The amounts paid are considered benefits paid under the Policy and, to the extent of such payments, the Company shall be fully discharged from liability under the Policy. Definitions

Accident means a sudden, unexpected and unintended incident. **Covered Accident** means an Accident that occurs while coverage is in force for an Insured and results directly and independently of all other causes in a loss or Injury covered by the Policy for which benefits are payable. **Injury** means accidental bodily harm sustained by an Insured that results directly and independently from all other causes from a Covered Accident. The Injury must be caused solely through accidental means. All injuries sustained by one person in any one Covered Accident, including all related conditions and recurrent symptoms of these injuries, are considered a single Injury. **Medically Necessary or Medical Necessity** means the services or supplies provided by a Hospital, Doctor, or other provider that are required to identify or treat an Injury and that, as determined by The Company, are: (1) consistent with the symptom or diagnosis and treatment of Injury or Sickness; (2) appropriate with regard to standards of good medical practice; (3) not solely for the convenience of the Covered Person; and (4) the most appropriate supply or level of service that can be safely provided. When applied to the care of an Inpatient, it further means that the Person's medical symptoms or condition requires that the services cannot be safely provided as an outpatient. The fact that a Doctor may prescribe, authorize, or direct a service does not of itself make it Medically Necessary or covered by the Policy. Purchasing or renting 1) air conditioners; 2) air purifiers; 3) motorized transportation equipment; and 4) escalators or elevators in private homes. A service or supply may not be Medically Necessary if a less intensive or more appropriate diagnostic or Treatment alternative could have been used. We may consider the cost of the alternative to be the Covered Expense. **Sickness** means an illness, disease or condition that causes a loss for which an Insured incurs medical expenses while covered under this Policy. All related conditions and recurrent symptoms of the same or similar condition will be considered one Sickness. **Usual and Customary Charge** means the average amount charged by most providers for Treatment, service or supplies in the geographic area where the Treatment, service or supply is provided. **School Activities** means any activity that is sponsored and under the direct, immediate supervision of the School that: (a) the School requires the Insured Person to attend; or (b) is under the sole control and supervision of School authorities. It does not include an activity related to athletics or cheerleading that is under joint sponsorship or supervision arrangement with any non-School group.

Excess Provision

In order to keep premiums as affordable as possible, these coverages pay benefits on a non-duplicating basis. This means, if a person is covered by one or more of these coverages and by any other valid insurance or health agreement, any amount payable or provided by the other coverages will be subtracted from the covered expenses and we will pay benefits based on the remaining amount.

IMPORTANT NOTICE

This brochure contains a brief description of the benefits available under the insurance programs. It is not a contract of insurance. The terms and conditions of coverage are set forth in the policies delivered in the state under form number AH-57720-BASE-OR. Complete details may be found in the policies. CERTAIN INSURANCE PLANS DESCRIBED HEREIN PROVIDE SHORT-TERM LIMITED DURATION SICKNESS BENEFITS. THEY DO NOT CONSTITUTE COMPREHENSIVE HEALTH INSURANCE COVERAGE (OFTEN REFERRED TO AS "MAJOR MEDICAL COVERAGE") AND DO NOT SATISFY A PERSON'S INDIVIDUAL OBLIGATION TO SECURE THE REQUIREMENT OF MINIMUM ESSENTIAL COVERAGE UNDER THE AFFORDABLE CARE ACT (ACA).
