Class of

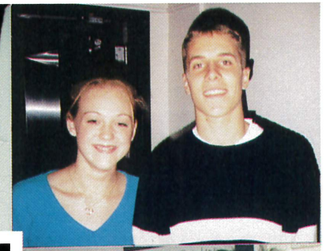

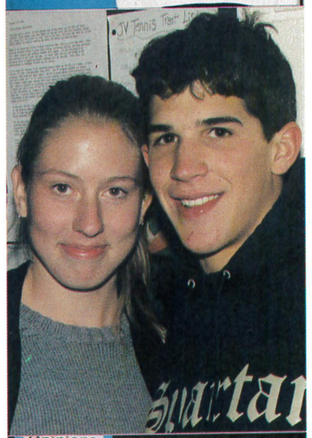

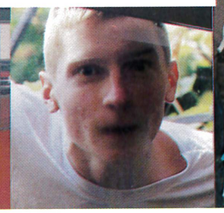

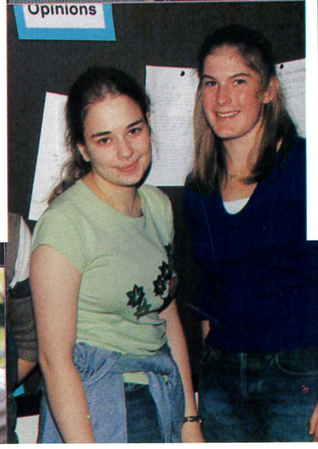

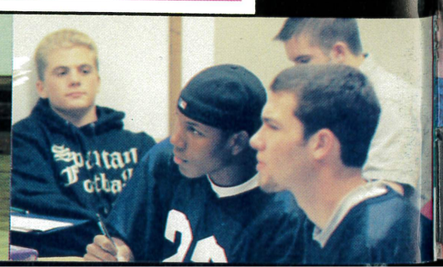

Years Gone By

At the Davern parking lot, Mrs. Stockdale's eighth grade advisory takes advantage of Minnesota's unusually warm autumn weather.

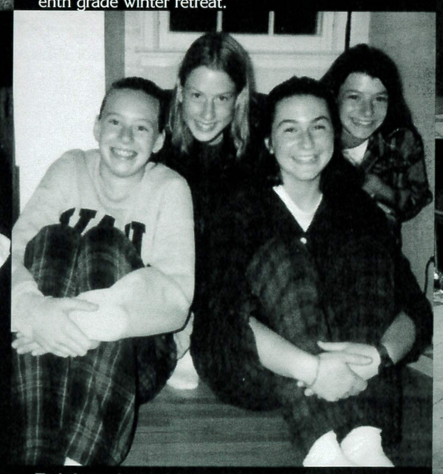

Seven year olds **Morgen Trobiani** and **Ellen Schaal** play on the new playground at the Lower School.

Seventh graders **Sam Tourek** and **Dito Castellanos** take shelter from the record breaking 60 degree below weather at Camp Widji on the seventh grade winter retreat.

Between classes in Upper North, **Vanessa**, **Courtney** and **Haydn** socialize while getting their books.

Eighth graders celebrate **Elizabeth Pabst's** 14th birthday on Pajama Day during Homecoming.

Eleven year olds **Erin Lindeke** and **Tiffany Clark** dress as babies for a Halloween Party.

For a Lower School project, **Evan LeBon** and **Ian DeShon** show the before and after stages of shaving heads.

Cousins **Alex Blodgett** and **Jenni Leslie** show their dance moves at a family gathering in 1988.

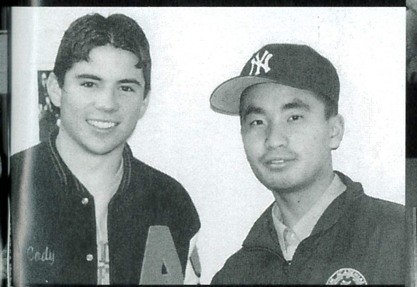

Sixth grade student leaders at the Lower School impersonate the characters of Clue.

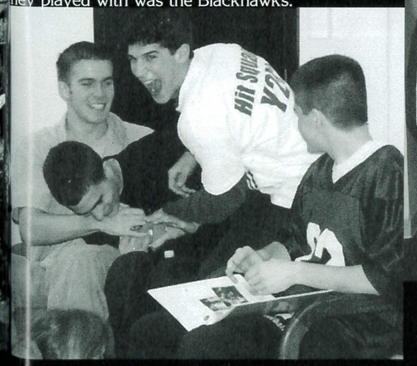

Dena Milligan and **Anne O'Connor** share a priceless Kodak moment.

Elizabeth Aaker and **Erica Hart** have been back to back since grade school. These two are some of the few "lifers" among the senior class.

Rob Cody and **Cheng Vang** have played soccer together for many years. One of the first teams they played with was the Blackhawks.

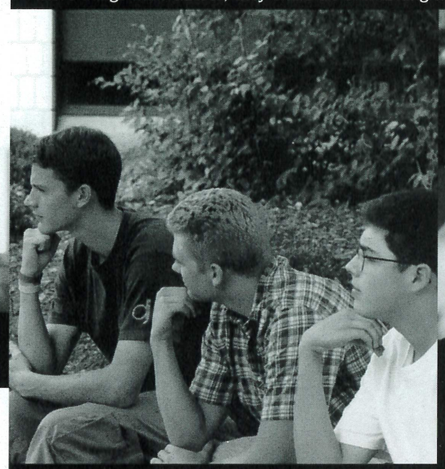

Matt Garrett, **Paul Georgieff**, **Andy Bohn** and **Samuel Nolley** horse around.

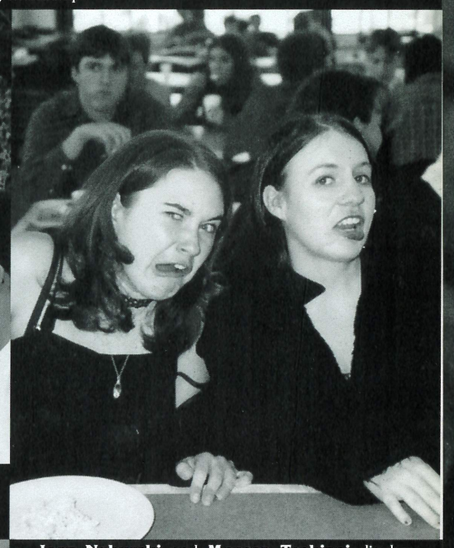

Golden Friendships

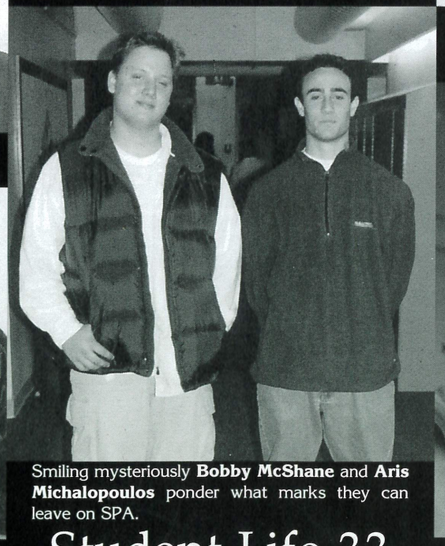

Over the past four years, seniors **Martha Laurie**, **Jessica Bohr** and **Linda Lee** have shared lunch or class together (ironically their science classes were the same for freshman and senior years). But they share more things than classes, they share an ever lasting friendship.

Displaying their love for the arts, **Scott Buell**, **Nick Kramarczuk** and **Zack Eustis** imitate Rodin's famous sculpture, "The Thinker."

Joan Nahurski and **Morgen Trobiani** display their "movies faces," which are used to encourage people sitting in front of them to change seats at the movies.

Smiling mysteriously **Bobby McShane** and **Aris Michalopoulos** ponder what marks they can leave on SPA.

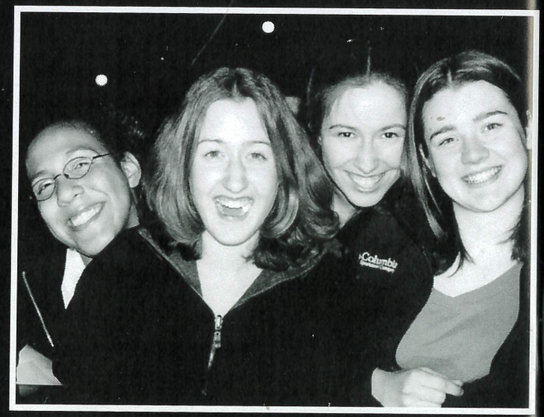

It's a big day for **Ellen Tani** as she meets her favorite golf player, **Tiger Woods**. To her disappointment, **Tiffany Clark** was behind the photo.

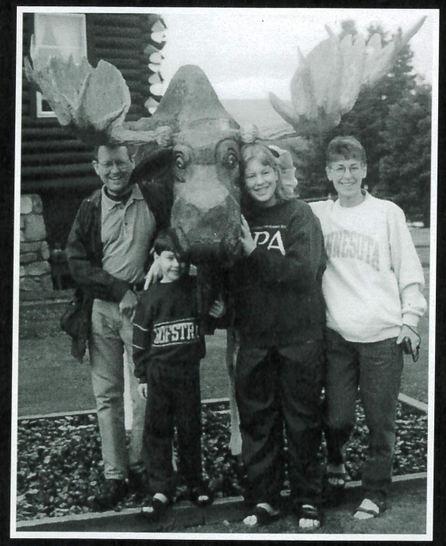

Elizabeth Anne Aaker

There are so many people who have helped me to grow into the person I am today. To all of them I offer my immense gratitude. To my volleyball girls: for the laughter and the tears, but mostly for the friendship. To my friends: Bai, Tiff, Erin and Erica, for sharing the experience. To my family: Michael, for growing up into a companion; Mom and Dad for valuing education enough to pay for SPA. To all those mentioned above and to the many others who have influenced my life, I offer these two words as a small portion of what I truly feel inside...

Thank You

So I jump ship in Hong Kong and make my way over to Tibet, and I get on as a looper at a course over in the Himalayas. A looper, you know, a caddy, a looper, a jock. I tell them I'm a pro jock, and who do you think they give me? The Dalai Lama, himself. Twelfth son of the Lama. The flowing robes, the grace, bald...striking. So, I'm at the first tee with him. I give him the driver. He hauls off and whacks one...big hitter the Lama...long, into a ten thousand foot crevice, right at the base of this glacier. And do you know what the Lama says? Gunga galunga...gunga-gunga galunga. So we finish the eighteenth and he's gonna stiff me. And I say, "Hey, Lama, hey, how about a little something, you know, for the effort, you know." And he says, "Oh, uh, there won't be any money, but when you die, on your deathbed, you will receive total consciousness." So I got that goin' for me..., which is nice.

What an incredible Cinderella story, this unknown comes outta nowhere to lead the pack, at Augusta. He's on his final hole; he's about 455 yards away...he's gonna hit about a two-iron I think. Oh, he got all of that one! The crowd is standing on it's feet here, the normally reserved Augusta crowd...going wild...for this young Cinderella, he's come outta nowhere, he's got about 350 yards left, he's gonna hit about a five-iron, don't you think? He's got a beautiful back swing-that's-oh he got all of that one! He's gotta be pleased with that...the crowd is just on it's feet here, uh...he's a Cinderella boy, uh...tears in his eyes I guess as he lines up this last shot, he's got about an eight iron. This crowd has gone deathly silent...the Cinderella story...outta nowhere...a former greens keeper, now about to become Masters champion. It looks like a miracle it's in the hole!!!

"It is not the critic who counts, not the man that points out how the strong man stumbled, or where the doer of deeds could have done them better. The credit belongs to the man who is actually in the arena; whose face is marred by dust and sweat and blood; who strives valiantly, who errs and comes short again and again; who knows the great enthusiasms, the great devotions, and spends himself in a worthy cause, who at best, knows in the end the triumph of high achievement; and who, at the worst, at least fails while daring greatly, so that his place shall never be with those cold and timid souls who know neither victory nor defeat."

To mom and dad- these years have not been easy, but we've made it and we're all the happier for it. Thank you for your love, support, and patience, your wisdom, and your generosity. You can never understand how much I appreciate it.
To Tim- hey squirt, I look forward to the day I laugh at your senior page. For now, work hard, laugh more than you should, and don't grow up any more than you have to. Remember, I will always think of you as my best friend.

To my friends and schoolmates- there are not enough words to thank you for making my life happier and more bearable. I hope I have been there for you, I know I haven't, and I'm sure you've forgiven me all the same. When we're older and wiser, we'll realize how silly all this was.

Children, be curious. Nothing is worse (I know it) than when curiosity stops. Nothing is more repressive than the repression of curiosity. Curiosity begets love. It weds us to the world. It's part of our perverse, madcap love for this impossible planet we inhabit. People die when curiosity goes. People have to find out, people have to know. Who doesn't know what I'm talking about...
Who's never left home who's never struck out...
To find a dream and a life of their own...
A place in the clouds, a foundation of stone...
Many precede and many will follow...
A young girl's dream no longer hollow...
It takes the shape of a place out West...
But what it holds for her, she hasn't yet guessed...
She needs **wide open spaces**...
Room to make her big mistakes...
She needs new faces...
She knows the high stakes...
She travelled this road as a child...
Wide-eyed and grinning she never tired...
But now she won't be coming back with the rest...
If these are life's lessons, she'll take this test...
She needs **wide open spaces**...

I got an electric guitar
Lovin' you is like a song I replay
I play my stupid songs
Every three minutes and thirty seconds of every day
I write these stupid words
And every chorus was written for us to recite
And I love everyone
Every beautiful melody of devotion every night
Waiting there for me
Is potion might this ocean might carry me
Yes I do, I do
In the wave of emotion to ask you to marry me
In the garage I feel sick
And every word,
No one cares about my wish
Every second,
In the garage where I belong
And every third
No one hears me sing this song
Expresses a happiness more clearly than ever heard

Today I played it safe,
cards are in my favor
Can't you leave too much to chance
Woke up with time to waver
Yesterday was crazy,

Now I know, the ins and outs
of things from day to day
That's how it goes
Don't get confused about it,
Just try to do your thang
Cause in the end gotta know
just how to play the game
I search for answers often,
I payed the price for many
Still long for happiness
Not promised to the plenty
I've gotta go on

Sometimes you have to learn how to let go

Est-ce que vous jamais vous êtes rendu compte à travers ceci tous, vous étiez le mien?

I opened the door to my own revolution

quando esta terra vira a nada, nada pode poupar me agora

Sinistro con la conseguenza/ ed un rotto fissa/ non posso portare/ all'odio questa probabilitá/ con la pelle di dirtied/ e le minacce di consious/ rompo il mio proprio/ le speranze che dissolvono (ancora)

Tenho esperado aqui a pausa para sua queda mas você ainda estão ascendendo a mais maior de alturas pai longe longe de mim

Ed ho pregato per la liberazione dolce che non è mai venuto...

Il sentimento di Annegare/questo di settembre scendendo,
giù, giù/annegare di settembre/ scendere,
giù, giù/Questo sentimento/annegare di settembre

Why does there gotta be a sacrifice?
—Tori Amos

Prenido em si-erigido de denouncement
(eu não sou nada mais)

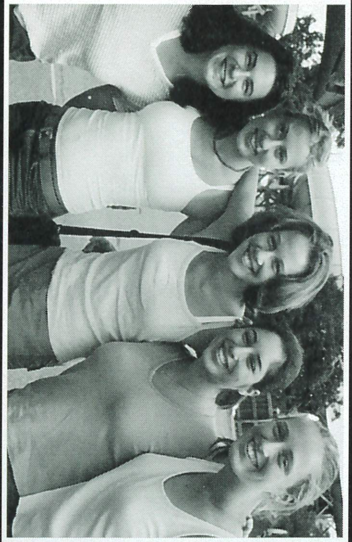

Sometimes we need a little hesitation.
Sometimes we need to be let down.

Voglio alla passeggiata lontano sul mio
posto di eternità scura. Non voglio a è visto ancora.

Time to bring it down again
So small a crash the foreign make
Fringing on the outskirts of distorted vision
Presence to be forgotten turn lamented
When feeling strikes a vaguely familiar chord
Just a droplet in an ocean of occurrences
Significance undulating outward in recession
Drawn down into nothing more of remembrance
Until it drowns
