

Middle School Immunization Alert

All incoming 7th Grade students and students new to the district are required to have their immunizations up to date or have a current immunization waiver on file. An annual audit is done through the Oakland County Health Division (OCHD), in which we must provide proper documentation for each student. This audit is performed in October and requires schools to exclude any child who has not met the guidelines by the cutoff date. You will be notified at the beginning of October if your child falls into this category. Please be sure to leave ample time to schedule these appointments.

Due to changes from the Michigan Department of Community Health, waivers can no longer be obtained from the school. OCHD will provide education for Oakland County residents and/or students attending Oakland County schools at no cost, but appointments are required. The 30-minute education session will include information on the risks of not receiving vaccines and the benefits of vaccination to the individual and the community. This will allow parents to make an educated, informed choice for their child. For more information on obtaining a waiver or to make an appointment, please go to www.oakgov.com/health or call (800) 848-5533. Appointments are limited and scheduled on a first-come, first-served basis.
