Dear Student and Family,

We are pleased to offer our summer school program for students in the region. The program includes credit recovery, Regents review, and Regents exams. Classes will take place **at Greenport High School, located at 720 Front Street in Greenport, from July 20 to August 6.**

Starting on August 10, Regents review classes will be held at Greenport High School with the exams scheduled for August 18 and 19.

There are no fees for Greenport students. Students from other districts will receive an invoice in their email and should process payment online.

No transportation will be provided. Students should report to the front of Greenport High School to enter the building and reach their classrooms. Staff will be on hand to assist and direct students to their rooms.

Please contact me with any questions at gkalish@gufsd.org.

Thank you,

Gary Kalish
Secondary Principal
