Minutes

Motion by Mr. Hall, second by Mr. McQuiston.

Mr. Schaefer commented on the contract noting he cannot support the contract as he feels it is unfair and unjust. He is determining personal animosity on this board and believes the business manager of this district should be paid much more higher, probably should be in the top three across the district in terms of who is paid. Some other reasons he will not go into supporting this is just not set well with me. He noted that a year ago when the new superintendent came in there was a move by the people on the board to pay what they called a competitive salary and he does not think this contract offered here delivers that. Therefore, he will vote no on this contract.

Mr. Williamson commented he had reservations on one and two only because he would like to see metrics tied into administrative positions, job descriptions are a given but there is no clear picture. Our president Mr. Nader has assured him he will be actively involved in mentoring for lack of better work to positions being up to par so he is for supporting one and two.
