

IEConnect

WORKFORCE SBCSS

Support. Facilitate. Align. Report.

The Regional Framework for High-Quality Pre-Apprenticeships

SUPPORT

Information & Training

IEConnect, facilitated by SBCSS, serves as the Inland Empire's regional pre-apprenticeship sponsor recognized by California's Division of Apprenticeship Standards (DAS).

WE PROVIDE:

- Training and onboarding for educators and partners
- Technical assistance and implementation support
- Professional development
- Guidance for competency-based pre-apprenticeship programs
- Resources aligned with the Jobs for the Future (JFF) Framework for High-Quality Pre-Apprenticeships

OUTCOME:

Districts gain the knowledge, tools, and support needed to successfully implement high-quality pre-apprenticeships.

FACILITATE

Agreements & Partnerships

IEConnect creates the infrastructure that allows apprenticeship partnerships to happen.

WE FACILITATE:

- DAS Linkage Agreements with apprenticeship sponsors
- Memorandums of Understanding (MOUs) with districts
- Regional partnership coordination
- Compliance and implementation guidance
- Expansion of high-demand pathway opportunities

OUTCOME:

Districts can implement pre-apprenticeships under established regional agreements without building systems from scratch.

ALIGN

Workforce & Pathway Alignment

IEConnect ensures pre-apprenticeship pathways align directly with workforce needs.

WE ALIGN:

- Industry-defined competencies by sector, including essential interview and technical skills
- Industry-recognized certifications and credentials
- Workforce board and industry priorities
- Postsecondary and apprenticeship pathway alignment

OUTCOME:

Students develop industry-valued skills that support successful transitions into apprenticeships, postsecondary education, and careers.

REPORT

Centralized Data Collection

The IEConnect Pre-Apprenticeship Data Portal serves as the regional hub for student registration, tracking, and reporting.

WE TRACK:

- Pre-apprentice registration and participation
- Completion and certification data (CCI indicator)
- Student progress and outcomes
- Regional implementation and impact

OUTCOME:

Tracking data drives continuous improvement, demonstrates impact, and strengthens student opportunities across the region.
