

Afterschool Program Registration

2026-2027 School Year

The 21st Century Community Learning Centers (21CCLC) program provides academic enrichment opportunities and engaging learning experiences for students outside of regular school hours. Through this federally funded grant, Jamestown Public Schools offers afterschool programming at Louis L'Amour, Lincoln, Gussner, and Roosevelt Elementary Schools.

The 21CCLC program is designed to support students who may benefit most from additional academic and enrichment opportunities. Priority for enrollment is given to students who qualify for Free or Reduced-Price Meals. Because this is a grant-funded program intended to serve students from low-income families, acceptance into the program is based in part on a student's Free or Reduced-Price Meal status, as well as program capacity and identified need.

Please complete the application below for each student interested in attending the program during the 2025–2026 school year. Once your application has been received, the site coordinator will review it and notify your family regarding your student's enrollment status.

Enrollment and Waitlist Information

Enrollment in the 21CCLC program is limited to ensure appropriate staffing ratios and to maintain a safe, high-quality learning environment for all participants. When enrollment reaches capacity at a site, students will be placed on a waiting list.

Students who qualify for Free or Reduced-Price Meals will be prioritized for enrollment. Placement from the waiting list will occur as space becomes available and will follow the program's enrollment priorities.

Please note: Submission of this registration form does not guarantee acceptance into the program. Families will be notified of their student's enrollment status as soon as possible after the application is reviewed.

Application Submission

Please complete this registration form in its entirety and print clearly. Completed forms may be returned to your child's school secretary or emailed to the site coordinator at:

Sophie.Mittleider@k12.nd.us

We look forward to providing quality afterschool programming and enrichment opportunities for your student!

Important Reminder

Please notify the afterschool staff promptly if your phone number, address, emergency contacts, or family circumstances change during the school year.

Family Information

Please share any household, custody, transportation, or communication details that may affect student pick-up, emergency contacts, family communication, or participation in the program.
