The awarding bodies offer the following Enquiry about Results services.

Service 1: (Clerical re-check) This is a re-check of all clerical procedures leading to the issue of a result. Candidate consent is required.

Service 2: (Post results review marking) - This is a post results review of the original marking to ensure that the agreed mark scheme has been applied correctly. The service is available for externally assessed components of a modular, unitised or linear specification. Candidate consent is required.

Priority Service 2: (Post results review of marking) - This service is as Service 2, but is only available if the following criteria are met:
The enquiry is about an examination for a Level 3 qualification; A candidate's place in further/higher education is dependent upon the outcome. Any applications not meeting these criteria will be treated as normal service 2 requests. Candidate consent is required.

Service 3: (Post-results review of moderation) - This is a process in which the original moderation is reviewed to ensure that the required assessment criteria have been fairly, reliably and consistently applied. Please note that if the centre's coursework marks have been accepted without change by an awarding body, this service will not be available.
Candidate consent is not required.

*For Level 3 qualifications centres may request ATS (priority copies of scripts to support enquiries about results)
