Richmond County School System Statement on Former Personnel and Student Safety

(AUGUSTA, GEORGIA) – The Richmond County School System, in coordination with local law enforcement authorities, has concluded an investigation into an incident involving a bus monitor on a district school bus.

Action was taken immediately to address the situation and the individual involved was terminated from employment. At the onset of the incident, the school system notified law enforcement, and charges were filed against the former employee. This was an isolated incident, and we are confident that it does not reflect the high standards of our transportation team.

The safety and well-being of our students remain our highest priority. The Richmond County School System takes all reports of misconduct seriously and acts decisively to ensure the safety of our school community whenever concerns arise.
