Dennis M. and Lois A. Doyle Family Foundation Seedling Program

The Doyle Family Foundation Seedling Matching Program has been instrumental to St. Xavier in increasing its endowment for scholarships and programs. The Doyle Family Foundation plants a Seedling matching gift of $10,000 or more to establish an endowment in a benefactor's name. The benefactor makes additional agreed-upon gifts totaling at least $40,000 over a 3-5 year period to grow the endowment to at least $50,000.

Upon receipt of the initial installment and completion of a simple pledge form, the Doyle Family Foundation contributes the agreed-upon Seedling matching gift to the benefactor's endowed fund.

Scholarship donors are matched with a particular student receiving aid equivalent to the income produced by their endowed fund and are invited to meet their student at an annual luncheon.

Impact the direction of a young man's life by participating in the Doyle Family Foundation Seedling Program.

All funds contributed to your endowed scholarship or program fund become part of the St. Xavier endowment. A portion of the income earned, as determined by the Board of Trustees, shall be utilized each year to fund a tuition assistance scholarship for one or more students, or operating dollars for the specific program.

For more information regarding the Doyle Family Foundation Seedling program or other giving opportunities at St. X, you can contact Ed Franchi at efranchi@stxavier.org or by phone at 513-618-3241.
