Dear Spartan Community Member,

The Ocean Township School District is so pleased to count you among our community members. We often look for partnerships between the school district and the local community in the form of internships for students, fundraising opportunities, sponsorships, and more. We are well aware that the relationships we build with our local businesses has a direct impact on student learning, achievement, and opportunity, and for that we thank you.

One of Ocean Township's best characteristics is its close knit community. As a township we are known for coming together when it counts and making sure our children have the very best childhood and education we can give them. We teach our students that we are all one big Spartan family, and we have a responsibility to make our schools and community better. We call that creating our Spartan Legacies. You may have seen mention of that on our school digital signs on West Park Avenue.

On the following pages you will find information on how to become a Spartan Sponsor. Sponsoring our school district, and most importantly, our students may be one of the best investments your business can make in our community. We thank you in advance for considering supporting our schools and students in this way.

With much appreciation,

Kelly E. Weldon
Superintendent of Schools

9720. ADVERTISING IN THE SCHOOLS9720 ADVERTISING and SPONSORSHIPS

The Board of Education recognizes and appreciates the financial support received from federal and state funding sources and from local taxpayers. The Board is aware of the tax burden on the local taxpayer and desires to expand revenue sources for the financial needs of the school district. This encourages financial support to the school district through non-school sponsored organizations and Business/Personal advertisements. A "sponsor", for the purposes of this Policy, is a non-school sponsored person and/or organization that offers to provide support to the school district through financial or material means in exchange for recognition, advertisement and/or acknowledgement.

The Board believes school-community relationships based on sound principles and community input can contribute to maintaining and improving high quality education programs and facilities. Sponsorship and advertising activities that are consistent with the goals and objectives of the school district may be evaluated and recommended to the Board of Education for implementation within the district by the Superintendent. This Policy shall be administered to protect the school district's name, pupils, and/or staff against exploitation.

Advertising and Sponsorship activities must adhere to the following guidelines to be deemed permissible.

1. No advertising, promotion of, or links to alcoholic, tobacco, gambling, or drug based products that have addictive characteristics.
2. No advertising, promotion of, or links to services that would in any way lead to a violation of conditions of the Student Handbook or any Ocean Township policy and regulation.
3. No advertising, promotion of, or links to activities promoting violence, bias, or any suggestion of these elements in any form.
4. No political or religious advertisement of any kind.
5. In no case shall any promotion or advertisement suggest endorsement by or association with the Township of Ocean School District without prior agreement by the School District.
6. Advertisers/Sponsors will not collect personally identifiable information without express prior permission from the Township of Ocean Board of Education.
7. No advertisements that promote fraud in any form, such as vacations, investments, and "pyramid" business schemes; or advertisements that encourage fraudulent or inappropriate business or personal behavior.
8. The schools may not use films or other educational materials bearing any more than a simple mention of the producing or sponsoring firm.
9. The Superintendent may, at his or her discretion, allow Advertisers/ Sponsors with particular educational merit or that will promote activities that are in the general public interest.
10. Advertising or Sponsorship activities will in no way guarantee the sponsor or advertiser the right or advantage in being awarded any school district contact for goods and/or services.
11. Regardless of the amount, sponsorship activities will not be accepted with any conditions or expectations of a continued business relationship with the Board of Education.

Individual Sponsorship proposals will be evaluated on a case by case basis and any sponsored or donated material, equipment, personal property or other benefit derived by the District through sponsorships will be held to the same standards used for District purchases. Sponsorship proposals that provide gifts, grants and donations to the School District shall be accepted in accordance to with the provisions of Policy 7230 *Public Gifts to the Schools*.

All sponsorship proposals and advertising presented and approved by the Board shall be consistent with all district collective bargaining agreements, competitive bidding and purchasing laws, district policy and regulations, all applicable federal and state laws, and administrative codes, rules and regulations.

The Superintendent/Designee will serve to monitor these guidelines and all Advertisers/Sponsors will be provided to the Board of Education for prior approval. All Advertisers/Sponsors will be provided a copy of this policy.

7. Resembles a traffic control device;
8. Declares or implies an endorsement by the Board of Education; or
9. Is political, religious, issue-related, controversial in nature, or not age appropriate.
