Parent Square/Social Media

ParentSquare is the official communication platform for Zanesville City Schools. It provides a secure and supportive space for families and staff to connect, share important information, post questions, announce upcoming events, request assistance, and foster a strong sense of school community.

Here are some guidelines we would like to follow as a school community:

Think Before You Post

- Consider how your message might be interpreted.
- Avoid impulsive or emotionally charged posts.

Be Respectful

- Treat others with kindness and courtesy.
- Avoid offensive language, bullying, or discriminatory remarks.

Stay Appropriate

- Keep content school-appropriate.
- Avoid posting anything violent, sexual, or illegal.

Respect Privacy

- Don’t share personal information (yours or others') without consent.
- Avoid posting photos or videos of others without permission.

If you have a concern with a teacher, staff member, or student, please address it privately by calling the school or setting up a meeting. This includes screenshots of private conversations, personally attacking the school or any school employee in a negative way.

Ongoing violations of our school’s communication guidelines may lead to a restriction or removal of ParentSquare posting/messaging privileges. If you have concerns or questions, we encourage you to contact your child’s teacher directly or reach out to the school office for support.

STUDENT CODE OF CONDUCT, VIOLATIONS AND PENALTIES

Personal Appearance and Dress

Zanesville Middle School recognizes that grooming and mode of dress are personal attributes, and the responsibility for the individual's personal appearance is largely the responsibility of the student and his/her parents. However, community standards of decency and good taste in personal appearance are most important, especially in group settings with a life altering purpose.

One's dress and grooming tend to reflect one's attitude and respect for self, as well as others. Experience has shown that student attire has an effect on conduct, as well as general attitude toward educational tasks. Therefore, the school has a responsibility to determine guidelines for student dress and grooming in a manner creating an atmosphere conducive to maximum learning as well as to help prepare them for the world of work after graduation. In addition to being appropriate, the student's clothing should be clean. The student should have clean hair, body, fingernails and footwear.

Styles and the names of articles of clothing change frequently. Therefore, it is impossible to list all inappropriate items. In cases where there is a question of appropriateness for school, the principal or assistants will make the final decision.

The following articles of clothing and/or accessories are examples of inappropriate wear for school:

1. Halter tops, tube tops, tank tops, spaghetti strap tops, muscle shirts, net jerseys or any type top which exposes an unusual amount of the upper torso (girls or boys).
2. See through clothing.
3. Pajama pants or loungewear including house slippers.
4. Hats, bandanas, skullcaps, do-rags, sunglasses, visors, unless for medical reasons that have been cleared through the principal's office. This includes the hood of a hooded shirt.
   *Headbands may be worn to keep hair out of face/eyes.
5. Clothing which is torn, ripped, cut up or defaced. Holes in jeans/pants/shorts must be below fingertips. Any holes that lie above fingertips must be covered underneath with leggings or shorts.
6. Clothing with sexually suggestive or obscene words and/or pictures including double meaning; Any item promoting racial or ethnic disrespect; Items promoting violence, illegal acts or unethical behavior.
7. Clothing that fits improperly (too large, too small, too tight).
8. Shorts/skirts which do not equal the position of the fingertips with arms and fingers extended.
9. Wallet chains or other heavy chains (necklaces) capable of use as weapons.
10. Studded collars or wristbands, jewelry deemed dangerous.
11. No Costumes.
12. Winter Coats must be kept in lockers.
13. Any article that is deemed inappropriate or distracts from the daily learning process of the building.

Disciplinary Measures:
The school has the authority to take corrective disciplinary action against any behavior, whether covered in the written code or not. No behavior should be disruptive of the educational process of the school. The discipline process will be dealt with by the principal and/or the assistant principal as deemed necessary to provide a safe, drug-free school with an environment conducive to learning.

Disorderly Conduct Charges

Charges will be filed through the Muskingum County Prosecutor's Office when behavior is deemed "Habitually Disruptive" behavior. The term "disruptive behavior" means conduct of a student that is so unruly, disruptive or abusive that it seriously interferes with teachers' or administrators' ability to communicate with the students in a classroom, with a student's ability to learn, or with the operation of a school or school related activity, and which is not covered by other law related to violence or possession of weapons or controlled substances on school property, school vehicles or at school-related activities. Such behaviors include, but are not limited to: foul, profane, obscene, threatening, defiant, or abusive language or action toward teachers, students, or other school employees; defiance, ridicule or verbal attack of a teacher, and willful, deliberate and overt acts of disobedience of the direction of a teacher/administrator. Gun Free Schools Act

The Gun Free Schools Act (GFSA) states that each state receiving federal funds under ESEA must have in effect, by October 20, 1995, a state law requiring local educational agencies to expel from school for a period of not less than one year a student who is determined to have brought a weapon (or a look-alike) to school. Each state's law also must allow the chief administering officer of the local educational agency (LEA) to modify the expulsion requirement on a case-by-case basis.

Protocols During a School Lockdown

A lockdown is a precautionary measure in response to an identified threat at the school, a threat directed toward the school, or a threat or dangerous situation in the neighborhoods surrounding the school.

- All school activities are moved indoors.
- Dependent upon the type of lockdown, exterior and/or interior doors at the school are locked.
- With the exception of officially authorized personnel, no one is allowed to enter or exit the building.
- During a lockdown, the school is considered a secure area. School officials and law enforcement are working together to keep everyone safe.

- Parents/Guardians/Visitors may not come to the school during a lockdown. All school entrances and exits, driveways, and parking lots are to remain clear of traffic in the event that first responders are needed at the school and/or if school buses are needed to be brought in to evacuate students to a secondary location.
- Parents/Guardians are discouraged from calling the school directly as this hinders the ability of the staff to respond to the primary task of keeping everyone safe.
- Parents/Guardians may "pick-up" students from school once the "all-clear" signal is given and the lockdown is lifted.

There are three types of lockdowns utilized by the schools:

- Level 1 – used when there is a minor emergency or situation when there is no danger to students or staff.
- Level 2 – used when there is a danger or situation in the community.
- Level 3 – used when there is a direct emergency situation to the school.

Communication of a lockdown: When a lockdown is implemented, school administrators and school resource officers will work together to first ensure the safety of everyone on the school campus and assess the threat. Once the emergency situation has been resolved and the facts of the situation verified, a letter detailing the lockdown will be sent home with the students of the school which was placed on lockdown and a "one call" phone call will be issued to the parents/guardians of all students in the school district. Please make sure that your contact information is up-to-date so that you receive these types of important messages—school staff will use the most recent contact information on file to make notifications.

In larger emergencies that may result in students being relocated to a secondary site, parents/guardians will receive a "one call" with the location of the secondary site and the procedures for picking up students from this secondary site. This information will also be posted on the school district's website. The school district works directly with local media outlets as another source to provide the community with information.

Note: Each school also conducts lockdown and other safety drills practices on a routine basis. The school does not announce these drills or practices and does not send home correspondence regarding practice drills.

Permanent Exclusion of Nondisabled Students - As authorized by law, the Board of Education may permanently exclude any student who has been found guilty of committing, when sixteen (16) years of age or older, any of the following offenses while on school grounds and which are considered to be crimes when committed by an adult:

1. Possession or involvement with a deadly weapon.
2. Trafficking (use, possession, sale, exchange, etc.) in drugs.
3. Murder, involuntary manslaughter, assault or aggravated assault.
4. Rape, gross sexual imposition or felonious sexual penetration on school grounds, at a school event or when the victim is an employee of the district.
5. Complicity, regardless of where the complicity occurs, of any of the above crimes.

Wireless Communication Devices (WCD) Policy

1. Students may possess wireless communication devices (WCDs) in school, on school property, during after school activities (e.g. extra-curricular activities), and at school related functions, provided that during school hours and on school vehicles the WCDs are powered completely off (not on vibrate or silent mode). When students enter the building in the morning until the final bell rings, these devices are to be locked in hall lockers. Before the student enters onto school property, these devices should be out of sight.

A wireless communication device is a device that emits an audible signal, vibrates, displays a message, or otherwise summons or delivers a communication to the processor. The following

devices are examples of WCDs: cellular and wireless telephones, pagers/beepers, personal digital assistants (PDAs), BlackBerries/Smartphones, Apple Watches or any SMART watch, WiFi enabled or broadband access devices, two-way radios, video broadcasting devices, laptops, and any other devices that allow a person to record and/or transmit, on either a real time or delayed basis, sound, video, or still images, text, or other information. Student may not use WCDs on school property or at a school-related activity to access and/or view Internet web sites that are otherwise blocked to students at school.

Also, during school activities, when directed by the administrator or sponsor, WCDs shall be powered off and stored out of sight.

The requirement that WCDs must be powered off completely will not apply in the following circumstances, however permission must be given by the building principal:

-The student has a special health circumstance

-The student is using the WCD for an educational or instructional purpose with the teacher's permission and supervision. However, the use of WCD for communication purposes is expressly prohibited. This includes, but is not limited to, wireless internet access, peer-to-peer networking, or any other method of communication with other devices or networks.

Students are prohibited from using WCDs to capture, record, or transmit the words (i.e. audio) and/or images of any student, staff member, or other person in the school or while attending a school related activity, without express prior notice and explicit consent for the capture, recording, or transmission of such words and/or images. Using a WCD to take or transmit audio and/or images/video of an individual without his/her consent is considered an invasion of privacy and is not permitted. Students who violate this provision and/or use a WCD to violate the privacy rights of another person shall have their WCD confiscated and held at the discretion of the building principal and school resource officer.

Students not abiding by the wireless communication devices policy shall face the following consequences:

First Offense:	WCD will be confiscated, returned at the end of day and student will serve a lunch detention.
Second Offense:	WCD confiscated,returned at the end of the day, parents are contacted and student will serve a Friday School.
Third Offense:	WCD will be confiscated, student will serve 1 day In-School Suspension; parent will need to pick up device from the office

Each subsequent offense: WCD will be confiscated, student will serve OSS and parental/legal guardian required to pick up device from the office.

Note: If the student refuses to give the device to school personnel, the student will automatically be suspended for 1 full school day OSS.

Use and/or possession of Tobacco Products: Students are prohibited from the smoking, use, and/or possession of tobacco in any form. For purposes of this policy, "use of tobacco" means to chew or maintain any substance containing tobacco, including smokeless tobacco, in the mouth to derive the effects of tobacco, as well as all uses of tobacco, including cigars, cigarettes, alternative nicotine delivery system, pipe tobacco, chewing tobacco, snuff, any other matter or substances that contain tobacco, in addition to papers used to roll cigarettes and/or the smoking of electronic, "vapor," or other substitute forms of cigarettes, clove cigarettes and any other lighted smoking devices for burning tobacco or any other substance.

Any student caught using or possessing any type of tobacco product will be suspended and/or referred to the school resource officer. An underage possession charge will be filed by ZPD.

Bullying, Harassment, and other Forms of Aggressive Behavior: Harassment, Intimidation, or Bullying means any intentional written, verbal, graphic, or physical act that a student or group of students exhibited toward another particular student more than once and the behavior both:

. causes mental or physical harm to the other student/school personnel; and

A. is sufficiently severe, persistent, and/or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student/school personnel; and

Students who have accidents, no matter how trivial, are to report them to the supervising teacher. Seemingly trivial accidents sometimes have serious after effects. Your insurance protection, if you carry any, may be seriously affected if you fail to report accidents.

The Board of Education believes that the schools should help students learn to respect property and develop feelings of pride in community institutions. Therefore, the proper care of school property, school supplies and equipment provided for use or made available for use (textbooks, library books, computers, etc.) is the responsibility of the student.

Students will place their names and year of issue on the inside front cover of textbooks.

If no form is on file, the student will not be sent home. Unless a student is sent home by school personnel, it will be considered unexcused.

Students who become ill and need to go to a restroom will ask someone to go to the main office and advise of the need for assistance for that student. Claims such as, "I missed class because I was in the restroom," will not be accepted for missing classes or not reporting to the clinic.

If lunch is being delivered to the building by an adult, it is expected to be physically brought into the main office. Students may not order lunch from local businesses and have it delivered to ZMS.

Elevator

The elevator is used by faculty and custodians. However, a student may use the elevator in case of illness or injury. Students needing to use the elevator must obtain permission from the Principal's Office. Permission will be given after the student provides documentation from a physician or at the discretion of the administration.

Lost and Found

Lost and found objects can be turned in at the office**.**

Non Discrimination Policy

It is the policy of the Zanesville City Schools that educational activities, employment, programs and services are offered without regard to race, color, national origin, sex, religion, handicap or age.

If any student has been, or believes to have been, discriminated against because of any of the above, he/she may request a meeting with the principal to explain the problem.

Listen to WHIZ-AM & FM, WHIZ-TV, WCVZ-93-FM, WWJM-FM-106, WYBZ-FM-107.3, WSYX, WNKO, WCLT, ONN, and/or going to the WHIZ, whiznews.com or Zanesville City Schools, **zanesville.k12.oh.us.com** for school announcements. STUDENT EDUCATION TECHNOLOGY ACCEPTABLE USE AND SAFETY AGREEMENT

To access and use the District's Education Technology, including a school-assigned e-mail account and/or the Internet at school, students under the age of eighteen (18) must obtain parent permission. Students eighteen (18) and over may sign for themselves.

Use of the Education Technology is a privilege, not a right. The District's Education Technology, including its Internet connection and online educational services, is provided for educational purposes only. Unauthorized and inappropriate use will result in a cancellation of this privilege and possibly further disciplinary action.

The Board has implemented technology protection measures, which protect against (e.g. block/filter) Internet access to visual displays/depictions/materials that are obscene, constitute child pornography, or are harmful to minors. The Board also monitors online activity of students in an effort to restrict access to child pornography and other material that is obscene, objectionable, inappropriate and/or harmful to minors. Nevertheless, parents/guardians are advised that determined users may be able to gain access to information, communication, and/or services on the Internet that the Board has not authorized for educational purposes and/or that they and/or their parents/guardians may find inappropriate, offensive, objectionable or controversial. Students accessing the Internet through the school's computers assume personal responsibility and liability, both civil and criminal, for unauthorized or inappropriate use of the Internet.

The Board has the right, at any time, to access, monitor, review and inspect any directories, files and/or messages residing on or sent using the Board's Education Technology. Messages relating to or in support of illegal activities will be reported to the appropriate authorities. Individual users have no expectation of privacy related to their use of the District's Education Technology.

Parent/Guardian

As the parent/guardian of this student, I have read the Student Education Technology Acceptable Use and Safety Policy and Guidelines, and have discussed them with my child. I understand that student access to the Internet is designed for educational purposes and that the Board has taken available precautions to restrict and/or control student access to material on the Internet that is obscene, objectionable, inappropriate and/or harmful to minors. However, I recognize that it is impossible for the Board to restrict access to all objectionable and/or controversial materials that may be found on the Internet. I will not hold the Board (or any of its employees, administrators, or officers) responsible for materials my child may acquire or come in contact with while on the Internet. Additionally, I accept responsibility for communicating to my child guidance concerning his/her acceptable use of the Internet – i.e., setting and conveying standards for my daughter/son to follow when selecting, sharing and exploring information and resources on the Internet. I further understand that individuals and families may be liable for violations.

To the extent that proprietary rights in the design of a website hosted on Board-owned or leased servers would vest in my child upon creation, I agree to assign those rights to the Board.

Student

I have read and agree to abide by the Student Education Technology Acceptable Use and Safety Policy and Guidelines. I understand that any violation of the terms and conditions set forth in the Policy and Guidelines is inappropriate and may constitute a criminal offense and/or may result in disciplinary action. As a user of the Board's Education Technology, I agree to communicate over the Internet and through the Education Technology in an appropriate manner, honoring all relevant laws, restrictions and guidelines.

Teachers and building principals are responsible for determining what is unauthorized or inappropriate use. The principal may deny, revoke or suspend access to and use of the Education Technology to individuals who violate the Board's Student Education Technology Acceptable Use and Safety Policy and related Guidelines, and take such other disciplinary action as is appropriate pursuant to the Student Code of Conduct.

ZANESVILLE CITY SCHOOLS WEAPONS POLICY

Unfortunately, the issue of weapons being brought to school has become such a concern in our society that it mandates that we enact policies to provide a safe and secure environment for our children. Therefore, it is necessary to inform you of our school weapons policy so that each family understands the policy and the consequences for violations. The policy reads as follows:

Weapons

The Board of Education prohibits students from possessing, storing, making, or using a weapon, including a concealed weapon, in a school safety zone and any setting that is under the control and supervision of the Board for the purpose of school activities approved and authorized by the Board including, but not limited to, properly leased, owned, or contracted for by the Board, a school-sponsored event, or in a Board-owned vehicle.

The term "weapon" means any object which, in the manner in which it is used, is intended to be used, or is represented, is capable of inflicting serious bodily harm or property damage, as well as endangering the health and safety of persons. Weapons include, but are not limited to, firearms, guns of any type whatsoever, including air and gas-powered guns (whether loaded or unloaded), knives, razors, clubs, electric weapons, metallic knuckles, martial arts weapons, ammunition, and explosives.

Additionally, Section 2923.122 of the ORC makes it a felony for any person to knowingly convey, attempt to convey, or possess any deadly weapon or dangerous ordinance onto or on any property owned by or controlled by, or to any activity held under the auspices of a school. A violation may result in the student being expelled for a period of up to one calendar year. Violators of the discipline code may be referred to civil authorities. See Policy JFCJ.

Disciplinary action for violation of this policy is a suspension with a possible recommendation for expulsion. Copies of the discipline code and relevant board policies are online and available in the office, upon request, to students and parents. Disciplinary action will follow the Board of Education approved Discipline Code.

What Are the Protocols During a School Lockdown?

A lockdown is a precautionary measure in response to an identified threat at the school, a threat directed toward the school, or a threat or dangerous situation in the neighborhoods surrounding the school.

- All school activities are moved indoors.
- Dependent upon the type of lockdown, exterior and/or interior doors at the school are locked.
- With the exception of officially authorized personnel, no one is allowed to enter or exit the building.
- During a lockdown, the school is considered a secure area. School officials and law enforcement are working together to keep everyone safe.
- Parents/Guardians/Visitors may not come to the school during a lockdown. All school entrances and exits, driveways, and parking lots are to remain clear of traffic in the event that first responders are needed at the school and/or if school buses are needed to be brought in to evacuate students to a secondary location.
- Parents/Guardians are discouraged from calling the school directly as this hinders the ability of the staff to respond to the primary task of keeping everyone safe.
- Parents/Guardians may "pick-up" students from school once the "all-clear" signal is given and the lockdown is lifted.

There are three types of lockdowns utilized by the schools:

- Level 1 – used when there is a minor emergency or situation when there is no danger to students or staff.
- Level 2 – used when there is a danger or situation in the community.
- Level 3 – used when there is a direct emergency situation to the school.

Communication of a lockdown: When a lockdown is implemented, school administrators and school resource officers will work together to first ensure the safety of everyone on the school campus and assess the threat. Once the emergency situation has been resolved and the facts of the situation verified, a letter detailing the lockdown will be sent home with the students of the school which was placed on lockdown and a "one call" phone call will be issued to the parents/guardians of all students in the school district. Please make sure that your contact information is up-to-date so that you receive these types of important messages—school staff will use the most recent contact information on file to make notifications.

In larger emergencies that may result in students being relocated to a secondary site, parents/guardians will receive a "one call" with the location of the secondary site and the procedures for picking up students from this secondary site. This information will also be posted on the school district's website. The school district works directly with local media outlets as another source to provide the community with information.

Note: Each school also conducts lockdown and other safety drills practices on a routine basis. The school does not announce these drills or practices and does not send home correspondence regarding practice drills.

ZMS PBIS
AWARDS AND INCENTIVES

Objective: *Our focus is to promote a positive and safe learning environment that instills confidence in ALL students. Our PBIS program will motivate ALL students to have better attendance. Encourage EACH student to do better academically. Each student will be accountable for all actions while displaying responsibility, respect, and readiness in our building. Throughout each quarter there will be rewards and incentives that students will be able to earn.*

Perfect Attendance

· Certificates will be given to ALL students who have perfect attendance quarterly for each class (7th & 8th).
· Students who have attended the entire year without missing any days will be recognized during an end of the year function and will receive a certificate for "Perfect Attendance."

Student of the Month

Students will be nominated by their teachers for "Student of the Month." One 7th Grade Boy and Girl & one 8th grade Boy & Girl student will be selected each month. They will receive a certificate and t-shirt (and possibly other prizes/rewards) and also a picture that will be posted on our ZCS website.

STAR Wristband Program

(Students Taking Academic Responsibility)

STAR wristband program. The school has placed the emphasis on a school-wide system of support that includes proactive strategies for defining, teaching, and supporting appropriate student behaviors to create positive school environments. Instead of using a piecemeal approach of individual behavioral management plans, a continuum of positive behavior support for all students within a school is implemented in areas including the classroom and non-classroom settings (such as hallways, buses, and restrooms). Attention is focused on creating and sustaining primary (school-wide), secondary (classroom), and tertiary (individual) systems of support for all students by making targeted behaviors less effective, efficient, and relevant, and desired behavior more functional.

Through this program, ZMS acknowledges students' accomplishments in many different ways. The first way is giving them a wristband with each color representing a different level of accomplishment on a quarterly basis. The criteria for participation is as follows:

Blue STAR
Principal List 3.75 or Higher
No Office Discipline Referrals
1 or less Cell Phone (WCD) Violations
No more than 12 hours of unexcused absences

Red STAR
Honor Roll 3.0-3.74

No Friday School, In-School Suspension or OSS
2 or less Cell Phone (WCD) Violations
No more than 18 hours of unexcused absences

Based on the level they have earned, students can receive rewards, special privileges, and fun and educational field trips. Random rewards continue throughout the nine weeks, and the students proudly wear their wristbands every day. Every nine weeks, the STAR program recognizes new students who have earned "STAR" status. Being a STAR is a privilege, not a right. **Therefore, if students do not maintain their discipline throughout the nine weeks, they will lose the benefits/rewards they have earned for 10 weeks from the time of an incident. Once their 10 week band assignment is up they will be re-evaluated by administration and they will have the opportunity to gain the same color STAR band back. However, this is a one-time disciplinary offense to earn the band back. If they have more than one disciplinary incident they will not be eligible to gain their band back until the next STAR period.** These rewards will be taken at the discretion of the administration. However, Students are responsible for keeping up with their wristband. Replacement wristbands can be purchased for a cost of $5.

ATTENDANCE

Compulsory Education Law in Ohio

The ***Ohio Revised Code*** (state law) sections 3321.01•3321.04 require that a child between six and eighteen years of age shall attend school regularly unless the requirements have been met to be excused from attendance. It is the responsibility of the parent, guardian or person having responsibility of the child to make sure the child is sent to school. ***A child may not "drop out" of school until the age of eighteen. To drop out before age eighteen requires an age and schooling certificate available at the Zanesville City Schools' board offices from the Office of Student Services.***

The Board of Education is assigned strict responsibility as an agency of the state and is required to enforce regular attendance of students. The Board recognizes that regular attendance and promptness are indicators of habits that employers tell us are two of the worst problems they confront with newer or younger employees. In school, as in other facets of life, punctuality and regular attendance are necessary for success.

Reporting Absence

Again, the **1982 *Missing* Children's *Act*** requires that if a student is absent from school, a parent, guardian, or other responsible person, e.g., guardian **ad *litem*** must contact the school by 10 a.m. the day of the absence. If the parent fails to notify the school by 10 a.m., the absence will be considered unexcused.

The federal **1982 *Missing Children's Act*** also requires that the parent provide the school with current, working phone numbers (home, work place and some other responsible adult who may be contacted). This is necessary so the school can make contact in case the child is absent or there is an emergency.

Upon return to school, a written excuse from the parent, guardian, doctor, court or other responsible adult, which includes the student's name, the date(s) of absence and the reason for absence must be turned in to the student's home room teacher who will forward it to the attendance secretary.

Attendance Policy (revised 12/19/17):

The educational program offered by this District is predicated upon the presence of the student and requires continuity of instruction and classroom participation. Attendance shall be required of all students enrolled in the schools during the days and hours that the school is in session or during the attendance sessions to which s/he has been assigned.

In accordance with statute, the Superintendent shall require, from the parent of each student of compulsory school age or from an adult student who has been absent from school or from class for any reason, a written statement of the cause for such absence. The Board of Education reserves the right to verify such statements and to investigate the cause of each single absence or prolonged absence.

The Board considers the following factors to be reasonable excuses for time missed at school:

A. Personal illness (a written physician's statement verifying the illness may be required)
B. Illness in the family necessitating the presence of the child
C. Quarantine of the home
D. Death in the family
E. Necessary work at home due to absence or incapacity of parent(s)/guardian(s)
F. Observation or celebration of a bona fide religious holiday
G. Medically necessary leave for a pregnant student in accordance with the Policy 5751
H. Service as a precinct officer at a
I. Out-of-state travel (up to a maximum twenty-four (24) hours per school year that the student's school is open for instruction) to participate in a District-approved enrichment or extracurricular activity
   Any Classroom assignment missed due to the absence shall be completed by the student

Attendance need not always be within the school facilities, but a student will be considered to be in attendance if present at any place where school is in session by authority of the Board.

The Board shall consider each student assigned to a program of other guided learning experiences to be in regular attendance for the program provided that s/he reports to such staff member s/he is assigned for guidance

at the place in which s/he is conducting study, and regularly demonstrates progress toward the objectives of the course of study.

The Superintendent may excuse a student over fourteen (14) years of age from attendance at school for a future limited period for the purpose of performing essential work directly or exclusively for his/her parents or guardians. Such excuse should not exceed five (5) days and may at the discretion of the Superintendent be renewed for five (5) additional days. At no time, however, shall such excuse cause a student to be absent from school for a period of more than ten (10) consecutive days.

At the discretion of the Superintendent, a student may be excused for a longer period of time than ten (10) days if a child's parent or guardian has recently died or become totally or partially incapacitated and there is no older brother or sister living in the home who is out of school. (The Superintendent may request a certificate of a physician attesting to the physical condition of the parent or guardian.)

Attendance shall be taken at the beginning of every block/period in buildings with block/period-based scheduling. Absences from a class block/period shall be accounted for to the nearest full hour.

Attendance shall be taken at the commencement of the school day in buildings with non-period-based schedules. Attendance for students arriving late or leaving early must be tracked and recorded to the nearest full hour.

Excessive Absences

When a student of compulsory school age is absent from school with or without legitimate excuse for thirty-eight (38) or more hours in one school month, or sixty-five (65) or more hours in a school year, the attendance officer shall notify the child's parent or guardian of the child's absences, in writing, within seven (7) school days after the date of the absence that triggered the notice requirement. At the same time written notice is given, any appropriate intervention action listed herein may be taken.

A student will be considered habitually truant if the student is of compulsory school age and absent without a legitimate excuse for thirty (30) or more consecutive hours, for forty-two (42) or more hours in one (1) school month, or for seventy-two (72) or more hours in one (1) school year.

Legitimate excuses for the absence of a student who is otherwise habitually truant include but are not limited to:

A. The student was enrolled in another school district
B. The student was excused from attendance in accordance with R.C3321.04 or
C. The student has received an age and schooling certificate

GRADE POLICY AND PROCEDURES

Teachers at Zanesville Middle School use the following ranges when calculating grades in courses. For grade point average purposes, these grades are converted to a decimal value, as noted below.
(Board Policy 5421A – revised 4/17/2018) ~ Reporting in grades 7 - 12 will be by report card using the following marking system:

		Quality Points	Letter Grades
A	=	4.0000	A = 93 - 100

		No Credit/No GPA until final grade is awarded	
W	=	Withdrawn	Class started, but not completed.
		No Credit/No GPA	

Note: High School Level Courses in grades 7 - 12 including Honors, Advanced Placement, and College Credit Plus classes receive an additional GPA "add-on" of .3333 to the scale above. For more information on the grading policy, see the Board Policy 5421.

GRADE CALCULATION/WEIGHT

The final grade given in each course will be calculated by point values on assignments and weighted in three areas: Summative, Formative/Daily Assignments, Quarterlies/Exams. They will be weighted in the following manner:

- Summative – 70%
- Formative/Daily Assignments -30%

SCHOOL COUNSELING

The basic purpose of the school counseling program at Zanesville Middle School is to help students to better understand their educational environment and to assist them in planning their future educational and occupational goals. Counselors are not social/emotional therapists. Parents who feel their student has significant social/emotional problems are advised to seek a mental health clinician.

There are several guidance services which are designed to assist each student to make the most of his abilities and opportunities. Teachers and administrators will gladly confer with students and/or parents concerning student achievement and study habits in any subject area. Both students and parents are encouraged to make appointments with the administrators to discuss areas of interest or concern.

Individual conferences for students may be scheduled with the school administrators by reporting to the office and requesting an individual appointment. These conferences may be arranged before school or after school. Each conference is confidential. Students may request a conference for any of the following reasons:
(1) Educational, (2) Vocational, (3) Personal, (4) Social. Any topic or concern to a student may be brought to a counselor.

Course selection is of major importance to the student and therefore is an integral part of the administrators' function. Through individual interviews or group guidance, students are alerted to course offerings and to requirements for graduation.

Honor Roll and Principal's List

To be eligible for the school's academic honor roll, a student must be carrying a minimum of four (4) credits per semester and must have a 3.000 or higher grade point average for the grading period. To earn placement on the Principal's list, a student must be carrying a minimum of four (4) credits per semester and must have a 3.75 or higher grade point average for the grading period.

A nine week's grade of "F" renders a student ineligible for the honor roll that grading period. A student receiving an "I" will not be considered eligible for the honor roll until all work is completed.

Dropping and Changing Courses

Much time is spent scheduling courses appropriate to long-term goals and abilities. Dropping a class requires certain timelines to ensure that students are able to carry enough credits throughout the year. The following guidelines should be followed if a class is to be dropped.

- Year-long and 1st Semester Deadline: September 4, 2026
- 2nd Semester Deadline: – January 22, 2027

Washington DC, Kings Island and 8th Grade Dance

The 7th Grade Kings Island Field Trip, the 8th Grade Washington, D.C. Field Trip, and the 8th Grade Dance are considered privilege activities for students of Zanesville Middle School. Participation in these events is earned through positive behavior, responsible decision-making, and consistent school attendance.

Students must meet attendance expectations established by the school in order to participate in these activities. Students with excessive absences, excessive tardies, or patterns of chronic absenteeism may lose the privilege of attending these events.

In addition, any student who receives an out-of-school suspension for fighting or vaping during the school year will automatically forfeit the privilege of attending these activities. Administration reserves the right to review individual circumstances and make final determinations regarding eligibility for participation.

ATHLETIC DEPARTMENT

Sportsmanship

The students should share equal responsibility with the faculty, alumni, and community for establishing and maintaining good school practices and traditions at athletic contests. The following suggestions will serve as a guide.

Each individual spectator should:

1. Consider athletic opponents and officials as guests and treat them as such.
2. Assure the rights of students and adults who represent the opposing school.
3. Respect the rights of all spectators.
4. Recognize the authority and judgment of the coach.
5. Support the authority of school officials.
6. Applaud both teams as they come on the field of play.
7. Commend good plays by either team.
8. Cheer an injured player when he is removed from the game.
9. Support the cheerleaders.
10. Accept the officials' decisions.
11. Show self-control at all times during and after the game.
12. Cooperate in the care of school property.
13. Be modest in victory and gracious in defeat.
14. Live up to the spirit of the rules of fair play and sportsmanship.

ZANESVILLE CITY SCHOOLS
EXTRACURRICULAR CODE OF CONDUCT

INTRODUCTION

The Zanesville City Schools recognizes that representing the school in any athletic contest or extracurricular activity is a privilege – not a right – that calls upon students to demonstrate the highest qualities of citizenship and leadership throughout the entire year. Together with the Ohio High School Athletic Association, the Zanesville City Schools Board of Education recognizes that the use and abuse of tobacco, electronic cigarettes, alcohol, and other drugs have a negative effect on behavior, learning, and athletic development and performance. In addition, the use and abuse by a student-athlete or club member affects teammates, family members, and other significant people in his or her life. Student-athletes and club members should not attend or remain in attendance at functions in which peer group/underage alcohol or illegal drug use is taking place. It should be recognized that this type of unsupervised activity may create a negative reflection on both the individual and athletic program and/or club. Therefore, a year-round code of conduct has been established for student-athletes and club members.

Extracurricular activities covered by the policy include, but are not limited to:

Archery	Devilettes	Marching Band	Student Council
Baseball	F.C.A.	National Honor Society	Swimming
Basketball	Football	Quiz Team	Tennis
Bowling	Golf	Robotics	Thespians
Cheerleaders	Key Club	Soccer	Track & Field
Class Officers	Foreign Language Club	Softball	Volleyball
Cross Country	Managers / Statisticians	Senior Mentoring	Wrestling

As part of this Code of Conduct, Zanesville City Schools has adopted a Drug Testing Policy (attached) that will be applied to students in selected activities listed above. The fee is $20 per test. The District reserves the right to change the coverage of tested students in the future.

TERMS AND CONDITIONS

- **STUDENT-ATHLETE:** A student-athlete is a student who is or has participated in any of the athletic extracurricular activities listed above in middle or high school.
- **CLUB MEMBERS:** A club member is a student who has participated in any of the non-athletic extracurricular activities listed above in middle or high school.
- **ATHLETIC PARTICIPATION:** Percentages apply to regular season contests only, and student-athletes remain ineligible for post-season competition as long as any carry-over consequences exist.

- **CHEERLEADER SEASON:** Is considered to begin with the starting date for football practice and continues through the last official contest for varsity boys' basketball. For purposes of enforcing loss of participation, football and boys' basketball will be considered as two separate seasons. Acts of unacceptable conduct, such as – but not limited to – theft, vandalism, disrespect, immorality, or violations of the law tarnish the reputation of everyone associated with the athletic programs or clubs, and will not be tolerated. This code shall be in effect for 12 month a year, 24 hours a day, for those who made the team or joined the club. If you make the team and quit, the code still applies. The totality of the circumstances shall be considered in determining whether a student is in violation of the Hosting prohibition of this Code of Conduct. One or more students may be in violation of the Hosting prohibition for the same event.
- **FAILURE TO COOPERATE:** When, as a result of the consequences set forth hereinafter, a student-athlete or club member is required to attend alcohol and drug education, and if that student fails to agree to attend such a program, such failure to agree to attend will result in the athlete being removed from athletic participation, or club member from membership, until the starting date of the season in which the infraction occurred. The student-athlete or club member will be required to attend ten (10) hours of alcohol and drug education before further participation will be granted.
- **PROOF:** Discipline will be administered upon the basis of the preponderance of the evidence.

PENALTY DEFINITIONS FOR CODE OF CONDUCT RULES:

- To calculate the percentage of penalty for prohibition, the number of regular season contests scheduled will be used for each respective sport or club activity.
- When a penalty results in a prohibition of a partial contest, the fraction will be rounded to the nearest whole contest.

Example: 3.49 contests will be 3 contests; 3.50 contests will be 4 contests

If any activity goes into an extended season, the denial of participation would continue into the extended season. Example: Football = 10 games. A violation occurs after the 9th game and the student-athlete is suspended for two (2) games. The student would miss the 10th game and the first post-season game.

If denial of participation would extend into a student-athlete's next season. Example: A violation occurs after Football Game #9 and the student-athlete involved participates in both football and

basketball. The suspension would be Football Game #10 (10%) and Basketball Games #1 and #2 (10%), for a combined denial of 20%. A prohibited student-athlete who has a carry-over penalty into a succeeding sport must complete the season in good standing in order for the prohibition to be considered served.
Any sophomore, junior, or senior student-athlete who is serving a carry-over prohibition from participation will not be permitted to serve their prohibition by going out for a sport for the first time unless a prior commitment to that sport has been established.
The penalty for clubs or extracurricular activities is determined by dividing the length of the activity by the appropriate penalty. Example: 20% denial for a year-long activity would equal a 7-week penalty.

DRUG TESTING POLICY

The Zanesville City Schools Board of Education Drug Testing Policy was formed because of a concern that alcohol and illicit drugs may be used by Zanesville City Schools High School and Middle School students. This policy reflects the Zanesville City Schools Board of Education and the community's strong commitment to establish a truly drug and alcohol-free school program. Because of the pervasive nature of drug use in our local schools, Zanesville City Schools have selected student athletes, students who participate in competitive extracurricular activities, and students who, along with consent from their parents, volunteer to be tested, for inclusion in the testing pool. This policy applies to all athletes, volunteers and participants in extracurricular activities from grades 7-12.

PURPOSE OF THIS POLICY SHALL BE:

- To provide a healthy and safe environment to all students participating in the athletic extracurricular program.
- To discourage all students from using drugs and alcohol.
    - Students will assume all responsibility for regulating their personal lives in ways that will result in their becoming healthful members of a team and worthy representatives of the school and community.
- To provide students with the opportunity to become leaders in the student body for a drug-free school.
- To provide solutions for the student who does use drugs and alcohol.
- To provide the school with positive guidelines and disciplinary policies for violations of the drug free policy.
- To encourage those students who participate in athletic and extracurricular programs to remain drug and alcohol free.

The program does not affect the current policies, practices, or rights of the District regarding student drug and/or alcohol possession or use, where reasonable suspicion is established by means other than drug testing through this policy. The drug testing policy is non-punitive.
Students involved in extra-curricular activities need to be exemplary in the eyes of the community and other students. The drug testing and education policy is designed to create a safe, drug-free environment for students and assist them in getting help when needed. Although students risk the loss of continued participation in extra-curricular activities, no student shall be suspended or expelled from school as a result of any certified "positive" test conducted by his/her school under this program.
No student will be penalized academically for testing positive for banned substances. The results of drug tests will not be documented in any student's academic record.

Any student in grades seven (7) through twelve (12) and his/her parent(s) or legal guardian(s) must first sign a drug testing registration/consent form in order to be eligible to participate in any one (1) or combination of the following:

- Athletics
- Extra-curricular activities other than athletics, including marching band, Devilettes, and cheerleaders

DEFINITIONS

1. STUDENT ATHLETE - Any person participating in the Zanesville City Schools High School athletic program and/or contests under the control and jurisdiction of the Zanesville City Schools and/or the Ohio High School Athletic Association (OHSAA). This policy also includes cheerleaders and members of the marching band.
2. EXTRA-CURRICULAR - Any activity of a competitive nature that does not involve a grade.
3. ATHLETIC SEASON – In-season start dates will begin as published by the Ohio High School Athletic Association or sanctioning organization and continue until the completion of the awards program for that sport for the Zanesville City Schools. There are three athletic seasons: Fall, Winter, Spring. Once entered, the student will participate in the drug testing program for 1 year from date of signing consent.
4. RANDOM SELECTION – A system of selecting athletes for drug and alcohol testing in which each athlete shall have a fair and equitable chance of being selected each time selections are required.
5. ILLEGAL/ILLICIT DRUGS – Any substance included in 21 U.S.C. 802 (6), which an individual may not sell, offer to sell, possess, give, exchange, use, distribute, or purchase under State or Federal Law. This definition also includes all prescribed and over-the-counter drugs being used in any way other than for medical purposes in accordance with the directions for use provided for in the prescription or by the manufacturer. We may also test for Nicotine and Steroids.
6. ALCOHOL – Any intoxicating liquor, beer, wine, mixed beverage, or malt liquor beverage as defined in the Ohio Revised Code Section 4301.01. The term “alcoholic beverage” includes any liquid or substance, such as “near beer” which contains alcohol in any proportion or percentage. The term “alcoholic beverage” does not included a substance used for medical purposes in accordance with directions for use provided in a prescription or by the manufacturer and in accordance with school district policy and rules related to the use of prescription and non-prescription drugs, provided the substance is a) authorized by a medical prescription from a licensed physician and kept in the original container, which shall state the student’s name and directions for use or b) an over-the-counter medicine.

TYPES OF TESTING

1. TEAM TESTING – At the beginning of each season, all eligible students will submit to urine drug and alcohol testing. This testing will be completed early in the season on a specified date and time. The collection process will take place on school property or at a Board of Education approved testing facility. The Head Coach is responsible for ensuring that all student athletes and their parent/guardian/custodian properly sign the Informed Consent Agreement prior to testing. Any student moving into the District after the start of the season shall be tested prior to the time he/she joins the team.

2. RANDOM TESTING – In-season random testing shall be done throughout the season. Each team may have up to 20% of its eligible students tested per random selection. A student may be tested more than once per season. In the event of a positive result, the specimen will be sent to a laboratory for confirmation of results and a certified Medical Review Officer will determine the results.
    - Random selection of student athletes – The Athletic Director, under the Principal's supervision, will use a system to ensure that students are selected in a random fashion. This system may include computer generated random numbers or names or by pulling numbers from a pool of numbers equal to the number of eligible student athletes.
    - Scheduling of random testing – Random testing will be unannounced. The day and date will be selected by the Athletic Director and confirmed with the building administrator. Random testing may be done weekly.

3. DRUGS FOR WHICH ATHLETES MAY BE TESTED – LSD, Alcohol, Marijuana, Amphetamines, Methadone, Anabolic Steroids, Methaqualone, Barbiturates, Nicotine (Tobacco), Benzodiazepines, Opiates, Cocaine, Propoxyphene (Darvon), or any substance included in 21 U.S.C. 802 (6), which an individual may not sell, offer to sell, possess, give, exchange, use, distribute, or purchase under State or Federal Law. This definition also includes all prescribed and over-the-counter drugs being used in any way other than for medical purposes in accordance with the directions for use provided for in the prescription or by the manufacturer.
4. COLLECTION PROCESS – The student will be notified to report to the collection site. A specimen from the student will be collected as follows and all students must follow this process:
    - All students must have a picture ID or be identified by the Athletic Director, Principal, or Coach. No exceptions will be allowed.
    - Drug testing area must be secured during the testing.
    - Only lab technicians, designated school administrators and students will be witness to the test.
    - Privacy must be kept for all students.
    - The Athletic Director is responsible for ensuring that all of the forms are completed and signed by both parent/guardian/custodian and student. No student is to enter the collection site until forms, money and proper ID are collected.
    - If students arrive and cannot give a sample, they will need to start drinking water, pop or juice. After 36 oz. the human body will need to urinate.
    - No bags, backpacks, purses, cups, containers, or drinks will be allowed to enter the collection area. All coats, vests, jackets, sweaters, hats, scarves or baggy clothing must be removed before entering the collection site. Only pants/shorts and t-shirts or dresses may be worn in the collection area. Any infringement of the rules will result in the student taking the test over.
    - Students processed by the lab technician who cannot produce a sample will be kept in a secured area to wait until they can test. If they leave this area, they will not be allowed to test. Students who leave the secured area without providing a sample and without permission from the lab technician will be considered to have failed the test and will be administered the consequence of a 1st violation. They are not to have contact with anyone until after the sample is given.

- Students will be asked to hold out their hands and a sanitizer will be put on their hands or will wash hands with water. The bathroom personnel will add a dye to the toilet.
- Students will be asked to urinate directly into the collection cup given to them by the lab personnel. The lab technician will stand outside the stall and listen for normal sounds of urination.
- Any and all adulterations of the specimen will be detected and considered the same as a test refusal or 1st time infraction. (The lab checks every sample for adulteration, such as additives you drink or add to urine to change the sample.)
- Adulterations: We will treat adulterations and diluted samples as first-time offenses. They are not called positives but have the same consequences. A retest will be required within 24 hours.
- Any suspicion of tampering with the sample will be brought to the tester's attention. The sample will be screened or sent to the lab for immediate confirmation of tampering.
- The sample must be taken in one attempt and be at least 30 ml in size. The student must hand the cup to the lab technician.
- Students are not to flush the toilets or urinals. In the event that a student flushes the toilet he or she will be required to give a new sample immediately or the same will be invalid.
- With student watching, the lab technician will recap the sample and hand it to the student who must then return it to the intake technician. In the event that the student does not hand the cup directly to the intake technician, the sample is invalid and a new sample must be taken. If the student leaves the collection area or has contact with anyone, the sample will be invalid and the student will have to give another sample.

This collection procedure is subject to change because of procedural requirements by the testing agency. The School Board reserves the right to change the collection procedure to coincide with the testing guidelines set forth by the testing agency.
When using rapid screens, all non-negative screens will be sent out with a chain of custody to a certified laboratory for confirmation. A Certified Medical Review officer will verify the positive test.

The student-athlete or club member who has been charged with a felony is required to report the charge(s) to a school official (principal, athletic director, or his/her coach/advisor) within five (5) calendar days of the arrest. Each parent/guardian and student shall read all of the material and certify that they understand all athletic department rules and regulations, or club requirements of the Zanesville City School District. ATHLETIC DEPARTMENT

Athletic Eligibility

In order to be eligible for the first grading period upon entrance into grade 9, a student must have received passing grades in a minimum of four (4) classes for which they received grades in the immediately preceding grading period. In order to maintain eligibility for grades 9-12, a student must have received passing grades in a minimum of five (5) one credit courses, or the equivalent, in the immediately preceding grading period. In addition:

- Summer school, College Credit Plus and other educational options (e.g. work permitted after the conclusion of the grading period) may not be used to bring a student into compliance with scholarship bylaws, nor can they be used to compensate for lack of courses taken in the preceding grading period.
- OHSAA eligibility is dependent upon grades received in the immediately preceding grading period, which is not necessarily the semester or end-of-year grades.
- Those taking postsecondary school courses, including College Credit Plus, must comply with OHSAA scholarship regulations.
- The eligibility or ineligibility of a student continues until the start of the fifth school day of the next grading period, at which time the grades from the immediately preceding grading period become effective. Check with the principal or Athletic Director for the exact date that eligibility will be determined. To maintain eligibility for competition in sports through the OHSAA, students must be passing the equivalent of 5 full credit courses for High School or 4 classes for Middle School.

In addition to the above minimum OHSAA eligibility requirements, please note the additional board of education policy requirements below.

Quarterly Grade Point Average Requirement

The Ohio High School Athletic Association (OHSAA) student/athlete eligibility requirements will be implemented in full compliance as per our membership agreement with the OHSAA. As the OHSAA does not currently have a GPA requirement for student/athlete eligibility, and school districts may have student/athlete eligibility requirements beyond the minimum standard set by the OHSAA, the following policy section sets the GPA requirement for Zanesville Middle School (ZMS) and Zanesville High School (ZHS) students:

Zanesville Middle School

- All incoming 7th grade students are eligible for athletic participation for the first quarter of the school year.
- All middle school students must maintain a 1.75 GPA each quarter, in addition to the OHSAA eligibility requirements, to maintain athletic eligibility.
- Should a student fail to maintain the OHSAA eligibility requirements, that student will be ineligible to participate immediately in athletics until such time that the student meets the OHSAA eligibility requirements.
- Should a student fail to maintain the Zanesville City Schools GPA requirement, that student will be placed on Academic Probation and immediately placed into a school-provided study table for the probationary period. The student may continue full participation during the probationary period. The duration of the probationary period will be from the time the student's GPA is identified to be below the requirement through the 5th Monday of the grading period. At the conclusion of the probationary period, the student's GPA will be calculated for the current grading period. Should the student achieve the required GPA stated above, the student will regain his/her athletic eligibility standing. Should the student

fail to achieve the required GPA stated above, the student/athlete will lose his/her opportunity for participation for the remainder of the grading period.

Zanesville High School

- All fall athletes must meet the minimum GPA requirement based on the 4th quarter of the previous school year. Those below the required GPA, but meeting the OHSAA guidelines for eligibility, will be considered on Academic Probation.
- All 9th grade students must maintain a 1.85 GPA each quarter, in addition to the OHSAA eligibility requirements, to maintain athletic eligibility.
- All 10th, 11th, and 12th grade students must maintain a 2.00 GPA each quarter, in addition to the OHSAA eligibility requirements, to maintain athletic eligibility.
- Should a student fail to maintain the OHSAA eligibility requirements, that student will be ineligible to participate immediately in athletics until such time that the student meets the OHSAA eligibility requirements.
- Should a student fail to maintain the Zanesville City Schools GPA requirement, that student will be placed on Academic Probation and immediately placed into a school-provided study table for the probationary period. The student may continue full participation during the probationary period. The duration of the probationary period will be from the time the student's GPA is identified to be below the requirement through the 5th Monday of the grading period. At the conclusion of the probationary period, the student's GPA will be calculated for the current grading period. Should the student achieve the required GPA stated above, the student will regain his/her athletic eligibility standing. Should the student fail to achieve the required GPA stated above, the student/athlete will lose his/her opportunity for participation for the remainder of the grading period.

Transfer Students

- All OHSAA athletic eligibility requirements apply.
- The ZCS's GPA athletic eligibility requirement would begin for transfer students with the first full quarter that the student/athlete is enrolled in Zanesville City Schools.

Restoration of an "Incomplete" Grade

If a student's failure to meet the academic eligibility requirements is due to an "incomplete" grade given in one (1) or more courses the student was taking during the grading period in question, the student may have his/her eligibility restored once the "incomplete" has been changed to a passing letter grade provided:

- The failure to complete the required coursework during the grading period was due to calamity day(s), family tragedy, or illness or accident as verified by a physician; and
- The "incomplete" was given in accordance with Board of Education grading policies and procedures and is applicable to all students in the school; and
- The previously scheduled work and/or exams is/are completed within the time period provided in Board policy for completing work required to convert an "incomplete" into a letter grade; and
- There is no evidence that the "incomplete" was given in order to afford the student extended time in order to provide the student tutoring or other educational services simply to avoid a failing grade.

Specific documentation of criteria listed above must be submitted to the Ohio High School Athletic Association in order to be considered by the Executive Director for such a ruling.

Student identified as disabled under R.C. 3323 and the IDEA are subject to the eligibility standards established by this policy unless specifically exempted by the express terms of their individualized education program (IEP). An IEP can specify the criteria by which a grade will be determined for (a) course(s), given the student's individualized disability.

Since the primary purpose of the athletic program is to enhance the education of participating students as indicated in this policy, the Board places top priority on maximum student participation and the value of good sportsmanship and fair play.

The Board further adopts those eligibility standards set by the Constitution of the OHSAA that are consistent with State and Federal law, and shall review such standards annually to ascertain that they continue to be in conformity with the objectives of this Board.

No student shall be excused from a class or supervised study for an extended period of time to participate in interscholastic athletics.

The Board further directs that only those students may participate in the program of interscholastic athletics who have:

- Maintained a satisfactory academic record;
- Attended school regularly;
- Demonstrated good citizenship and responsibility;
- Returned all school and athletic equipment.

In order to minimize health and safety risks to student-athletes and maintain ethical standards, school personnel, coaches, athletic trainers, and lay coaches shall not dispense, supply, recommend, or permit the use of any drug, medication, or food supplement solely for performance-enhancing purposes. The Superintendent shall cause to be posted in all locker rooms in building that include students in any grade higher than the sixth grade, the following:

> "Warning: Improper use of anabolic steroids may cause serious or fatal health problems, such as heart disease, stroke, cancer, growth deformities, infertility, personality changes, severe acne, and baldness. Possession, sale, or use of anabolic steroids without a valid prescription is a crime punishable by a fine and imprisonment."

The Superintendent shall develop appropriate administrative guidelines for the operation of the Athletic Program and a Code of Conduct for those who participate. Such guidelines should provide for the following safeguards:

- Prior to enrolling in the sport, 1. Each participant shall submit to a thorough physical examination by a District-approved physician; 2. Parents shall report any past or current health problems along with a physician's statement that any such problems have or are being treated and pose no threat to the student's participation.
- Any student who is found to have a health condition that may be life-threatening to self or others shall not be allowed to participate until the situation has been analyzed by a medical review panel that has determined the conditions under which the student may participate. The District shall assume no liability for any student with a health condition who has been authorized to play by the parents and their physician but not by the District.
- Any student practicing for or competing in an interscholastic event who exhibits signs, symptoms, or behaviors consistent with having sustained a concussion or head injury shall be removed from the practice or competition by the student's coach (and/or referee during the practice or competition).

Any student who has been removed from practice or competition by a coach or referee because she/he has exhibited signs, symptoms, or behaviors consistent with having sustained a concussion or head injury shall not be permitted to return to any practice or competition for which the coach or referee is responsible until both the following occur:

- The student's condition is assessed by a physician or other health care provider authorized by the Board, in accordance with requirements set forth in R.C. 3313.539(E), to assess such a student.
- The student receives written clearance that it is safe to return to practice or competition from a physician or other health care provider authorized by the Board, in accordance with requirements set forth in R.C. 3313.539(E)(2), to grant such a clearance.

The Superintendent is also to develop guidelines for ensuring that sportsmanship, ethics, and integrity characterize the manner in which the athletic program is conducted and the action of students who participate.
Students will be further informed that participation in interscholastic sports is a privilege and not a right, and that they may be prohibited from all or part of their participation in such activities by authorized school personnel without further notice, hearing and/or appeal rights.
In order to support the Ohio High School Athletic Association's program to strengthen sportsmanship, ethics, and integrity, the Board commits itself to:

- Adopt policies (upon recommendation of the administration) that reflect the District's educational objectives and promote the ideals of good sportsmanship, ethics, and integrity;
- Establish standards for athletic participation that reinforce the concept that athletic activities are a privilege, not a right;
- Attend and enjoy school athletic activities, serving as a positive role model and expecting the same from parents, fans, participants, coaches, and other school personnel;
- Support and reward participants, coaches, school administrators, and fans who display good sportsmanship;
- Recognize the value of school athletic activities as a vital part of education.

No student will be denied the opportunity to participate in interscholastic athletics offered by a school in the District because the student has or is participating in college credit plus program as long as the student fulfills all academic, nonacademic and financial requirements.
Essential Considerations for the Student Athlete:

- Schedule properly. Be sure to schedule at least five credits per semester. More than the minimum five should be scheduled; then if there is difficulty and failure of a subject, it will not necessarily mean being ineligible.
- Coaches will conduct a pre-season meeting for parents and athletes where attendance is required. This meeting is designed to educate students and parents on eligibility issues as well as other pertinent policies and procedures.
- Students enrolled in the post-secondary option program (PSEO) are required to obtain, from their university instructor, written documentation of their grade(s) at the end of each Zanesville High School grading period (university or colleges may have different yearly times for changes in quarters, semesters, etc.).

ATTENDANCE

Zanesville City Schools sponsor athletic and extracurricular activities throughout their schools. To be eligible to participate, a student must:

- Be in attendance a minimum of four (4) class periods, or a time period that is greater than or equal to half of the academic day; or
- Students who are not in attendance at least 4 class periods, must be considered excused for the time missed. The list of acceptable excused absences is below:

All tardies and partial day absences will be tracked unless the reason for the absence is listed above.

- 3rd tardy/partial day absent will result in a conversation with the Athletic Director. Parent will also be notified.
- 4th and 5th tardy/partial day absent will result in a lunch detention.
- 6th and 7th tardy/partial day absent will result in a 2-hour Friday School
- 8th and subsequent tardy/partial day absences will result in a 2-hour Friday School and will not be able to participate in the next scheduled game.

    - Friday Schools are from 2:15PM – 4:15PM
    - Students must serve their Friday School on the day it is assigned
    - Students may participate in practice or games once they have served their lunch detention or Friday School
