Statement from Richmond County School System Regarding Belair Middle School

(AUGUSTA, GEORGIA) – The Richmond County School System has been made aware of a situation that occurred on the Belair Middle School campus today. School staff discovered threatening language written on a bathroom stall. This was immediately reported to the administration, and Richmond County School System (RCSS) Police are actively investigating the situation. We take all potential threats seriously. At this time, there is no indication of an active threat, and school operations have continued as normal. As a precaution, additional officers will be present on the campus tomorrow, and Belair Middle School will continue to reinforce established morning intake and safety procedures.

The Richmond County School System remains committed to maintaining a safe and supportive educational environment for its students and staff.

Because this is an ongoing investigation, this is all the information that we can share at this time.
