| <b>Total</b>                                              | <b>18 cr with Diagnostics</b> |

Bachelor's Degree conferred at conclusion of the spring semester

### GRADUATE YEAR II (Fifth Year)

#### SUMMER

| <i>Session I</i>                                          | <i>Credits</i>               |
|-----------------------------------------------------------|------------------------------|
| SLP 560 Diag (3cr) with SLP 555 Diag Clin (1cr) <b>Or</b> | 4                            |
| SLP 601 Summer Clinic I (I-IV)                            | 3                            |
| <b>Total</b>                                              | <b>4 cr with Diagnostics</b> |

| <i>Session II</i>               | <i>Credits</i> |
|---------------------------------|----------------|
|                                 |                |
| SLP 602 Summer Clinic II (I-IV) | 3              |
| <b>Total</b>                    | <b>3</b>       |

| <i>Fall Semester</i>                                   | <i>Credits</i> |
|--------------------------------------------------------|----------------|
| SLP 610 Fieldwork I <b>(Education Specialist Cert)</b> | 9              |
| SLP 660 Comps Class/SLP 680 Thesis Option              | 3              |
| <b>Total</b>                                           | <b>12</b>      |

| <i>Spring Semester</i>                                  | <i>Credits</i> |
|---------------------------------------------------------|----------------|
| SLP 620 Fieldwork II <b>(Education Specialist Cert)</b> | 9              |
| SLP 650 Professional Issues                             | 3              |
| <b>Total</b>                                            | <b>12</b>      |

|                     |                                                                                                                                                                                                                                                                                                                                     |
|---------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Note 1:</b>      | Students are required to take two clinics (e.g., SLP 505, 605, 601, or 602) and are only required to take SLP 560 Diagnostics (3cr) with SLP 555 Diagnostic Clinic (1cr) once and SLP 515 Hearing Seminar once; Students will be split between the two semesters of SLP 515 Hearing Seminar (Fall/Spring Graduate I – Senior Year). |
| <b>Note 2:</b>      | Students who pursue Education Specialist Certification will need to pass the PRAXIS-SLP and complete a fieldwork in an educational setting.                                                                                                                                                                                         |
| <b>Note 3:</b>      | Students may need to take SLP 630 – a third field placement until they have satisfied the department’s and ASHA’s certification requirements pertaining to clinical experiences or if they failed SLP 610 or SLP 620.                                                                                                               |
| <b>Note 4:</b>      | For prerequisites, please refer to the catalog or advising sheet.                                                                                                                                                                                                                                                                   |
| <b>Note 5:</b>      | All students need two writing intensive courses. One is offered in the major. One needs to be outside the major.                                                                                                                                                                                                                    |
| <b>Note 6:</b>      | Students take RLS 121 and PHL 100 in first year - Catholic Intellectual Tradition                                                                                                                                                                                                                                                   |
| <b>Note 7:</b>      | Students are required to take WRT 101 - does not double dip as a disciplinary course                                                                                                                                                                                                                                                |
| <b>Note 8:</b>      | "Ways of Knowing Courses" - students take one course in the following: ENG, HIS, ARM (Arts, Film, Music -Formerly FA), MTH, BEH/SOC SCIENCE (PSY, SOC, BUS/ECON, POLYSCI), NAT SCI with lab (BIO, CHEM, PHY).                                                                                                                       |
| <b>Note 9:</b>      | One course in the following Core Program Learning Outcomes, PLO 1 (Quest for Ultimate Meaning, PLO 2 (Social Interactions and Systems), PLO 3 (Scientific and Quantitative Inquiry), PLO 4 (Past and Present Systems).                                                                                                              |
| <b>Note 10:</b>     | Two General/Free Elective Courses - chosen from any Core course (some core courses can only be FE)                                                                                                                                                                                                                                  |
| <b>Note 11:</b>     | CORE 300 - Capstone, Liberal Arts in Context - can be taken after student completes 54 credits - supports PLO 5 (Synthesis of liberal arts)                                                                                                                                                                                         |
| <b>Note Honors:</b> | Ways of Seeing - HNR 120, Breaking Boundaries - HNR 200. SOC/BEH/POLYSCI, MTH, WRT 101, PLO1 (2 courses), PLO 2, PLO3, PLO 4 (2 courses), Core Electives (3 courses), Honors Capstone                                                                                                                                               |

- \* If a different physical science course (e.g., Chemistry or Physics, which do not include earth or space science or forensics courses) is completed prior to enrollment at MU does NOT have a lab component, the life science course taken at MU will need to include a lab - LIFE AND PHYSICAL SCI REQ (ASHA)
- \* If student comes in with a PSY, SOC, or ECON class, they might already satisfy ASHA's requirement for a BEH/SOC science.
- \* Recommended does not denote required.
