

Dates for Year 1 and Year 2 Candidates 2026-27

All induction candidates have initial tasks to tend to in order to get started in the program.

Year 1 and Year 2 transfer candidates have an Individualized Learning Plan (ILP) Kick-Off meeting with their mentors and a subsequent Zoom meeting in January (mentors are not required to attend). Dates for these meetings are in the second and third tables.

Year 2 candidates, who participated in our program the year prior, have a check-in meeting in the middle of the year, which will review the process to apply for their clear credential. These dates are reflected in the last table.

All candidates have a choice of dates, times, and/or locations. They have been asked to mark their calendars, share with others as needed, and make any necessary arrangements (plan for child care, make substitute coaching arrangements, etc...) We ask candidates to arrive on time and be prepared to fully participate. Candidates have also been asked to reach out to our office in case alternate arrangements for their attendance need to be made.
