2. **RECOGNITION:** The Board recognizes the Association as the exclusive bargaining representative for all certified personnel employed by the Deer Creek Public Schools. Such representation shall exclude positions titled superintendent, principal, and such other positions which are supervisory in nature and carry the authority to evaluate certified personnel.

3. **SCOPE OF BARGAINING:** The Board and Association agree to participate in good faith negotiations with the duly designated representative of the Association on all items required by state statute (70-509.6) to be negotiated.

4. **STATUTES AND POLICIES:** The Board and Association shall abide by all applicable local board, state, and federal statutes, rules, and regulations.

9. **IMPASSE AT START OF SCHOOL YEAR:** If negotiations are not successfully concluded by the first day of school, a state of impasse shall exist. At any earlier time either party may declare that an impasse exists. No action in this article shall be construed as to prohibit the parties from continuing to negotiate a mutually acceptable agreement until the date of the first fact finding hearing.

10. **MEDIATION:** In the event the negotiating teams in the exercise of good faith, cannot reach agreement on items being negotiated, and it appears an impasse is imminent, a recess period of two (2) days shall be declared. Following the recess period either party shall have the right to declare an impasse and request the dispute be submitted to mediation. Upon such declaration, the parties shall mutually notify the Federal Mediation and Conciliation Services of the impasse and shall request mediation services.

11. **FACT-FINDING:** A procedure for resolving impasses will be developed by the board of education and the representatives of the organization. Said procedure shall include the actions set forth in this section and may include such other actions as are agreed to by both parties. Unless otherwise provided for by law, a day means calendar days. Time limits set forth herein may be extended by mutual agreement of the parties.

Upon the reaching of impasse, the items causing the impasse shall be referred to a three-member fact-finding committee. This committee shall consist of:

1. One member who shall be selected by the representatives of the organization within five (5) days after the reaching of impasse;
2. One member who shall be selected by the local board of education within five (5) days after the reaching of impasse; and
3. One member who shall serve as chairperson of the committee and shall be selected as follows:

a) The State Board of Education shall appoint as fact-finders not less than twenty nor more than thirty persons to be placed on the State Superintendent's list of fact-finders. The appointees must reside in Oklahoma, must be neutral and unbiased and must be knowledgeable in the fields of school operations, school finance, personnel management, dispute resolution and hearing procedures. The appointees shall not currently be elected public officers or employees of a board of education or officers or employees of an organization of education employees. No person who is related with the second degree by consanguinity or affinity to an elected public officer, to an employee of the local board of education that is involved in the impasse, or to an employee of an organization of education employees shall be eligible to serve as a fact-finder.

b) An appointee shall serve until such appointee resigns or is removed by the State Board of Education from the State Superintendent's list of fact-finders. An appointee must be removed immediately if he or she becomes an elected public officer or employee of a board of education or an officer or employee of an organization of education employees.

c) Within ten (10) days of being notified that a fact-finder is needed, the State Superintendent of Public Instruction or designee shall provide the names of five potential fact-finders selected at random from the list of appointees who are available to serve as a member and the chairperson of the committee. The parties shall select the fact-finder from the five names with fifteen (15) days after receiving the list of fact-finders.

d) It shall be the responsibility of the State Board of Education to establish rules, regulations, training, hearing procedures, and payment schedules to implement the provisions of this paragraph.

B. Within five (5) days after the selection of the chairperson, the representatives who have been negotiating for the board and for the organization shall meet to exchange written language on each item at impasse. The exchanged documents shall also be furnished by each party to the chairperson and other members of the committee.

C. The chairperson shall convene the committee for fact finding. This committee shall meet with the representatives of both parties. Within twenty (20) days after the chairperson is selected, the committee shall present written recommendations to the local board and to the organization.

D. If either party decides it must reject one or more of the committee's recommendations, said party must, within seven (7) days after the committee has presented its recommendations, request a meeting of the representatives who have been negotiating for the board and for the organization. The parties shall meet within seven (7) days of the request, unless both parties deem it unnecessary. At such meeting, the representatives shall exchange written statements expressing each party's rationale for rejecting each recommendation found unacceptable and shall attempt to clarify any remaining differences. The representatives shall then resume good faith effort to resolve the remaining differences; provided, after fourteen (14) days after the exchange of the written statements, either party may discontinue such effort.

E. The local board shall file a copy of the fact-finding report with the office of the State Superintendent of Public Instruction. If the effort to resolve differences is successful, the parties shall draft a written agreement and present the agreement to both parties for ratification, and such agreement shall also be forwarded to the State Superintendent of Public Instruction. If the effort to resolve differences is unsuccessful, the local board of education shall forward to the

State Superintendent of Public Instruction in writing its final disposition of the negotiations impasse process within thirty (30) days of the effective date of implementation. (70-509.7) *Note: Amended by HB 1982, Sec. 2, of the 1994 Reg. Sess.*

12. **DURATION:** This agreement shall become effective upon ratification by both parties and upon signing by the President of the Board and the President of the Association. It shall continue in effect until either party shall notify the other in writing of the intent to renegotiate any or all of its provisions, provided that, without the mutual consent of the two parties, no such renegotiations of this agreement shall be conducted while negotiations of the master contract are in progress.

ARTICLE 11: SCHOOL PATRON COMPLAINT PROCEDURE

In the event of a question or complaint by a school patron involving current and ongoing teaching issues with respect to such patron's student and any teacher employed by the District, the patron shall first contact the teacher involved as a step toward resolving an actual or a potential problem. If this initial contact proves unsatisfactory, the patron should then contact the teacher's building principal. The principal shall give careful consideration to the question or complaint and may conduct his/her own investigation to determine the facts of the issue in dispute. The principal shall render professional assistance in attempting to resolve the actual or potential problem.

- A. When an administrator receives or has a complaint about a teacher which the administrator deems to be valid the following procedures will be followed except in those instances where the seriousness of the situation requires immediate attention. Anonymous complaints will not be addressed without substantive proof of alleged concern.
 1. Inform/confer with the affected teacher within five (5) working days.
 2. Investigate the complaint, allowing the affected teacher the opportunity to provide information regarding the complaint.
 3. Notify the affected teacher of the findings. If the administrator believes that the findings may lead to disciplinary action, then the Right to Representation Section shall be followed.

B. Any complaint not brought to the teacher's attention within the established timeline may not be used in subsequent recorded disciplinary action or on a teacher's evaluation.

Documentation of these steps will be outlined in writing on the Resolution Form for Patron Concerns if contact with the principal is unsatisfactory. The patron should next contact the District superintendent, who shall also carefully consider the matter, review the completed Resolution Form, conduct any necessary investigation, and render a decision.

When presented with a question or complaint involving current and ongoing teaching issues with respect to a patron's student and a teacher employed by the District, the Superintendent shall first ascertain if the school patron has followed the established procedure. If the Superintendent determines that proper procedure has not been followed, the Superintendent shall direct the patron to follow such procedure.

In any investigation conducted by the building principal, or the Superintendent, great care shall be taken to ensure protection of the teacher's rights to due process. Every attempt shall be made to obtain the facts from the teacher's point of view, as well as from the point of view of the school patron.

The Superintendent shall take the necessary steps to communicate the procedure outlined in this article to school patrons.

As a last resort and only after the steps outlined have been followed, the patron has the right to appeal the decision of the Superintendent to the Board of Education. The completed Resolution Form shall be provided to the Board for the appeal process. *Refer to School Patron Complaint Procedure Policy GBMA for Parent Concern Form.*

25-26

ARTICLE 12: TEACHER EVALUATION

Within three weeks of the first teacher working day, the building principal or immediate supervisor shall orient all teachers under his/her supervision with the evaluation procedures, standards, and instruments, and advise all teachers of the person(s) who will evaluate their performance. This orientation may occur in a group presentation or by individual conference. The purpose of the orientation is to encourage the mutual understanding of the evaluation

system and the identification of goals and objectives for professional growth. No evaluation shall take place until such orientation has been completed.

A significant part of the teacher evaluation shall be based upon the evaluator's direct observation of the teacher's performance in the classroom or workstation for a period of at least thirty (30) consecutive minutes.

Each school year, probationary teachers will undergo two evaluations, one per semester. Career teachers shall be evaluated once per year prior to May 1st.

Teachers seeking to transfer career status earned in another school district must provide their most recent final evaluation to their site principal at the beginning of the school year. The principal will verify years of service and review the evaluation. A teacher with a confirmed career status transfer will receive at least one formal observation and a midpoint evaluation during the fall semester. If the transferred career teacher earns a rating of "highly effective" or "superior" (3.8 or higher) on the midpoint evaluation, the principal may exempt the teacher from an additional formal observation during the spring semester. A final evaluation will be conducted at the end of the school year and will include the fall formal observation and all walk-throughs.

Teachers on career status who achieve a "highly effective" or "superior" rating (score of 3.8 or higher) on their end-of-year evaluation may be exempt from the formal evaluation process for the following three (3) contract years.

All teachers will continue with professional growth goal(s), and principals will be doing walk-throughs in all classrooms which will count towards formal evaluation unless the teacher is in exempt status for the entire school year.

PRE-OBSERVATION

The initial observation shall be preceded by a pre-observation conference between the teacher and the evaluator. Teachers will be notified of formal observations by the evaluator specifying a five (5) school day time frame within which an observation may be conducted.

FORMAL OBSERVATION

Probationary teachers shall be formally observed at least one time in the first semester and one time in the second semester. Career teachers shall be formally observed a minimum of one time prior to May 1st. Classroom observations or monitoring shall be conducted openly with the full knowledge of the teacher for the purpose of improving professional performance and as a means of assuring the use of the most competent educational techniques. The use of eavesdropping, closed circuit television, public address or audio systems, and similar devices are not conducive to the intent of the evaluation programs and will not be used unless specifically requested by the teacher.

A copy of the observation form shall be furnished to the teacher no later than (10) ten days after the day that the observation is completed. The teacher shall be afforded the right to discuss the contents of the observation form as well as any other notes taken during the observation period.

EVALUATION

Probationary teachers and transferring career teachers will be evaluated twice each year. The first evaluation conference will be held prior to the end of the first semester. The second evaluation conference will be held prior to May 10th. Non-transferring career teachers will be evaluated once each year prior to May 10th.

At each of the evaluation conferences, information used in making the evaluation will be discussed including the observation forms. Goals and objectives may be developed during the evaluation conference to further enhance the teacher's professional performance. The teacher shall continue to work toward fulfilling the identified goals throughout the remainder of the year. A conference will be held with each teacher prior to the end of the year to review success. The teachers and the evaluator shall each receive a true copy of the evaluation signed by both parties. The teacher's signature shall not necessarily indicate agreement with any or all parts of the evaluation, but rather awareness of the content.

If the teacher feels his/her written evaluation is incomplete, inaccurate, or unjust, he/she may put his/her objections in writing on the back of the written evaluation or may attach a separate sheet to the evaluation to be placed in his/her personnel file.

If a rating of Not Using or Beginning is noted in one element of the formal summative evaluation, a teacher will receive feedback from the principal or immediate supervisor. In addition, the teacher and principal will have an opportunity for discussion and may work together to devise a written plan for growth. A reasonable time for growth, which will not exceed two (2) months, will be given to the teacher.

If an overall rating of Ineffective or Needs Improvement (2.79 or below) is noted on the summative evaluation, the principal or immediate supervisor and the teacher will work together to devise a written plan for growth. A probationary teacher receiving less than an overall rating of Effective (2.8) on the final summative evaluation will remain on probationary status for the following year regardless of years of service. A career teacher receiving an overall rating less than Effective (2.8) on the final summative evaluation will return to probationary status for the following year.

Whenever the supervisor determines that cause(s) or statutory grounds exist(s) for the dismissal or non-reemployment of a teacher, he/she shall submit a recommendation in writing to the superintendent of the school district for dismissal or non-reemployment of the teacher.

26-27

ARTICLE 13: RIGHT TO REPRESENTATION

When a teacher is involved in a conference with the superintendent, principal, or immediate supervisor which may concern personnel action, the teacher shall have the right to have a representation present at the conference. The teacher or administrator may stop said conference at any point to obtain representation.

Prior to any disciplinary conference, the administrator shall notify the teacher via a paper or digital document:

1. Give at least twenty-four (24) hours' notice of the scheduled disciplinary conference(s) except in those instances where, in the judgment of the administrator, the seriousness of the situation requires immediate attention.
2. Teachers will not be given notice of a disciplinary conference within the last hour of the day on the last working day of the week.
3. Inform the teacher of the nature of the subject to be discussed.
4. Inform the teacher of his/her right to representation.

23-24

ARTICLE 14: FAIR DISMISSAL

Dismissal or non-reemployment of teachers shall be done in conformance with current Oklahoma law pursuant to Teacher Due Process Act of 1990, OKLA. STAT. tit. 70, Section 6-101.20 et seq.

For all continuing contract teachers, prior to the first Monday in June of each school year, the building principal or immediate supervisor shall make a written recommendation for any teacher that he/she recommends for non-reemployment. Additionally, the building principal or immediate supervisor will notify the teacher that a recommendation for non-reemployment is being made to the Superintendent. The teacher's complete personnel file including all written evaluations and written responses shall be presented to the Board at the meeting in which the Board will consider renewal, non-renewal, or consider dismissal of the teacher's contract.

Dismissal or non-renewal of probationary teacher shall be for cause and preceded by:

1. The faithful execution of an evaluation procedure.
2. A conference with the teacher by the appropriate administrator prior to dismissal or non-renewal.

Career teachers may be dismissed for statutory reasons as defined in state school law. These administrative procedures shall not infringe on the Board's statutory rights to act on their own volition.

12-13

ARTICLE 15: SUSPENSION OF TEACHERS

Whenever the superintendent of a school district has reason to believe that cause exists for the dismissal of a teacher and is of the opinion that the immediate suspension of the teacher would be in the best interests of the children in the district, the superintendent or the local board of education upon receiving recommendation for suspension from the superintendent may suspend the teacher without notice or hearing. However, the suspension shall not deprive the teacher of any compensation or other benefits to which otherwise entitled. Within ten (10) days-time after such suspension becomes effective; the local board of education shall either initiate a hearing for dismissal pursuant to law or reinstate the teacher.

However, in a case involving a criminal charge or indictment, such suspension may extend to such time as the teacher's case is finally adjudicated at trial. Provided, however, such extension shall not include any appeal process.

ARTICLE 16: TEACHER RESIGNATION

Any employee who wishes to resign or to retire from employment with the District must do so in writing submitted to the Superintendent, or to their designee. The Superintendent/designee may accept notice of resignation submitted by electronic mail or other electronic means. Except as otherwise provided, such resignation or retirement shall be effective and may not be revoked when submitted to and accepted by the Superintendent/designee unless otherwise determined by the Board. In accordance with Oklahoma law, a teacher on a continuing contract shall be required to give notice of resignation or retirement by the date required by law or the teacher will be bound to perform pursuant to the contract.

Teachers wishing to transfer to another district in Oklahoma shall have until 15 days after the first Monday in June of each year to resign from the District for the next school year. Resignations tendered after that date shall be subject to the Board's willingness to accept, except as otherwise indicated in the Agreement.

22-23

ARTICLE 17: NOTIFICATION OF ASSIGNMENT

All teachers shall be notified in writing based on current enrollment prior to June 1st of each school year of their assignment for the next school year. In the event that reassignment is made after June 1st, a conference will be held to discuss this reassignment. This conference will be held as soon as possible after the reassignment except where this is not allowed due to enrollment or extenuating circumstances.

23-24

ARTICLE 18: POSTING OF VACANT POSITIONS

Notice of all vacant and newly created position shall be placed on the district website under the employment tab by the Superintendent's designee for a minimum of five (5) consecutive days. The superintendent's office shall make a job description for new jobs available upon request. The posting of vacant positions will include the building site name. Consideration will be given to current employees who apply for vacant positions; however, the District shall reserve the right to employ the person who is most qualified for the position.

22-23

ARTICLE 19: BOARD SOLICITATION OF TEACHER INPUT

The Board encourages employees' participation in the decision-making process for the district. The ideas and opinions of the teachers shall be considered before final action is taken. The superintendent is authorized to establish an Advisory Meeting where employees are invited to participate, discuss, and communicate policies, decisions and regulations for proper functioning of the district.

22-23

ARTICLE 20: SCHOOL CALENDAR

The Superintendent or superintendent designee will provide calendar options for review and vote by administrators and teachers prior to Board approval.

22-23

ARTICLE 21: DAILY PLANNING PERIOD

The planning period is part of the teacher's contracted day. Each teacher will have a minimum plan time of one (1) class period each day with a minimum of 45 minutes if there is no defined class period for preparation within the student day, and/or conferences with one block of no less than thirty (30) consecutive minutes. Late Start does not constitute part of plan time total. Plan periods are not guaranteed on a daily basis but will be scheduled four out of every five days.

This period will be free from all duties, including but not limited to playground, hall, lunchroom, or study hall.

Every effort will be made to give the teacher 24 hours' notice of Administrative meetings, Professional Development, Program Enhancement, or Curriculum Alignment that will use part of their daily planning period. Plan periods shall not be used for travel or passing time.

26-27

ARTICLE 22: CLASSROOM INTERRUPTIONS

A classroom interruption is defined as any outside activity which interferes with the continuous learning process. In the interest of effective education, classroom interruptions will be kept to a minimum.

Daily announcements over the school public address system will be limited to no more than 10 minutes at times designated by the building principal.

13-14

ARTICLE 26: GRIEVANCE PROCEDURE DEFINITIONS:

Grievant: A Grievant shall mean a teacher/association filing a grievance contending that his/her/or their contractual rights have been violated.

Grievance: A grievance shall mean a claim by a grievant that a dispute or disagreement of any kind exist involving interpretation or application of the terms of this contract.

A grievance filed by more than one (1) teacher may be combined into one (1) grievance, provided that relief sought is the same.

Purpose: To secure at the lowest possible level, equitable solutions to problems which may arise, related to interpretation or application of specific articles of this agreement. Both parties agree that these proceedings shall be kept confidential.

Representation: Persons present at all meetings will be the grievant, and if the grievant so desires, a representative of the grievant's choosing and /or witnesses and the immediate supervisor, and if the immediate supervisor so desires, a person of the immediate supervisor's own choosing and or witnesses.

The Association may be a grievant under this procedure on those items that deal directly with the Association as an organization. Such grievant shall be filed at Step II.

PROCEDURE: It is most desirable for a teacher and his/her principal to resolve problems through free and informal communications. However, should such informal processes fail to satisfy the teacher then a grievance may be processed as follows:

INFORMAL: The informal communication shall be held within twenty (20) school days of the alleged violation to the negotiated agreement. The teacher shall inform the principal of the article of the negotiated agreement that was violated.

STEP I - The grievance is presented to the principal in writing on the approved grievance form attached to this agreement. The form shall be filed with the principal within six (6) school days after the informal conference has occurred. The principal shall meet with the teacher within six (6) school days after receiving the grievance. Within three (3) school days after the meeting, the teacher shall be given a written decision on the grievance. This decision shall be written on the approved grievance form attached to this agreement. The grievant may have a representative present at the meeting with the principal.

STEP II - If the teacher is not satisfied with the disposition of the grievance at Step I or if no decision has been rendered within the time frame outlined in Step I, the grievance may be appealed in writing to the Superintendent of Schools. Within five (5) school days after receiving the grievance the Superintendent shall meet with the grievant, a representative, and/or witnesses, if requested by the grievant, and the principal. The Superintendent shall have three (3) school days to respond in writing.

STEP III - If the teacher is not satisfied at Step II or if no decision has been rendered within the time frame outlined in Step II, the Superintendent shall place the grievance on the agenda at the next Board Meeting. The grievant and/or his representative and/or witnesses and the Superintendent and/or his representative and/or witnesses shall be afforded the opportunity to present information regarding the grievance before the Board. The order of presentation of this Level III hearing shall be as follows: opening statements; presentation of documentary evidence; calling of witnesses; questioning of witnesses; cross-examination of witnesses and redirect; and closing statements by both the grievant and/or representative and Superintendent and/or representative. Either party involved may waive any part(s) of its presentation. The Board shall render a decision and reason(s) to the grievant, the superintendent, and the Association.

No Reprisals: No reprisals shall be taken against any teacher or administrator because of his/her participation in this grievance procedure.

The Association may form a grievance committee. The committee shall serve to screen potential grievances. If the committee deems that the grievant does have a legitimate grievance, then the committee may recommend to the grievant that he/she request an informal hearing with the principal(s) involved to discuss the matter. This committee does not preclude a teacher from filing a grievance without first working through the Association's grievance.

ARTICLE 27: TEACHER-INITIATED TRANSFERS

A teacher seeking a transfer to a different building may apply for any posted vacancy through the district's application portal.

25-26

ARTICLE 28: ADMINISTRATIVE-DIRECTED TRANSFER

Should it become necessary to fill a vacancy with currently employed certified staff members, the supervisor will first request volunteers for the effected grade/subject area. Following this request, the district administrators shall consider seniority when individual qualifications are equal. Such qualifications shall include program needs, student needs, certification, educational training, and school related special skills. The District reserves the right to employ the person who is most qualified for the position. Teachers not granted transfers shall be notified.

11-12

ARTICLE 29: SICK LEAVE

On the first day of the contract year each certified employee shall be credited with ten days' sick leave. These days may be used when it is necessary for a teacher to be absent from his or her duties due to personal accidental injury, illness, pregnancy (see end of article), adoption, or accidental injury or illness in the immediate family without loss of salary. Unused sick leave shall be cumulative up to a total of one hundred eighty (180) days. If an employee has reached 180 days at the end of a fiscal year, the employee will be granted the amount of sick leave per their contract for the next ensuing fiscal year to use during that fiscal year.

If after exhausting all sick leave, an employee is absent from his/her duties due to personal accidental injury, illness or pregnancy, the employee shall receive the full contract salary less the amount actually paid a substitute teacher for his/her position for an additional period of twenty (20) days. A doctor's note may be required.

After the twenty (20) additional sick leave days are exhausted, the teacher shall be on sick leave without pay. Salary deductions after sick leave days are exhausted shall be according to the daily rate of pay.

Any teacher utilizing a sick day will notify the site supervisor (or someone otherwise as directed by the supervisor) at least 1 ½ hours prior to the start of the employee's work day except in cases of emergency. It is also the employee's responsibility to leave lesson plans and/or instructions for the substitute prior to the beginning of classes.

For teachers employed less than one school year, accumulated sick and personal leave may be used for maternity reasons immediately following the birth or adoption of a newborn not to exceed six weeks unless medical documentation is provided.

Pursuant to Oklahoma State Law, female employees who have been employed with Deer Creek Schools for at least one (1) year and have worked 1,250 hours during the previous 12 months are eligible for up to six (6) weeks of paid state approved maternity leave. The six (6) weeks of paid state approved maternity leave begins immediately following the birth of the child and runs consecutively without interruption, regardless of school breaks.

Immediately after the six (6) weeks of paid state approved maternity leave the employee may use their accrued and eligible sick and/or personal leave as needed for up to six (6) weeks of the remaining period of the employee's eligible FMLA. Usage of the six (6) weeks of paid state approved maternity leave in addition to the usage of any employee accrued eligible sick and/or personal leave will run concurrently with FMLA, in accordance with Federal guidelines.

An employee seeking to use sick leave to extend the duration of their maternity leave shall notify their employer in accordance with the Family and Medical Leave Act of 1993 (FMLA). FMLA leave shall run concurrently with the paid sick leave extended duration.

A teacher will be expected to have a minimum of six (6) weeks up to twelve (12) weeks of lesson plans prepared for the substitute and turned into their supervisor at least two (2) weeks prior to going on maternity leave. In the case of an emergency birth that occurs prior to two (2) weeks of the expected due date, Workload Coverage Compensation will be enacted.

The district may request medical documentation for any sick leave absences if abuse of leave is suspected. Any employee abusing sick leave policy will be subject to disciplinary action which may include dismissal.

During the time an employee is out of school and using State or District Leave, the employee may not work or receive additional compensation for work or licensing during that leave.

Workload Coverage Compensation: If a teacher gives up their plan time to perform duties of an absent teacher (lesson planning, grading assignments, entering grades, etc) as determined by the site principal, the teacher will be compensated not to exceed \$25 for each plan time. The site principal will meet with the teacher to determine the amount of time necessary for the task.

25-26

ARTICLE 30: RETIREE COMPENSATION FOR ACCUMULATED SICK LEAVE

All employees retiring shall be compensated for unused sick leave accumulated while employed by the district.

1. Only sick leave days accumulated while employed by the district may be used in the formula.
2. Because the Oklahoma Teacher's Retirement grants an additional year of service for 120 days, the district will only pay for accumulated sick days over 120 days, but no more than 180 days.
3. The employee will be compensated per day at the same rate as the current certified substitute daily rate of pay.

07-08

Personal leave may be accumulated up to a total of ten (10) school days. No teacher may take more than five (5) school days of personal leave during any school year unless the employee has been with the Deer Creek School District for ten (10) or more years. If an employee has been with the school district ten (10) or more years, the employee may use up to ten (10) personal leave days within a given year but only five (5) of those days can be used consecutively. 97-98

ARTICLE 43: REDUCTION IN FORCE

Criteria for Eliminating Positions

The primary stand in implementing any reduction in force shall be the maintenance of a sound and balanced educational program that is consistent with the functions and responsibilities of the District. In deciding which positions to eliminate, the superintendent and the board will consider the curriculum, instructional focus and the multi-dimensional needs of students. Natural attrition will always be used as the first means of reducing the certified workforce.

- A. When the decision is made to reduce staff, the Board may exclude positions to guarantee meeting the needs of the students and the needs of programs of the district.

- B. Prior to making a recommendation to the Board related to sections A above, the administration shall meet with the Association to discuss the proposed recommendations for excluded positions.

Once a determination has been made as to which positions should be eliminated, then the basis that will be used in determining which teachers to retain in the in the affected position(s) will be the composite evaluation rating of the teachers holding such positions as measured by the District's Teacher and Leader Effectiveness System (TLE) for each year in which the TLE has been in effect. If the composite ratings of the teachers in the affected positions are the same, then the following, **in this order**, shall be considered:

1. Seniority in the district established from the first reporting date to work, with continuous service from that date.
2. Total years of teaching service.
3. Level of preparation in certificated area of teaching (following a high to low priority order of: major endorsement on standard certificate, minor endorsement on provisional.
4. certificate and number of college credit hours in the area of teaching assignment as evidenced by position on the teacher salary schedule.)
5. A lot drawing by the District in the presence of an authorized representative of the Association.

Bumping Rights

Only those teachers who have an average three-year ranking of "effective" or above will be given bumping rights. If three years of rankings are not available, the district will use an average of available years. In order to bump, a teacher must be certified in the position they seek to move into and must meet all state and federal requirements necessary to hold that position.

In the event a teacher eliminated through RIF is certified to hold a position other than the one being eliminated, said teacher may bump another teacher in that position, as long as the teacher has seniority over that person and has an average composite ranking score that is greater than the other teacher.

If the composite rating of the teachers in the affected positions is the same then the following, **in this order**, shall control bumping:

1. Seniority in the district established from the first reporting date to work, with continuous service from that date.
2. Total years of teaching service.
3. Level of preparation in certificated area of teaching (following a high to low priority order of: major endorsement on standard certificate, minor endorsement on provisional certificate and number of college credit hours in the area of teaching assignment as evidenced by position on the teacher salary schedule.)
4. A lot drawing by the District in the presence of an authorized representative of the Association.

Recall

Teachers who are released because of a reduction in force, and who have maintained an overall rating of at least effective on the TLE from the previous year, will have priority for one year after the termination date in filling vacancies and new positions for which they are qualified. Throughout the first year after reduction in force, terminated teachers who have maintained an overall rating of at least effective on the TLE from the previous year will be placed on a recall list.

Teachers on this recall list will be notified by certified mail of position vacancies for which they have priority. Teachers qualified for a vacancy by certification, experience, and/or continuing education equivalent shall be recalled by seniority. The teacher so notified must accept the position in writing on or before ten (10) calendar days from the date the notice was mailed to the teacher or they forfeit the position and their name is permanently removed from the recall list.

It shall be the teacher's responsibility to see that the district has his/her current address on file and the address retained on the district's records shall be the address utilized for recall purposes. A teacher who is recalled will be given credit for all previous teaching experience approved by the State Department of Education. Only teachers recalled from the recall list shall be reinstated to career status, if any, and seniority possessed by the recalled teacher on the date such teacher's termination as a result of reduction in force became effective.
