

0175 CONTRACTS WITH INDEPENDENT CONSULTANTS

The Board of Education may from time to time engage the services of one or more independent contractors to advise and assist the Board in analyzing school district operations and preparing Board reports when those tasks cannot be performed as economically by district staff members.

Wherever possible, the Board will seek proposals from at least two sources before a contract with an independent consultant is entered. The Board will not contract with a Board member or the spouse, child, parent(s) or legal guardian(s), or sibling, in fact or in law, of a Board member as an independent consultant.

The Board will engage the services of an independent consultant only by written contract, which must specify the work to be accomplished by the consultant, the time within which the work is to be completed, and the fee that will be paid the consultant. An independent consultant engaged by the Board is neither agent nor employee of the Board and may represent the Board only as expressly authorized to do so in writing.

An independent consultant may have access to such school facilities and school district employees as may be reasonably required in the performance of the consultant's contract with the Board. Except as expressly permitted by the contract, any communication between the consultant and a district employee or community member regarding the work of the contract must be conducted through the Board or a designated school official.

Materials and reports generated and created by the independent consultant in the performance of his/her contract with the Board are and will remain the property of the Board and are subject to Board Policy No. 8310 on public records.

2361 ACCEPTABLE USE OF COMPUTER NETWORKS/COMPUTERS AND RESOURCES(M)

M

The Board of Education recognizes as new technologies shift the manner in which information is accessed, communicated, and transferred; these changes will alter the nature of teaching and learning. Access to technology will allow students to explore databases, libraries, Internet sites, and bulletin boards while exchanging information with individuals throughout the world. The Board supports access by students to these information sources but reserves the right to limit in-school use to materials appropriate for educational purposes. The Board directs the Superintendent to effect training of teaching staff members in skills appropriate to analyzing and evaluating such resources as to appropriateness for educational purposes.

The Board also recognizes technology allows students access to information sources that have not been pre-screened by educators using Board approved standards. The Board therefore adopts the following standards of conduct for the use of computer networks and declares unethical, unacceptable, or illegal behavior as just cause for taking disciplinary action, limiting or revoking network access privileges, and/or instituting legal action.

The Board provides access to computer networks/computers for educational purposes only. The Board retains the right to restrict or terminate student access to computer networks/computers at any time, for any reason. School district personnel will monitor networks and online activity to maintain the integrity of the networks, ensure their proper use, and ensure compliance with Federal and State laws that regulate Internet safety.

3340 GRIEVANCE

3340 GRIEVANCE

The Board of Education shall develop and practice reasonable and effective means for the resolution of disputes that may arise in the employment of teaching staff members not covered by the terms of a negotiated agreement.

The Board directs that any grievance not provided for by negotiated agreement be resolved by submission to the following grievance procedure, which is designed to promote proper and equitable settlement of grievances at the lowest appropriate level and to facilitate an orderly process for the resolution of grievances.

For the purposes of this policy, "grievance" means an unresolved problem concerning the application or interpretation by an officer or employee of this district of law, regulations of the State Board of Education, the bylaws or policies of the Board, or the administrative regulations of the Superintendent; "grievant" is a district employee who alleges a grievance or the employee's representative; "party" means the grievant or any person named in the grievance as allegedly having violated a law, bylaw, policy, or regulation; and "day" means a school day.

If the same or substantially the same alleged grievance is made by more than one employee, a single grievant may process the grievance through the grievance procedure on behalf of all grievants. The names of all the grievants will appear on all documents related to the settlement of the grievance. A grievant may be represented or accompanied at any time by a person whom the grievant chooses.

A grievant may use personal leave time when it becomes necessary to process a grievance during school hours. A grievance that arises late in the school term will be submitted to an expedited process in order that the grievance may be resolved as soon after the school term as possible. There will be no reprisal of any kind taken against any employee or employee's representative for participation in a grievance.

All documents, communications, and records regarding the processing of a grievance will be filed in a separate grievance file and will not be kept in the personnel file of any of the participants of the grievance.

Any alleged grievance should, at the first instance, be discussed in one or more private, informal conferences between the parties involved or between the grievant and his/her immediate supervisor. A grievance not resolved in one or more such private meetings may be processed in accordance with the following procedure.

Level One

Within three working days of the occurrence of the act or omission giving rise to the grievance, the grievant must present his/her grievance in writing to the grievant's immediate supervisor. The written document will be a clear, concise statement of the grievance and will include the law, rule, policy, or regulation that the grievant alleges to have been violated; the factual circumstances on

which the grievance is based; the person or persons involved; the decision, if any, rendered at the private conference; and the remedy sought. Any party to the grievance may request a personal conference with the supervisor in order to resolve the grievance.

Within seven working days the supervisor shall present a decision to the grievant in writing. If the supervisor does not respond during the time permitted, the grievant may appeal to the next level.

Level Two

A grievant not satisfied with a decision at Level One may appeal that decision in writing to the Superintendent within three working days after receipt of the decision or the expiration of the time during which the decision must be rendered. The written appeal will include a copy of the original grievance; the decision rendered, if any; the name of the grievant's representative, if any; and a clear, concise statement of the reasons for the appeal of the decision. Any party to the grievance may request a personal conference to discuss the grievance.

The Superintendent shall present a decision to the grievant within seven working days. If no decision is rendered within that time limit, the grievant may appeal to the next level.

Level Three

A grievant not satisfied with the Superintendent's decision may appeal that decision in writing to the Board within three working days after the receipt of the decision or the expiration of the time during which the decision must be rendered. The written appeal to the Board will include copies of the original grievance, the appeal of that grievance at Level Two, and the decisions, if any, rendered at Levels Three.

The Board shall schedule the grievance for hearing at a private session to be held within forty-five calendar days of the presentation of the appeal. The grievant shall be present at the hearing and may require the presence of a party to the grievance.

Within ten calendar days of the hearing, the Board shall submit its decision in writing together with reasons that support the decision to the grievant. A copy of the decision shall be given to the Superintendent and to any other party to the grievance.

The decision of the Board shall be final.

Non-ameliorative effects, such as the negative side effects of medication or a medical procedure, may also be considered.

E. Evaluation and Placement - 34 CFR §104.35

1. The Board will establish standards and procedures for initial evaluations and periodic re-evaluations of students who need or are believed to need special education and/or related services on the basis of disability.
 - a. Section 504 evaluations may encompass record and work sample review; direct observation in the natural setting; interviews with the student, parent, and school personnel; and/or administration of assessment measures. They do not include independent evaluations.
 - b. It may be determined that additional data is required, including the administration of formal standardized instruments and data on conditions in remission or episodic in nature. Tests and other evaluation materials must meet the following criteria:
 - (1) Validated for the specific purpose for which they are used and administered by trained personnel;
 - (2) Tailored to assess specific areas of educational need and not merely those designed to provide a single intelligence quotient; and
 - (3) Accurately reflect aptitude or achievement or whatever else the tests purport to measure, rather than the student's impaired sensory, manual, or speaking skills (unless the test is designed to measure these particular factors).
2. In interpreting evaluation data and in making placement decisions, the district will:
 - a. Draw information from a variety of sources, including, but not limited to: aptitude and achievement tests, medical evaluations, teacher recommendations, physical condition, social and cultural background, and adaptive behavior;

REGULATION

- b. Establish procedures to ensure that information obtained from all such sources is documented and carefully considered;
 - c. Ensure that placement decisions are made by a group of persons, including persons knowledgeable about the student, the meaning of the evaluation data, and placement options; and
 - d. Ensure that placement decisions are made in conformity with this Regulation and 34 CFR §104.34.
 - 3. The District 504 Coordinator will establish timelines for re-evaluations of students receiving reasonable accommodation(s). A parent may request a re-evaluation at any time upon written request to the District 504 Coordinator.
 - 4. Copies of requests for evaluation and related documents will be maintained in a designated Section 504 file folder placed in the student's cumulative record.
- F. Section 504 and Special Education
- 1. A student who qualifies for Section 504 services may not qualify for special education under IDEA; likewise, a student who qualifies under IDEA may not qualify under Section 504.
 - 2. A referral for a Section 504 evaluation may be made concurrently with a pending special education evaluation. In such instances, the Section 504 evaluation should be conducted during the same timeline utilized for the special education assessment. Generally, the Section 504 evaluation should be conducted in less than sixty days.
 - 3. If a student is found eligible under Section 504 prior to the special education team's findings, a Section 504 Accommodation Plan will be developed pending the special education team's findings. If the student is then found eligible for special education, an Individualized Education Program (IEP) will be developed and the IEP team can incorporate into the IEP any accommodations/services provided in the Section 504 Accommodation Plan.

When an IEP team determines a student is not eligible or no longer eligible for special education, there may be circumstances when a Section 504 referral for evaluation may be appropriate and should be considered. The IEP team may document the student is being referred for a Section 504 evaluation, and the eligibility evaluation shall be addressed in a separate Section 504 team meeting.

 - a. Are knowledgeable about the student;
 - b. Understand the meaning of evaluation data; and

3. The Board will provide to students with disabilities equal opportunity as afforded nondisabled students for participation in physical education courses, athletics, and similar programs and activities.
 - a. The district may offer students with disabilities physical education and athletic activities that are separate or different from those offered to nondisabled students only if the separation or differentiation is consistent with the requirements of 34 CFR §104.34 and only if no student with a disability is denied the opportunity to compete or to participate.
