

IMPORTANT DATES FOR BECK FOOTBALL 2026

Football Equipment Fitting

Tuesday, August 11th 8:00am – 12:00pm A link to sign-up will be sent via SportsYou

****If you cannot make it on this date, you will be fitted out on the first day of school, either during the PE/Athletics period or right after school.**

The district provides all necessary equipment other than footwear. Rubber cleats are preferable and metal cleats are prohibited. As a rule, Katy ISD does not allow players to use their own equipment. Exceptions are granted for certain equipment, but it must first be approved by the Athletic Coordinator and be accompanied by a district equipment donation form. Also, if you require a special mouthpiece due to some type of orthodontic appliance, then you will be responsible for whatever your orthodontist specifies.

First Day of Practice

Wednesday, August 12th 4:05-5:45 PM

Practice begins immediately after school and players should be picked up at 5:55 on the parking lot (west), side of the school.. Obviously, this will be a ‘warm’ time of the year, so remember to get outside as much as possible this summer so that you can acclimate yourself to the heat.

No player will be allowed to attend practice unless he has a fully completed UIL physical packet on file. The physical must include a letter of clearance from any doctor that prescribes any regularly taken prescription to that player, (ie....asthma, allergy prescriptions). The paperwork will be completed online to make the process convenient. The link to the online paperwork is <https://katyisd.rankonesport.com/>

“Meet the Coaches Night”

Tuesday, August 18th 5:30-6:30 PM

This meeting will take place in the competition gym and will last about an hour. It’s a very informative meeting that gives you a chance to find out who the coaches are and how our program works, along with the issuing of schedules, KISD guidelines, and insurance information.
