROP provides students with skills necessary for career readiness, lifelong learning, and overall well-being.

Core Values

Baldy View ROP is committed to student-centered educational excellence by:

- Providing empathetic and supportive environments
- Ensuring equity, inclusivity, and accessibility
- Engaging students, families, industry, and educational partners
- Demonstrating dignity and respect
- Serving with integrity, accountability, and transparency

Strategic Goals

1. Pursue new and innovative funding to provide resources and opportunities for students, staff, industry, and educational partners.
2. Leverage data to deliver and sustain student-centered education that attracts and retains highly qualified educators.
3. Create inclusive, equitable, engaging, and accessible learning to ensure the attainment of technical competencies and problem-solving skills for essential employability.
4. Strengthen and expand collaborative partnerships to provide work-based learning experiences and certifications that align with industry expectations.
5. Effectively articulate the benefits of CTE and promote programs to students, families, school counselors, and employers.

BALDY VIEW REGIONAL OCCUPATIONAL PROGRAM EXPECTED SCHOOLWIDE LEARNING RESULTS

**Upon successful completion of a
Career Technical Education program of study, students will:**

DEMONSTRATE CAREER AND COLLEGE SPECIFIC COMMUNICATION AND CRITICAL THINKING SKILLS

- Perform skills necessary to obtain employment and/or advance in the occupation
 - Apply English Language Arts, Mathematics, Science, and Social Science skills
 - Utilize appropriate professional terminology
 - Recognize, assess, work through, and solve problems

DEMONSTRATE RESPONSIBLE WORK ETHICS

- Apply appropriate workplace behavior and standards
 - Utilize time effectively and produce quality work
- Communicate and work effectively with diverse groups
 - Exhibit punctuality and consistent attendance

DEMONSTRATE CAREER/EMPLOYMENT LITERACY

- Identify, research, and prepare for career opportunities
- Exhibit appropriate employability skills including resume writing, job application completion, and interview etiquette

DEMONSTRATE EFFECTIVE USE OF TECHNOLOGY

- Identify and ethically apply appropriate 21st century technologies for career and college success

We provide relevant and rigorous technical education that prepares students for career and college.

To register, contact your career technician at your high school campus. Private school and out-of-district students please call (909) 947-3400.

Baldy View Regional Occupational Program, in compliance with the Civil Rights Legislation, hereby asserts that it does not discriminate on the basis of race, color, sex, sexual orientation, gender identity/expression, religion, national origin, ancestry, creed, age, marital status, genetic information, or physical characteristics, disability or need for special education services in admissions, access to, treatment of, or employment in educational programs or activities.

12 Essential Elements of High-Quality College and Career Pathway

To realize the *Guiding Policy Principles*, California recognizes the importance of creating the following student focused essential elements of a high-quality college and career pathway:

1. Student-Centered Delivery of Services
2. Equity
3. Access
4. Leadership at All Levels
5. High-quality, Integrated Curriculum and Instruction
6. Skilled Instruction and Educational Leadership, informed by Professional Learning
7. Career Exploration and Student Supports
8. Appropriate Use of Data and Continuous Improvement
9. Cross-System Alignment
10. Intentional Recruitment and Marketing (Promotion, Outreach, and Communication)
11. Sustained Investments and Funding through Mutual Agreements
12. Strong Partnerships with Industry

Contact Home High School Career Technician for information)	

Career Technical Education (CTE) provides students of all ages with the academic and technical skills, knowledge and training necessary to succeed in future careers and to become lifelong learners. In California, there are 15 recognized **Industry Sectors** and 58 **Career Pathways**.

***UNIVERSITY OF CALIFORNIA (UC) AND
CALIFORNIA STATE UNIVERSITY (CSU)
"A-G" APPROVED**

UCs and CSUs require entering freshman to complete certain approved courses in high school.

***INDUSTRY CERTIFICATIONS**

Certifications recognized by business and industry.

***COLLEGE CREDIT AGREEMENTS**

Some courses articulate with community colleges and offer students the opportunity to earn post secondary credit while attending high school.

CTE PATHWAY SEQUENCE

Passing the capstone course with a C- or better is required for pathway completion.

BVROP classes may not be repeated, unless failed. Students must progress to the next course.

INTRODUCTORY

Level 1

CONCENTRATOR

Level 2

CAPSTONE

Level 3

ENRICHMENT

Students may continue enrichment learning with some courses.

**COMMUNITY
CLASSROOM (CC)**

An unpaid on-the-job work-based learning experience; Students must be at least 16.

State Measure: College/Career Readiness

Career Technical Education courses support high schools with preparing students for success after graduation in the following ways:

PREPARED: Measure shows how well high school graduates are prepared for success.

Students must meet at least one of the criteria below:

College Credit Courses		Career Technical Education (CTE) Pathway		University of California (UC) and California State University (CSU) a-g requirements:
Two semesters of college coursework with a grade of C- or better in academic/CTE subjects where college credits are awarded*.	OR	Pathway completion with a grade of C- or better in the capstone course	OR	Complete a-g course requirements with a grade of C- or better
		AND		AND
		One semester of college coursework with a grade of C- or better in academic/CTE subjects where college credits are awarded for each course.*		One semester of college coursework with a grade of C- or better in academic/CTE subjects. Where college credits are awarded for each course.*
				OR
				Completion of CTE Pathway

Final Check

Did you earn credit for two semesters in one of our community college courses with a passing grade of C- or better?

Did you complete a career technical education pathway AND earn a C- or better in one semester of our community college courses*?

Did you pass one of our courses approved for A-G requirements with a grade of C- or better AND complete a career pathway OR pass one semester of a college credit course?

***Community Colleges may require a higher grade to earn college credits.**

Frequently Asked Questions

WHAT IS CAREER TECHNICAL EDUCATION?

Career Technical Education, or CTE, is a program of study that involves a multiyear sequence of courses that integrates core academic knowledge with technical and occupational knowledge to provide students with a pathway to post-secondary education and careers.

WHAT IS A CTE PATHWAY?

A CTE pathway is a sequence of two or more CTE courses within a student's area of career interest. Pathways are designed to connect high school classes to college, industry certifications, and/or a career. Students must complete a full pathway of at least 300 hours in order to receive pathway credits. Pathways may consist of introductory, concentrator, and capstone courses.

Introductory Course: A CTE beginning level course that contains introductory concepts required to build foundational and general knowledge.

Concentrator Course: A CTE course beyond the introductory level that is intended to provide more in-depth instruction and exploration of a specific industry sector.

Capstone Course: The final course in a planned sequence of courses that provides a rigorous and intensive culmination of a course of study.

WHAT IS COMMUNITY CLASSROOM?

Community Classroom is unpaid training at a job site. Training usually takes place during class hours. It is the responsibility of the student to secure transportation to and from the training site. Student must be at least 16 years old.

IS THERE A FEE FOR ROP CLASSES?

As of July 1, 2015, BVROP is no longer direct-funded by the State of California. BVROP is now funded by our member districts, as a service provider supporting their local control accountability plans (LCAPs).

Our agreement with our member districts for these funds provides that ROP/CTE services are reserved for students attending high schools, continuation high schools, and alternative high schools belonging to Chaffey JUHSD, Chino Valley USD, Claremont USD, and Upland USD.

All other, grade 9-12, students or school entities may access BVROP services by contacting Shavon Monterrosa, Senior Coordinator- Principal of Student Support, Equity & Access (shavon_monterrosa@bvro.org) to obtain the fee-for-service costs and registration protocol.

CAN I ENROLL IN MORE THAN ONE COURSE?

Yes. You can enroll in multiple courses as long as the class schedules do not conflict.

WILL I RECEIVE A CERTIFICATE?

Yes. You must earn a "C" or better at completion of your ROP class to receive a certificate.

CAN I RECEIVE COLLEGE CREDIT?

Yes! Many CTE courses at BVROP have agreements in place to offer students college credit through various community colleges. Students earn college credit by completing specific requirements set forth in each class. The number of college units vary by class. Please refer to the CTE Pathways page, College Credits Information page, or contact your home high school Career Technician for more detailed information.

IS THERE AN AGE REQUIREMENT?

Some classes have an age requirement. Courses which have requirements and/or prerequisites can be found under each course title.

CAN MY STUDENT ATTEND CLASS AT A DIFFERENT DISTRICT OR CAMPUS?

Yes, if the course is available after school, in the evening, or on the weekends. If the desired course is offered during regular school hours, student must receive prior approval from the administrator of the campus where the class is being offered. Contact Baldy View Regional Occupational Program for assistance at (909) 947-3400.

Cosmetology

In this 1,000-hour course, students learn hairstyling, cutting, coloring, chemical treatments, facials, nail care, and makeup, along with client safety and sanitation. With a focus on hygiene, anatomy, and industry regulations, the program prepares students for state licensing exams. Offered in partnership with SAROP, this hands-on training sets high school juniors and seniors up for success in the beauty industry.

Health Science and Medical Technology

PATHWAY 195

Mental and Behavioral Health

PATHWAY 195

Mental and Behavioral Health

Students will gain specific content knowledge and skills within the Mental and Behavioral Health pathway. Courses align to the basic knowledge levels necessary to learn and recognize word root, prefixes, and suffixes used in medical language, understand the prevention, wellness, and disease process. Students will understand how to create a supportive learning community, explore the states of the teenage brain, build relationships, and resolve conflicts using techniques and strategies of mindfulness, social emotional learning skills, restorative practices, and trauma-informed care.

Patient Care

PATHWAY 198C

Medical Assisting

Prepare for a hands-on career in healthcare! This pathway introduces students to patient care, medical terminology, and essential clinical skills. Through classroom instruction and real-world internships, students gain experience in vital signs, lab tests, EKGs, injections, and office administration. Graduates leave ready to pursue roles in medical offices, clinics, and other healthcare settings — with the knowledge and confidence to make a difference in patient care.

Manufacturing and Product Development

PATHWAY 216

Product Innovation and Design

The Manufacturing and Product Development sector provides a foundation for secondary students in California in manufacturing processes and systems, including graphic design production, machine tooling and forming, welding and materials joining, and product innovation and design. Students engage in an instructional program that integrates academic and technical preparation and focuses on career awareness, career exploration, and skill preparation in four pathways.
