65+ OR DISABLED VOTERS

If you qualify for an age 65+ or disabled person residence homestead exemption, the school district taxes on your residence homestead cannot increase above your approved tax ceiling—as long as you own and live in the home and do not make any improvements/additions. The tax ceiling is the amount you paid in the year you qualified for the exemption. While your school district taxes may decrease, they cannot increase above your tax ceiling.

You must apply for this exemption via the Dallas Central Appraisal District online or at 214-631-0910 if you have NOT already done so.
