THE PROBLEM SCHOOLS FACE

Students need more than theory—they need practical skills for life. But schools often struggle with:

Teachers are overwhelmed and don't have time to build new courses.

Students need more than theory—they need real-world application.

Finding curriculum that aligns with standards and prepares students for the future.

Launching new programs can be complex and hard to sustain.

THE NOTABLE SOLUTION

We provide engaging, turn-key curriculum that gives students the skills, confidence, and experience to succeed.

REAL-WORLD APPLICATION

Students work on real projects, make decisions, and solve real challenges.

TEACHER-FRIENDLY

Complete lesson plans, pacing guides, activities, and assessments make it easy to launch.

STANDARDS-ALIGNED

Meets most state standards and provides support for multilingual learners (MLLs).

DEDICATED SUPPORT

Personal onboarding, training, and ongoing support from a dedicated account manager.

WHY SCHOOLS TRUST NOTABLE

PROVEN RESULTS

16,000+ students and 500+ schools have experienced Notable learning programs.

STUDENT OUTCOMES

Teachers report growth in confidence, financial literacy, critical thinking, and problem-solving.

ENGAGING & RELEVANT

Students are more engaged and apply what they learn—in class and in life.

A PARTNER, NOT JUST A PROVIDER

We walk alongside schools every step of the way.

OUR COURSES

ENTREPRENEURSHIP

Students launch real businesses and make real sales.

PERSONAL FINANCE

Students learn to manage money and build a strong financial future.

INVESTING

Students invest a \$100,000 mock portfolio with live market data.

PROVEN STUDENT OUTCOMES*

98%

Teachers reported students grew in confidence, creativity, perseverance, financial literacy, and more.

80%

Students that launched their business plan to continue with entrepreneurship.

\$375+

Average sales per student launching their business in Entrepreneurship 101.

\$215+

Average savings account growth for students that saved in Entrepreneurship 101.

*Results based on our latest cohort of students.

PREPARE STUDENTS FOR WHAT'S NEXT.

Equip them with practical skills, confidence, and experience to succeed in school, careers, and real life.
