Monticello High School Supply List 2026-27

Each student is unique, and we see many different ways students successfully organize their supplies. Please be aware that teachers may give specific supply expectations on the first day of school with a syllabus, so there may be more supplies needed than listed below.

As you search for school supplies, please keep the following ideas in mind:

1. Each class's notes and assignments should be separate from other classes. **Choose an organization system that works best for you**. We have seen students have success with accordion folders, "trapper keeper" binders, 3-ring binders with dividers, a 5 subject notebook with built in folders, or simply a notebook and folder for each class.
2. **Plan a way to keep track of pencils/pens, etc**. Many students choose to carry a small pencil pouch or designate a spot in their accordion folder or binder. Students cannot carry backpacks or over-the-shoulder pouches/purses, so plan another way that will help your student stay organized.

The Essentials

- **Pencils** (these are the **most needed** item for students and the most "forgotten" item in class)
- **Pens** (blue or black ink preferred)
- **Paper** for each class (notebooks or loose leaf binder with dividers)
- **Organizer**(s) for handouts/homework (see #1 above)
- Other optional but helpful supplies: highlighters, markers, colored pencils, glue stick, earbuds, pencil pouch

Homeroom Donation

Please supply the following to each student's homeroom teacher

- 2 boxes of tissues
- A pack of pencils

Other helpful donation ideas: ream of white, 8.5x11 printer paper, whiteboard markers, disinfectant wipes, hand sanitizer

Additional Supplies

These supplies are needed ONLY if enrolled in the classes listed:
