

MEET YOUR PRINCIPAL

— Mrs. Krystina Reilly —

HELLO THERE!

I'm so excited to begin my fifth year in Woodland Park School District! Before I became the BG Principal, I proudly served as the Assistant Principal and Math Supervisor. Prior to that, I worked as a middle school math teacher. I am passionate about creating opportunities for every child to grow, succeed, and discover their strengths. It is an honor to serve as the next principal of Beatrice Gilmore School. I am excited to continue working alongside our incredible staff, students, and families to ensure BG remains a place where every child can thrive.

MY EDUCATION

I earned my Bachelor's degree in Elementary Education from Rutgers University. I continued my education and earned my Master's in Mathematics Education and in Educational Leadership from Montclair State University. I continue to grow as an educator through professional development and ongoing training so I can provide the best support for all our learners.

MY PHILOSOPHY

I believe education is about building a strong foundation—academically, socially, and emotionally—so that every student has the confidence and skills to succeed. Through high expectations, meaningful relationships, and a supportive school community, we can help every child reach their fullest potential.

MY FAVORITES

Color: Pink

Drink: Green Tea

Snack: Chips

Food: Pasta

Season: Summer

Subject: Math

Animal: Cheetah

What I Like to Do in My Spare Time:

Spend time with my family at the beach, watching my boys on the lacrosse field and my daughter dance and cheer.
