

School Name	Intervention Start Date	Reasons	Status
DeKalb Preparatory Academy	Level 3: Probation on January 8, 2024 (renewal - corrective action plan) Level 4: Notification of Revocation Review on February 26, 2026	- During the current two-year extension, the petitioner has been cited for multiple incidents of noncompliance with FAPE (Free and Appropriate Public Education) as outlined in IDEA (Individuals with Disabilities Education Act). - During the current two-year extension, the instability in leadership that led to the extension has persisted. The current Head of School has been in this role since August 2023 and was preceded by three different Heads of School during the term of the two-year extension. The two current Principals have been in place since September 2023. The attrition rate for staff was 53% in both SY21-22 and SY22-23. - Though the broad flexibility of the charter contract allows for the	Level 4: Notification of Revocation Review

		waiver of certification, the high percentage of non-certified teachers does not appear to yield significant academic returns for students. Per the petitioner, the percentage of certified teachers for both 2022-2023 and 2023-2024 is 50%. The school's Georgia Milestones End-of-Grade summary report indicates that DPA did not outperform the district or state at any grade level in ELA or mathematics, including 8.77% proficiency in 4th grade mathematics, 5% proficiency in 5th grade mathematics, 14.55% proficiency in 8th grade mathematics, and 23.64% proficiency in 8th grade ELA.	
DeKalb PATH Academy	January 9, 2025 (renewal)	- DeKalb PATH Academy has agreed with its current leaser to a two-year lease extension ending June 30, 2027. However, the Governing Board did not provide a	Level 2: Notice of Breach (corrective action plan)

		plan for leasing or purchasing a facility beyond June 30, 2027. - In 2019, PATH's current charter was renewed with the condition that "the petitioner will consistently adhere to Georgia's Open Records and Open Meetings laws by making all required documentation and information available on its Governing Board web page in a timely and organized manner." This condition has not been met. - As acknowledged in the petition, DeKalb PATH Academy did not meet CCRPI content mastery targets for either of the data reporting years in the current charter term. Additionally, PATH did not meet its 2022-2023 elementary progress score target. - As of January 9, 2025, 102 out of 178 English learners at DeKalb PATH Academy did not make

		positive band-to-band movement on the 2024 ACCESS assessment and require Instructional Language Plans.	
Museum School of Avondale Estates	September 19, 2025	• Lack of Documentation: Behavior infractions are not being consistently entered into Infinite Campus (CJ). This omission prevents the District from maintaining accurate records and from implementing timely interventions and supports. • Compliance with IDEA: Under IDEA (34 C.F.R. §§ 300.530-300.536), schools are required to track disciplinary removals and behaviors that may constitute a change of placement. Without documented behavior entries in IC, the District cannot ensure compliance with these federal protections. • Impact on FAPE: Accurate and timely entry of behavioral	Level 1: Notice of Concerns (corrective action plan)

		incidents is necessary to determine whether students with disabilities are being denied a Free Appropriate Public Education (FAPE). A lack of documentation hinders the District's responsibility to provide data-driven supports, functional behavioral assessments (FBAs), and behavioral intervention plans (BIPs) where needed. • Child Find & Monitoring: IDEA (34 C.F.R. § 300.111) mandates Child Find obligations. Failure to enter behavioral incidents obscures patterns that may indicate the need for evaluations, services, or accommodations for students not yet identified.
