Cambrian School District

# Proposition 28: Arts and Music in Schools Funding

## Annual Report

## Fiscal Year 2025-26

Proposition 28: Supporting Arts Education Across All Cambrian Schools The Cambrian School District is proud to share how Proposition 28 funding is enhancing arts education opportunities for all students as part of our commitment to a well-rounded, high-quality public education. Cambrian is home to six schools, four of which are dependent (indirectly funded) charter schools. In alignment with our district-wide vision for arts education, Cambrian has adopted a unified strategy that pools all Prop 28 funds to support a comprehensive Arts and Music program across all six school sites. This collaborative approach ensures that every student, whether enrolled in a traditional or charter school, benefits from enriched access to visual and performing arts instruction. Proposition 28, the Arts and Music in Schools Funding Guarantee and Accountability Act, provides ongoing state funding to expand arts education throughout California. In accordance with state requirements, at least 80% of Cambrian""s Prop 28 funds are dedicated to employing certificated and classified staff who directly provide arts instruction. These resources are used to support a robust Visual and Performing Arts (VAPA)-aligned program spanning Transitional Kindergarten through 8th grade. The district""s strategic plan and funding allocations reflect the thoughtful input of our District LCAP Advisory Committee and dedicated music and arts staff. By combining funding and leveraging shared expertise, Cambrian is maximizing the impact of Prop 28 to serve the diverse needs of our students. We are excited about the creative opportunities Prop 28 makes possible and remain committed to fostering artistic expression, critical thinking, and cultural enrichment for every child in Cambrian—regardless of the school they attend.
