

NEWBURYPORT HIGH SCHOOL

MILITARY & COLLEGE RECRUITERS OPT OUT FORM

Information regarding the Consent or Denial of Consent For Release of Student Information to Military Recruiters or College/University Recruiters

Under the federal “No Child Left Behind” Act, public high schools must give the names, addresses and telephone numbers of students to the U.S. Military and college/university recruiters if the recruiters request the information. However, students or their parents have the right to inform the school that this information is not to be released to either the military or colleges or both.

By checking off the following in Newburyport’s Family Connection online form you are informing Newburyport Public Schools that you **do not consent** to the release of this information to military recruiters and/or College or University Recruiters:

- ☐ **I DO NOT** give permission for my student’s contact information to be released to Military Recruiters
- ☐ **I DO NOT** give permission for my student’s contact information to be released to College/University Recruiters.

If you **do** consent to the release of this information, no action is required. This information will be kept on file for the student’s high school career at Newburyport High School. If you need to change the decision below throughout the student’s time at NHS, please notify student support services.

****Students have the right to request that their contact information not be released to recruiters. Parents can override a child’s decision by notifying the school in writing, only if the student is under 18. We encourage parents and students to discuss this information.*
