COMMUNITY PROGRAMS

AI CODE QUEST

Dates: June 29th–July 2nd

Grades: 3–8 (26–27 Grade Level)

Time: 9am – 5pm

Location: HUES

Fee: \$375

AI & Code Breakers Camp Overview:

- Explore the exciting world of Artificial Intelligence and coding through hands-on projects and challenges
- Learn how AI works by training machine learning models for real-world scenarios
- Build and program interactive projects using block-based coding and beginner-friendly tools
- Simulate cutting-edge tech like self-driving cars and teach AI to play games
- Develop foundational coding skills in HTML, JavaScript, and CSS
- Design and create your own websites, games, and digital experiences
- Strengthen problem-solving, creativity, and teamwork through daily design challenges
- Work collaboratively in pairs or teams to build and test projects
- Gain experience in both AI development and web design, preparing for future tech pathways
- Access and share completed projects with family and friends through an online portfolio platform
- Returning students can expand their skills by creating more advanced and customized projects
- Perfect for future coders, engineers, designers, and tech innovators
- Students must be picked up by an adult 18 years or older – no buses provided.
- All students must bring a bagged lunch.
