July 2026

Dear Friend,

I've been writing a letter for the Alumni E-News for about 16 years now, and it's time to turn in my pen. Over these past many years, I've enjoyed hearing about our alums' milestones, successes, and adventures. One of the most heartwarming parts of hearing from alums is learning of their deep affection for and gratitude to Mother Seton School. They recognize and appreciate the strong foundation it gave them in faith, academics, and values; they utilize the tools they developed here: perseverance, focus, and hard work. They treasure the relationships with their classmates and with our faculty and staff, who have guided them throughout their time with us. Their stories have made me reflect anew on my time at MSS and to appreciate my teachers and classmates, who made my time there the positive and special experience that it was.

To choose to send a child to Mother Seton School is to choose to sacrifice for that child. The financial burden is real, and we also ask our parents to support us with their time and talents. But with the benefit of 56 years of hindsight, I can say that I am enormously grateful my parents made that sacrifice—I have benefitted from it my entire life.

And speaking of benefits, this experience with the E-News has confirmed one of the parts of the Prayer of St. Francis that I've come to recognize as truer than ever as I age: It is in giving that you receive. Getting to meet and talk to our outstanding alums and working with the wonderful staff at Mother Seton---and here's a special shoutout to Jen

Buchheister! --- have been a gift to me, and I am blessed to have been able to help out in this way.

Thanks to all of you who provided news and those who have read these letters!
Godspeed!

Kate Marshall, MSS 1969
