V. NYSED Initiatives Alignment

1. How will the district's use of instructional technology support a comprehensive and sustained effort to improve student performance and academic standards, while also addressing the need to provide equitable learning opportunities "everywhere, all the time" (National Technology Plan)?

The District will improve student performance by fostering a high-performance, UDL-aligned learning environment that integrates modern hardware with robust security. By standardizing interactive panels and classroom audio, we ensure equitable auditory and visual access to the curriculum for all learners. This physical modernization will compliment the update that we are making by implementing ClassLink's Identity Management, which provides a secure, streamlined Single Sign-On (SSO) experience that maximizes instructional time and protects student data privacy. All updates will be supported by a comprehensive refresh of high-density wireless infrastructure, this unified approach ensures that all students have seamless, secure, and equitable access to digital resources 'everywhere, all the time,' enabling them to master the NYS Digital Fluency standards in a cyber-resilient setting.
