Student Fundraising

I. Purpose

This policy regulates fundraising activities by school district-sponsored athletics, fine arts, and activities. Refer to Policy 913 for fundraising by other groups.

II. General Statement of Policy

The school district recognizes the desire by district-sponsored athletics, fine arts, and activities to raise funds to meet their needs and goals, and to fund student activities. The district also recognizes a need for limitations to prevent fundraising activities from becoming too numerous or overly demanding for students, employees, and the community.

III. Definitions

- A. "District-sponsored" are athletics, fine arts, or other student activities that (1) are directly related to a class offered by the school district; (2) receive funding directly from the district; or (3) have a teacher or other district employee assigned to and overseeing its activities.
- B. "Student group or student organization" is a group or organization, whatever its organizational structure or title, comprised of one or more current district students, in which the membership is limited to current district students and any district-assigned advisor.
- C. "Student activity" is a program, presentation, or other event, other than a fundraising activity, conducted or sponsored by a district-sponsored student group or organization.
- D. "Fundraising activity" is any program or event conducted by or on behalf of a student group or student organization that has the primary purpose of raising money for the use of a student group, student organization, to pay for any part of a student activity, or for approved donations as outlined in Section IV.D.4.

IV. Fundraising Guidelines

- A. All organizations seeking to organize a fundraiser on district property must submit a written request to the building or program administrator and director of finance and operations, and receive approval of the written request prior to conducting, sponsoring, or advertising a fundraising activity. The fundraising

organization must also hold a facilities use permit for the proposed location of the fundraiser.

- B. The written request to conduct or sponsor a fundraising activity must contain the following:
 - 1. The name of the organization.
 - 2. A description of the proposed fundraising activity.
 - 3. The dates of fundraising.
 - 4. A statement identifying the need for and proposed use of funds to be raised by the fundraising activity.
 - 5. All necessary permits or forms of authorization necessary to conduct the fundraising activity (e.g., solicitation permits, work permits, parade permits).
 - 6. The names of students, employees, and volunteers who may be participating in the fundraising activity.
- C. The decision regarding whether the fundraising activity will occur is final. The district may limit the number, location, and length of fundraising activities that are approved. The administrator may deny a fundraising activity request due to past violations of this policy by students or the organization.
- D. Money or other resources raised by the fundraising activity must be:
 - 1. Used by the student group or student organization, or its members or advisor, to pay for necessary expenses incurred in connection with the fundraising activity;
 - 2. Used to pay for a student activity sponsored or conducted by any district-sponsored student group or student organization;
 - 3. Used to purchase an item which then will be donated to the district; or
 - 4. Donated to a tax-exempt, nonprofit organization on behalf of the district-sponsored student group or student organization, only with approval and written consent of the building administrator (see Section VII).
- E. Fundraising activities must adhere to district policies, even if the fundraising activity is not conducted during regular school hours or on district property.
- F. Fundraising activities must not result in additional expense to the district.
- G. A student's participation or lack of participation in a fundraising activity will not form the basis for determinations relating to the student's participation in the

district-sponsored student group or student organization or any student activity sponsored by the student group or student organization.

- H. Fundraising activities conducted on district property during the regular school day must be conducted in a manner that minimizes interference with the regular functioning of the school.
- I. Fundraising activities must be age-appropriate for the involved student group or student organization.
- J. Fundraising activities must comply with federal, state, and local laws and regulations.

V. Discontinuance of Fundraising Activity

- A. The building or program administrator may revoke the permission to conduct a fundraising activity for violation of law, district policy, or school rule at any time. The administrator may also terminate any fundraising activity if the fundraising activity becomes unduly disruptive or poses a health or safety risk to students, employees, or community members.
- B. Violations of this policy may result in disciplinary action for an employee or student, or revocation of a volunteer's permission to enter school district property and provide services to the district. Disciplinary action could include suspension or expulsion for students. Disciplinary action could include suspension or termination for employees.

VI. Accounting of Fundraising Funds

Money or other resources raised by fundraising activities conducted by district-sponsored student groups or organizations becomes school district property, designated for the use described on the written request to conduct a fundraiser. All such money is subject to the district's accounting procedures.

VII. Donations to a Non-District Organization

Donations from a fundraising activity by a student group or student organization to a tax-exempt, nonprofit organization not associated with the school district may be permitted when:

- A. The building and program administrator approves the fundraising activity and plans for the funds being donated to an identified non-district organization. Appendix I provides guidelines for an administrator to utilize when reviewing the request. Any contract language will be reviewed by the district to ensure rights of the district are protected. The decision of the administrator is final.

- B. The funds are sent directly to an identified organization. The funds will not be deposited into a district account prior to sending to an identified organization.

Administrator Guidelines on Approval of Non-District Fundraising

When receiving a request for a student group to fundraise for a non-district organization the administrator should consider these guidelines when approving or denying the request:

- A. The funds being raised by the student group are sent directly to an identified organization. The funds cannot be deposited into a school district account prior to sending to an identified organization. The funds should be provided to the non-district organization using one of these methods:
 - 1. A representative from the non-district organization is responsible to collect all donations;
 - 2. Donations are made out directly to and sent to the non-district organization; or
 - 3. Another organization can act as the fiscal agent (e.g., parent organization or booster club).
- B. The non-district organization has a current tax-exempt status and can provide a current certificate of insurance (if coming on district property).
- C. The non-district organization's mission or program charge aligns with the district's educational mission and a pre-determined priority of a student group or organization.
- D. The involved student group or organization should complete a periodic review of other tax-exempt nonprofit organizations with similar mission statements.
- E. The purpose of the review would be to provide an opportunity by a student group or organization to fund other non-district organizations. If the outside organization is providing employees or equipment as part of the fundraising activity, they must comply with the district policies, including, but not limited to:
 - 1. Policy 103 - Equal Education Opportunity;
 - 2. Policy 413 - Harassment and Violence Prohibition, Students and Employees;
 - 3. Policy 515 - Protection and Privacy of Student Records;
 - 4. Policy 902 - Use of School District Facilities and Equipment; and
 - 5. Policy 903 - Visitors to School District Buildings and Property.
