2027/28 Grauer School Admissions Timeline

The Grauer School uses an extensive, interactive process to identify candidates who are well matched for our balanced, relationship-based, college preparatory program. The first step in this process is for us to get to know each other. There are several ways to accomplish this:

- Visit our website at www.grauerschool.com to gain a better understanding of our unique school culture and activities. Here you can complete an admissions inquiry form and sign up for our weekly newsletter and Dr. Grauer's column.
- Call our admissions team and talk to us about the kind of learning environment that you are interested in for your child.
- Attend our Open House on November 7, 2026, or one of our Discover Grauer days. This is an excellent way to get to know our school and to meet some of our amazing teachers, administrators, parents, and students.
- Come to one of our other activities that are open to the public (dates for these events can be found on our website or in our weekly newsletter).

Next, submit The Grauer School Application Parts I and II, along with your $100 non-refundable application fee. At The Grauer school we have a rolling admissions process, which means we accept applications year-round. However, priority will be given to applications received by February 1, 2027. We also have limited space in our Early Admission process. Please indicate on your application if you would like to be considered for Early Admission (7th grade applicants only). The Early Admission application deadline is December 1, 2026. Some applicants will be selected to participate in a brief student interview. In that case, you will be contacted by our admissions team.
