July 16, 2026

Dear Haldane Community:

The construction for our high school addition is well underway! Please note these important updates to campus access for the summer months:

- The playground and tennis courts are closed until further notice. Field access is permitted for scheduled events and team practices only.
- Access to campus is available via the main entrance at Route 9D only.
- Parking is available in the cafeteria lot and the bell lot.
- Visits to the **high school** are **by appointment only**. Please contact high school guidance (x224) or the main office (x 220) to schedule an appointment. All appointments will take place in the Main Building via the Middle School entrance.

We look forward to sharing updates as the work progresses. Details on campus access will be provided prior to the start of school.

Thank you,
Gail Duffy, EdD
