

Lodi Unified School District

1:1 Home to School Connection

Chromebook Care Plan

Chromebooks must be kept in good repair in order for students to receive their full benefit. As with any student use of school equipment, parents will be financially responsible for any willful, malicious, or accidental damage to the device as listed below. The District is pleased to offer the **Chromebook Care Plan** to offset charges for any necessary repairs. Plan details can be found at <http://www.lodiusd.net/1to1>.

Chromebook Repair Costs

Repair Description	Price
Keyboard/Mouse Replacement	\$50
Casing/Housing Replacement	\$80
Screen Replacement	\$75
Power Adapter Replacement (Not covered by CCP)	\$30
Chromebook Full Replacement	\$350
Touch Chromebook Full Replacement	\$400

Incentive Discount

An **Incentive Discount** may be applied at the time of purchase (see details at <http://www.lodiusd.net/1to1>). If your student qualifies for an *Incentive Discount*, a voucher will be emailed to your student prior to the start of the next school year. You must provide a copy of the voucher along with this signed form in order to receive the discount.

Chromebook Care Plan Election

I've elected to purchase a Chromebook Care Plan to cover accidental damage or theft of the Chromebook, at a cost of \$25 per student, per school year, less any incentive discounts applied. This is a non-refundable purchase and is active from the time of Purchase through the day before the start of the next school year.

To pay by credit card, visit our online payment center at
<https://www.lodiusd.net/parents/opc>

Or submit this completed form along with payment and incentive voucher (if applies) to your child's school.

Payment amount: _____ Payment type: ☐ Cash ☐ Check, # _____
