

Junior High School 6th – 8th Grade

As our students' progress in their educational career, it is important that they are responsible for their individual materials. We believe that every student should be ready to learn daily with the materials required to ensure that they can be successful. Below are the minimum requirements for the school supplies to get started. Students will be responsible for managing their own supplies and working with parents/guardians to replenish supplies as necessary. For bulk items, students should keep extra supplies at home.
