

Greetings! My name is Jodi Monroe, and I am one of the school counselors here at CHS. I will also serve as the coordinator for the After-School Experience (ASE) this year. I would like to share a few things with you so you know a little bit about this new program.

First, The Conaton Library Unified Media Center will be open Monday-Thursday from 3:30-5:00 p.m. each day for quiet study. The adult supervisor will check-in with students, work through daily grade checks, and verify homework is being turned in on time. National Honor Society students will also be available to assist students with homework.

Second, the Student Life Center (SLC) will be available Monday-Friday from 3:30-5:00 p.m. The SLC location will have a coffee house “vibe” with Johnny Mac’s also being open to students. This location will also have an academic focus with grade checks, check-ins, and verifications that students are turning homework in on time. National Honor Society students will also be available to assist with homework.

Students’ behavior will be expected as such that keeps both locations conducive to learning and studying. Students with A’s and B’s, with no late homework, will be allowed to play board games, go outside to the courtyard to play frisbee or football, and/or be on their phones/iPads.

Fridays at the ASE! New this year, and to support the arts and school spirit initiatives, Fridays will be a little more relaxed with occasional student live music performances and school spirit initiatives before games. The goal is for students to work hard academically Monday-Thursday and then be rewarded on Fridays!

We invite every student to join our After-School Experience. There’s no cost and no need to register. Any student still on campus after school who isn’t attending another supervised event is welcome to participate. This time is designed for students to continue building lasting connections and enjoy the unique resources that make the Hill such a special place.
