K - 4	Reading Interventionist	$79,917	MTSS - Tier 3 Reading Intervention
6 - 8	Supplemental Core Content Area Teaching Staff - Career Explorations	$136,153	Well Rounded Education College & Career Readiness
9	Career & Technical Course Work	$66,087	Well Rounded Education College & Career Readiness
9 -12	Supplemental EL Support	$30,853	Reading Intervention
9 - 12	College & Career Readiness Counseling	$264,170	Well Rounded Education College & Career Readiness - Transition Coaching

District Methodology and Process Used to Allocate Funds
The methodology used to determine how the funds are used each year is through the District's MICIP Executive Team process - ATA is a single building district.

The district leaders share the funding amounts each spring, or as they become available. District set-asides are taken off the top of the allocation, and then the remaining funds are allocated based on need from each department.

School (grade bands) & department teams have the opportunity to conduct grade band level needs assessments, and then determine the evidence-based practices to be implemented. Each practice aligns to an evidence-based strategy from the MICIP Strategy Bank provided by the Michigan Department of Education. These are listed in the table above under Goals/Strategies.

Parent Feedback and Questions can be submitted to:
