Jamie Bess, Assistant Food Service Director
jbess@pittsburgisd.net

Dear Parents and Students,

The Foodservice Department at Pittsburg ISD recently purchased a new Point of Sale (POS) system for the cafeteria. This new system will assist us in increasing the level of service we provide, as well as generate accurate school meal counts. We are currently preparing to implement this new system in our district on July 1, 2026

For cafeteria purchases, students will continue to use their current ID number or Student ID card. Please note that serving lines may be slower for the first couple of days with the new POS system, but as the students familiarize themselves with the system the lines should move much more quickly.

To fund your student's account, we recommend parents/guardians deposit money using [MySchoolBucks](#). Cash and check payments will also still be accepted at the serving line. You can also use MySchoolBucks to receive low balance alerts, set up automatic payments, and set daily/weekly spending limits.

Funds that remained in your student's meal account at the end of the school year will be carried over to the new school year. Please note that if your student's meal account runs out of funds, our district does not allow any charges.

Pittsburg ISD will be participating in the Community Eligibility Program (CEP) for school year 2026-2027. All students will receive free breakfasts and lunches. The Child Nutrition program will provide healthy meal options following the guidance of the United States Department of Agriculture (USDA).

Even though all students eat free, it is very important for our District that households complete the income Survey Form found in the online registration packet.

If your student has any allergies or other medical concerns, please notify the Child Nutrition Director or Cafeteria Manager, so this information can be placed in the system. This will alert our staff to help monitor their meals.

If you have any questions please contact our Foodservice Department at 903 856-3387 and we will be glad to assist you.

Sincerely,

Chris Hackett /Jamie Bess

Child Nutrition Department
