SUBJECT: **Automated External Defibrillators (AEDs) - PSRs and Account Strings**

All CERT members are required to be CPR certified. Account strings and PSRs have been created and need to be included on employees' timesheets to account for the additional time for the AED/CPR certification trainings. Please do not charge the additional time related to the trainings to the site budget. Instead, we have created PSR's for each job classification.

A list of names will be submitted to Payroll based on the CERT Rosters. Payroll will cross reference the names on the list to the timesheets that are submitted. Continue to follow the normal timesheet/timecard process. However, please ensure employees specify on their timesheets the extra time is for the AED/CPR training.

Please email Risk Management at Risk.Mgmt@omsd.net for PSR and account strings for time cards.

Thank you,

SUBJECT: **AUTOMATED EXTERNAL DEFIBRILLATORS (AED'S) EMPLOYEE NOTIFICATION**

Effective July 1, 2019, Ontario-Montclair School District has installed Automated External Defibrillators (AEDs) in each of the District's schools and administrative facilities. Assembly Bill 2009 requires that if a district or charter school elects to offer any interscholastic athletic programs, the district or charter school shall acquire at least one AED for each school and administrative facility within the school district or the charter school.

The AEDs have been strategically placed at each site and readily accessible to predetermined AED users to maximize rapid use. Each site/department will develop a CERT (cardiac emergency response team) that will be trained and CPR/AED certified. The AED will be available during school hours and after school during on-site school activities.

SUBJECT: **ANNUAL CLASSROOM BACKPACK INSPECTIONS**

Classroom backpacks should be inspected annually prior to the end of each fiscal year and any findings should be reported to Risk Management by submitting the Classroom Backpack Replenishment form by April 15th.

1. Classroom backpacks should not have any tears, holes or missing straps.
 2. Please toss any emergency food bars, water pouches, and any medical supplies that have expired.
 3. Make sure all items listed on the Classroom Backpack Checklist are found inside the backpack.
 4. Submit Classroom Backpack Replenishment form to Risk Management.
-

Please keep in mind that **sites may request replenishment at District expense under the following conditions:**

- When the site has depleted supplies due to an actual/precautionary lockdown or evacuation incident, and has documented both the incident and the consumed items.
- When the site has incurred a loss of the supplies due to theft or vandalism (please complete a *LOST, STOLEN OR DAMAGED DISTRICT – OWNED PROPERTY REPORT* form).
- When items become unusable (i.e., product expiration).

Site's budget will cover the expense due to the following conditions:

- Disaster supplies were used in connection with day-to-day operations.
 - Disaster supplies are lost, missing, or damaged (e.g., misplaced during teacher relocation or due to unauthorized use).
-

Please ensure emergency backpacks remain in the assigned classroom, as much as possible, be placed in a consistent location for every classroom, and complete an inventory of items annually. Your assistance with this matter is appreciated. If you have any questions or concerns, please contact **Risk Management at (909) 459-2500 ext. 10543.**

SUBJECT: OSHA INSPECTOR GUIDELINES

IF YOU HAVE AN INSPECTOR ARRIVE AT YOUR SITE:

- Ask the Inspector for clarification about the objective of their visit.
- Verify their identity by requesting identification and a Cal OSHA business card.
- Reach out to the Business Division (see attached contacts in **RED**).
 - A District representative should arrive as soon as possible, but no later than 1 hour to assist the inspector.
- If a District representative is not available, the site administrator will accompany the inspector to the specific work area in question.
- Please refer to attached Guideline for details of what to expect during the inspection.
- Always notify Risk Management if an inspection is underway.

If you have any questions or concerns, please contact Risk Management at (909) 418-6454.

ACTIONS TO TAKE WHEN Cal/OSHA ARRIVES AT YOUR SITE

INTRODUCTION

- The Occupational Safety and Health Act of 1970 (OSHA) requires covered employers to furnish “a place of employment which is free from recognized hazards that are causing or likely to cause death or serious physical harm”. In addition, all Cal/OSHA safety and health standards must be met.
- The law is enforced by both federal and state agencies whose inspectors visit work sites, most often unannounced, to review records concerning employee injury and illness, and to conduct inspections.

WHAT LEADS TO AN OSHA INSPECTION?

- A Cal/OSHA inspection may occur due to employee complaints, workplace fatalities, and sometimes-particular industries are programmed for inspection. In addition, follow-up inspections are often made after initial inspections.

PURPOSE OF THIS GUIDELINE

- It is the guideline of the District that all school sites and District departments shall immediately notify one of the following whenever a Cal/OSHA Compliance Representative is at a District worksite:
 - **Phil Hillman, Chief Business Official, Cell: 909-717-8924**
 - **Brooke Murray, Director, Facilities/Planning/Operations, Cell: 657-203-1784**
 - **Doug Jones, Supervisor of Operations / Regulatory Compliance, Cell: 909-917-5290**
 - **Vanessa Eastland, Chief Financial Officer, Cell: 909-241-6292**
- This document has been established to communicate the School District’s guidelines on the procedures to follow whenever the California Division of Occupational Safety and Health (Cal/OSHA) inspections are made on district property. All departments and employees shall comply with the requirements of this guideline.

Who Does it?	What Actions Should Be Taken?
Office Assistant, Administrative Assistant	➤ To initiate a typical inspection, the Cal/OSHA inspector, entering via the main entrance, will provide credentials and ask to meet the management representative. Verify the Cal/OSHA inspector’s identity by requesting identification, a Cal/OSHA business card and the nature of the visit. Note: If an inspection is being conducted because of an imminent hazard, the Inspector, after identifying themselves, will ask to be taken to the imminent hazard immediately to remove any employees from exposure to the imminent hazard. ➤ Contact the Site Administrator. ➤ Contact the District Office Representatives listed above (in Red) until you reach someone other than voice mail.
Department Director, Site Administrator	➤ Meet with the Cal/OSHA inspector to discuss the nature of the visit. Do not refuse entry or ask the inspector to come back at a more convenient time. Doing so could result in Cal/OSHA obtaining a court ordered inspection warrant, which may expose the District to a more exhaustive inspection. ➤ If necessary, Site Administrators or Department Directors will inform the Cal/OSHA inspector that per District guidelines, you have been directed to wait for the designated District representative before proceeding with an opening conference and inspection. The Cal/OSHA inspector may allow up to one hour before proceeding with the inspection. If the designated District representative is not available, the Site Administrator or Department Director will accompany the Cal/OSHA inspector throughout the inspection. ➤ In the absence of the District Office Representative Management Level or his designee, you will serve as the District’s Representative at the site representative during the inspection and must also accompany the Cal/OSHA inspector throughout the inspection.

Department Director, Site Administrator, or District Office Representative	Opening Conference: ➤ Once you determine the reason for the inspection, try and limit the extent of the inspection to that reason. ➤ Remain courteous and answer questions truthfully but do not offer information beyond what they are asking for or speculate when responding to questions. ➤ Avoid making any statements that the Cal/OSHA inspector could construe as an admission of violating any laws or regulations. If the inspection is related to an accident and the District's internal accident investigation is not yet completed, do not speculate as to the cause of the accident or how it could have been prevented. All information expressed should be accurate and factual. Never relay information that is hearsay. ➤ Provide only requested documents rather than giving free access to document storage.
Department Director, Site Administrator, or District Office Representative	Site Inspection: ➤ If the Cal/OSHA inspector requests an inspection of a work area, choose a path to the inspection area carefully. Avoid any areas that are under construction or where Maintenance & Operations may be working. ➤ If possible, do what you can to immediately correct any hazards that are found during the inspection. ➤ Take notes during the opening conference and take the same pictures during the inspection that the Cal/OSHA inspector took. ➤ If environmental monitoring or sampling was taken, ask what was sampled and what sampling method was used. What were the results, if any, of any direct reading devices?
Department Director, Site Administrator, or District Office Representative	At the Closing Conference: ➤ Take notes of alleged violations of standards that the Cal/OSHA inspector discusses with you and any requirements for abatement. Without admitting a violation, estimate the time, if possible, for any corrective action to be taken. ➤ Attempt to clarify whether or not a citation(s) will be issued or if a follow-up inspection will be conducted. ➤ Provide the Cal/OSHA inspector with your telephone number, the correct name of your site or department and the mailing address for future correspondence. Request that copies of all future correspondence also be sent to the District Office (Attention: Risk Management) at 950 West D Street, Ontario, CA. ➤ Upon completion of the inspection and closing conference, prepare a report of the inspection incorporating any notes and/or photographs taken and statements made by you and/or the Cal/OSHA inspector. Provide copies for the District office file.

WHAT TO EXPECT ON A Cal/OSHA INSPECTION

- A Cal/OSHA Compliance Representative hereinafter referred to as "Inspector" is directed to follow these procedures when conducting an inspection at a worksite:

❖ INITIAL CONTACT

The Inspector must:

- Present their State of California photo identification card and Division of Occupational Safety and Health business card to the initial contact person at the worksite.
- Request permission to conduct an inspection from a management-level representative of the employer.

❖ OPENING CONFERENCE

During the opening conference with an employer representative (i.e., a management-level representative at the worksite), the Inspector will:

- Explain the reason for and scope of the inspection. (If the Inspector is responding to a Complaint Inspection, they are not allowed to provide the employer with a copy of the complaint, the identity of the complainant(s) or any of the specific complaint items.
- Ask to review the Employer's occupational safety and health records (i.e., inspections, training records, the written Injury and Illness Prevention Program, but not the OSHA 300 Log, and, if applicable, any permits and registrations.

❖ **WALKAROUND INSPECTION**

The Inspector will conduct an inspection for the purpose of determining whether or not the workplace complies with California Code of Regulations, Title 8. The Inspector will ask for an Employee Representative to accompany them during the walk around inspection. During the inspection:

- Employees may be interviewed.
- Photographs may be taken.
- Testing and environmental samples may be taken. Note: If the Inspector concludes that an imminent hazard condition or practice exists at the workplace, an Order Prohibiting Use (yellow tag) can be issued which prohibits employee use of the area, machine or equipment that presents the hazard. Only the Inspector can remove the yellow tag when the hazardous condition is corrected.

❖ **CLOSING CONFERENCE**

At the conclusion of the inspection, the Inspector will discuss:

- Any alleged violations observed and any requirements for abatement.
- Possibility of a follow-up inspection.
- Employer's right to appeal any and all citations.
- Abatement period for any citations.
- Right to request an informal conference with the Cal/OSHA District Manager.
- Employer's responsibility to post citations.

Cal/OSHA INSPECTION CRITERIA AND PRIORITIES

❖ **INSPECTION CRITERIA**

Cal/OSHA inspections are based on one or more of the following criteria:

- Accident. An inspection resulting from a report of a fatality, catastrophe, or serious injury or illness.
- Complaint (Formal). An inspection of a valid complaint filed by an employee, Employee Representative, or Employer of an Employee.
 - Imminent danger. Immediate inspection.
 - Government agency.
 - Media report.
 - Follow-up. An inspection conducted to determine whether the employer has abated violations previously cited on an inspection.

❖ **INSPECTION PRIORITIES**

Cal/OSHA inspections may be conducted based on the following priorities:

- Imminent danger.
- A fatality or serious accident
- Employee complaints.
- Programmed high-hazard inspection.
- Follow-up inspection.

Cal/OSHA Compliance Personnel are not permitted to give an employer advance notice that an inspection is to be conducted, except by specific permission of the Cal/OSHA Chief or authorized representative (CCR, Title 8, and Section 331).

SUBJECT: **PROCEDURE FOR REPORTING EMPLOYEE WORK RELATED INJURIES**

Company Nurse Injury Hotline: 1-866-955-2649

- When an injury or incident occurs you MUST INFORM YOUR SUPERVISOR AND CALL Company Nurse.
- You DO NOT need to seek medical attention if you feel you don't need to, but you must call Company Nurse to report the injury or incident.
- Company Nurse is called, by the employee, for work-related injuries only. They use a triage process that will guide the employee to the correct level of care for treatment based on the information that is obtained from the phone call. Company Nurse will refer the employee to a clinic if treatment is necessary.
- Company Nurse will then notify Risk Management and the claim adjuster that an injury or incident has occurred.
- When seeking medical attention, the employee and the school site/department, are required to complete the Injury/Illness Exposure Report, Workers' Compensation Claim Form (DWC-1), Acknowledgment of MedEx Advantage MPN and Supervisor Report.
- It is not necessary for the employee to fill out the workers' compensation packet if the employee is not seeking medical attention. However, on the day of the incident the employee will need to complete the Injury/Illness Exposure Report and submit a copy to the Supervisor. The Supervisor must complete the Supervisor Report and submit a copy to Risk Management.
- Once the forms are completed and signed, email a copy of the forms to Risk.Mgmt@omsd.net or fax a copy to (909) 459-2565 within 24 hours of the injury-taking place. Originals are sent to Risk Management via District Mail.
- After the reporting process has been completed, Risk Management's normal procedures will continue by assisting any employees who receive an off work order or modified duty as ordered by their treating physician for the injury.

If you have any questions or concerns please contact Risk Management at ext. 10454 or 10593.

WORKERS' COMPENSATION CLAIM FORM (DWC 1)

PETITION DEL EMPLEADO PARA DE COMPENSACIÓN DEL TRABAJADOR (DWC 1)

Employee: Complete the "Employee" section and give the form to your employer. Keep a copy and mark it "Employee's Temporary Receipt" until you receive the signed and dated copy from your employer. You may call the Division of Workers' Compensation and hear recorded information at **(800) 736-7401**. An explanation of workers' compensation benefits is included in the Notice of Potential Eligibility, which is the cover sheet of this form. Detach and save this notice for future reference.

You should also have received a pamphlet from your employer describing workers' compensation benefits and the procedures to obtain them. You may receive written notices from your employer or its claims administrator about your claim. If your claims administrator offers to send you notices electronically, and you agree to receive these notices only by email, please provide your email address below and check the appropriate box. If you later decide you want to receive the notices by mail, you must inform your employer in writing.

Any person who makes or causes to be made any knowingly false or fraudulent material statement or material representation for the purpose of obtaining or denying workers' compensation benefits or payments is guilty of a felony.

Empleado: Complete la sección "Empleado" y entregue la forma a su empleador. Quédese con la copia designada "Recibo Temporal del Empleado" hasta que Ud. reciba la copia firmada y fechada de su empleador. Ud. puede llamar a la Division de Compensación al Trabajador al **(800) 736-7401** para oír información gravada. Una explicación de los beneficios de compensación de trabajadores está incluido en la Notificación de Posible Elegibilidad, que es la hoja de portada de esta forma. Separe y guarde esta notificación como referencia para el futuro.

Ud. también debería haber recibido de su empleador un folleto describiendo los beneficios de compensación al trabajador lesionado y los procedimientos para obtenerlos. Es posible que reciba notificaciones escritas de su empleador o de su administrador de reclamos sobre su reclamo. Si su administrador de reclamos ofrece enviarle notificaciones electrónicamente, y usted acepta recibir estas notificaciones solo por correo electrónico, por favor proporcione su dirección de correo electrónico abajo y marque la caja apropiada. Si usted decide después que quiere recibir las notificaciones por correo, usted debe de informar a su empleador por escrito.

Toda aquella persona que a propósito haga o cause que se produzca cualquier declaración o representación material falsa o fraudulenta con el fin de obtener o negar beneficios o pagos de compensación a trabajadores lesionados es culpable de un crimen mayor "felonia".
