

Quiz, Test, & Exam Student Contract

Mrs. Sirk's Classroom

To maintain a fair and secure testing environment for all students, the following expectations apply during every quiz and exam.

As part of the school-wide electronic device policy, **cell phones, smart watches, earbuds, headphones, and all other personal electronic devices are not permitted in the classroom during instructional time or assessments.** Students are expected to have these items secured in their assigned locker before arriving to class.

If a student is found to have a cell phone, smart watch, earbuds, headphones, or any other electronic device on their person or within their possession during a quiz or exam—**regardless of what the device was used for**—the student will receive an **automatic zero** on the assessment.

Testing Procedures

When a student finishes a quiz or exam, the assessment must remain **face down on the student's desk** until Mrs. Sirk has collected all assessments from the entire class. Students may not bring their assessment to the teacher's desk or leave the room with it.

Because assessments remain in the classroom until everyone has finished testing, **any talking, whispering, communicating, or other form of interaction after completing an assessment and before all tests have been collected will result in an automatic zero on the assessment.** This policy helps protect the integrity and fairness of the testing environment for every student.

By signing below, the student acknowledges that they have read, understand, and agree to follow the testing expectations outlined above.
