Wellness Policy Assessment Tool

Form 357 Rev 8/17

This template provides information on wellness policy goals and practices within the SFA. Use this tool to track progress and gather ideas on ways to create a healthier school environment. A separate assessment should be completed for each school, or at a minimum, each school level. The wellness policy and completed assessment must be available to the public. Triennial assessment is required by USDA, annual assessments are strongly encouraged in New Jersey.

VI. Additional Info:

Indicate any additional wellness practices and/or future goals used to establish a school environment that promotes students' health, well-being, and ability to learn. Describe progress made in attaining these goals.

Byram Intermediate School promotes wellness by providing counseling services and implementing MTSS to support students' academic and social-emotional needs. Staff receive training in trauma-informed and adolescent-focused practices. Students engage in physical education and extracurricular athletics, and nutrition education is incorporated into health classes and supported by the district's food service program. These initiatives foster student well-being, engagement, and a supportive school environment.
