

Los Alamitos High School Chromebook Insurance Plan

Chromebook Insurance Coverage

Los Alamitos High School (LAHS) offers an optional annual purchase to cover the replacement and service of your Chromebook in the event of reasonable accidental damage that occurs from regular use. **LAHS Chromebook Insurance does not cover (California Education Code 48904):**

- Theft or loss of the Chromebook outside of the school campus.
- Malicious damage under any circumstances.

The LAHS Chromebook Insurance Plan will cover up to the Chromebook's replacement cost through the duration of the current school year. Chromebook manufacturer defects will be covered at no additional cost. The plan will also provide a loaner Chromebook while the broken Chromebook is being repaired. **The annual premium for Chromebook Insurance is \$35 per Chromebook, due to the Activities Office, prior to an accidental incident.**

Insurance Participation & Purchase

Students purchase Chromebook Insurance during registration at the Activities Office service location. If the student misses this step during registration, insurance can be purchased in the first few weeks of school at the Activities Office.

Chromebook Repair & Replacement Costs

Students who are not participating in the Insurance Plan or who have exceeded the Chromebook's replacement cost for the current school year will be responsible for any damage and replacement costs. During the repair, a loaner Chromebook will be issued. The invoice for repairs must be paid, and the loaner Chromebook must be returned prior to receiving the repaired/replaced Chromebook.

Listed below are the current, July 2026, approximate repair costs for a Chromebook:

Part Description	Approximate Cost
Entire Chromebook	\$300
LCD Screen	\$120
Keyboard	\$75
Device Charger	\$30
