

Remsen Elementary School
Student Daily Transportation

One important piece of our preparation for the new school year is ensuring that we have accurate transportation information [to and from school] for each elementary student. Below is a quick form that will help us in collecting this information. Please complete a form for each child that you have attending Remsen Elementary School.

This form pertains to your child's regular daily transportation. We understand that at times it will be necessary to change your child's transportation arrangements temporarily, but this will provide us with your child's expected/default transportation information. If at any time you have transportation questions, please reach out to the transportation department at 315.205.4300 X6000 or the Elementary Main Office at 315.205.4300 x4223.

Child's Name: _____

My child's primary mode of transportation TO SCHOOL will be:

Parent Transportation

School Bus

My child's primary pick-up location will be:
