

What is a School-Parent Compact?

A **School–Parent Compact** outlines how families and schools can work together to support student success. This compact provides strategies to strengthen the connection between learning at school and learning at home, helping every student achieve their highest potential. An effective compact:

- Connects to academic achievement goals
- Focuses on student learning and success
- Shares strategies that staff, parents, and students can use to support learning
- Explains how parents and teachers will communicate about student progress
- Describes opportunities for parents to be actively involved in their child's education

By working together, families and schools create a strong partnership that supports student growth, achievement, and lifelong success.

Jointly Developed

Parents, students, and staff of FCHS worked together to develop the school-parent compact. Teachers met and developed strategies to enhance the ways parents can help their students at home. Parents provided feedback on their needs to support their child's education better. Students shared ideas for their portion of the compact. Meetings are held each year to review and revise the compact based on achievement goals and students' needs.

Parents are welcome to contribute comments at any time.
