I watched the fire that grew so low - It is the summer of my smiles - flee from me keepers of the gloom - Speak to me only with your eyes - It is to you I give this tune - It isn't hard to recognize - these things are clear to all from time to time - Talk talk - I felt the coldness of my winter - I never thought it would ever go - I cursed the gloom that set upon us - But I know that I love you so - But I know that I love you so - These are the seasons of emotion - And like the winds they rise and fall - This is the wonder of devotion - I see the torch we all must hold - This is the mystery of the quotient - Upon us all a little rain must fall —— You got my heart - You got my soul - You got the silver - You got the gold - You got the diamonds from the mine - Well that's all right - I'll buy some time - Tell me honey - What will I do - When I'm hungry and thirsty too - Feeling foolish and that's for sure - Just waiting here at your kitchen door —— All I want is ecstasy - But I ain't getting much - Just getting off on misery - It seems I've lost my touch —— Talkin' 'bout the midnight rambler - Everybody got to go - Talkin' 'bout the midnight gambler - Did you see me jump the garden wall? —— I was born in a crossfire hurricane - And I howled at my ma in the driving rain - Well it's all right now - In fact it's a gas - Well it's all right - I'm jumpin' Jack flash it's a gas gas gas —— Yes I am nitty gritty and my shirt's all torn - But I would love to spill the beans with you till dawn - Gimme little drink from your loving cup —— Yeah we all need someone we can dream on - And if you want it baby - Well you can dream on me —— When I search a faceless crowd - A swirling mass of grey and black and white - They don't look real to me - In fact they look so strange —— Hey! You! Get off of my cloud —— Everywhere I hear the sound of marching charging feet boys - 'Cause summer's here and time is right for fighting in the street boys —— Many times I've lied - Many times I've listened - Many times I've wondered how much there is to know - Many dreams come true - And some have silver linings - I live for my dream and a pocketful of gold - Mellow is the man who know's what he's been missing - Many many men can't see the open road - Many is a word that only leaves you guessing - Guessing 'bout a thing you really ought to know —— Can't seem to get a light on you - My sweet honey love —— Oh I'm just living to be lying by your side - But I'm just about a moonlight mile on down the road —— All from the Rolling Stones and Led Zeppelin.

I find it impossible
even to think-
there are so many
images,
snapshots of the summer,
floating, whirling madly
through my head,
taking up the space
in front of my eyes.
It is all too present
despite the time
that has elapsed.

The love, swirling
like the smoke of
our incense
between the walls
of our beautiful
green shack.
All of us sitting around
listening to the sounds
of crickets or of
the rain leaking in
or of the lake
lapping at our doorstep.

The only light, emanating
from our candles
and our eyes.
The conversation drifts
from war to camp
to Dave the really nice elephant
to love to life.
We conjure images
of voids and squares
and tiger lilies.
Everything is beautiful
through the haze of incense...

So often, my poetry's simple intent
of conveying a thought shall fade,
for alas,
The grammar is muddled and twisted,
and bent
around rhythm and rhyme
that it so comes to pass
that the meaning flies away
like a frightened bird
on a stormy day,
for it is lost in the words!

What shall I do,
that I am now free?
The Doors of the World
lay open to me
Where shall I go,
and what shall I see?
Whom shall I meet,
and what shall I be?"
I recently asked of myself,
and lo,
I got in reply,
"You already know;
Pick up and follow your heart,
and go."

That is to say, she recreated the mountains not as she had originally seen them but as she eventually chose to see them, for a person has not only perceptions but a will to perceive, not only a capacity to observe the world but a capacity to alter his or her observation of it--which, in the end, is the capacity to alter the world, itself.

The planets are happy, and so are we.
The clouds are still sad.

The rain and the clouds sometimes tell jokes,
to each other of course.
I seldom laugh. The rain cannot tell jokes
well, and the clouds are always crying.

Sometimes we sing to the planets...
they offer us advice about things"

planets cannot be trusted, so we are polite

can no longer hear us.

So, so you think you can tell Heaven from Hell, blue skies from pain.
Can you tell a green field from a cold steel rail? A smile from a veil?
Do you think you can tell?
And did they get you to trade your heroes for ghosts?
Hot ashes for trees?
Hot air for a cool breeze?
Cold comfort for change?
And did you exchange a walk on part in the war for a lead role in a cage?
How I wish, how I wish you were here.
We're just two lost souls swimming in a fish bowl, year after year,
Running over the same old ground. What have we found? The same old fears.
Wish you were here.

"Man often becomes what he believes himself to be. If I keep on saying to myself that I cannot do a certain thing I may end by really becoming incapable of doing it.
