

Book	Policy Manual
Section	200 Pupils
Title	School Wellness
Code	246
Status	Active
Adopted	June 15, 2026

Purpose

The Mt. Lebanon School District recognizes that student wellness and proper nutrition are related to students' physical well-being, growth, development and readiness to learn. The Board is committed to providing a school environment that promotes student wellness, proper nutrition, nutrition education and promotion, and regular physical activity as part of the total learning experience. In a healthy school environment, students will learn about and participate in positive dietary and lifestyle practices that can improve student achievement.

Authority

The Board adopts this policy based on the recommendations of the Wellness Committee and in accordance with federal and state laws and regulations.

To ensure the health and well-being of all students, the Board establishes that the District shall provide to students:

1. A comprehensive nutrition program consistent with federal and state requirements.
2. Access at reasonable cost to foods and beverages that meet established nutrition guidelines.
3. Physical education courses and opportunities for developmentally appropriate physical activity during the school day.
4. Curriculum and programs for grades K-12 that are designed to educate students about proper nutrition and lifelong physical activity, in accordance with State Board of Education curriculum regulations and academic standards.

Delegation of Responsibility

The Superintendent or designee shall be responsible for the implementation and oversight of this policy to ensure each of the District's schools, programs and curriculum is compliant with this policy, related policies and established guidelines or administrative regulations.

Each building principal or designee shall annually report to the Superintendent or designee regarding compliance in their school.

Staff members responsible for programs related to school wellness shall report to the Superintendent or designee regarding the status of such programs.

The Superintendent or designee and the established Wellness Committee shall conduct an assessment at least once every three (3) years on the contents and implementation of this policy as part of a continuous improvement process to strengthen the policy and ensure implementation. This triennial assessment shall be made available to the public in an accessible and easily understood manner and include:

1. The extent to which each District school is in compliance with law and policies related to school wellness.
2. The extent to which this policy compares to model wellness policies.
3. A description of the progress made by the District in attaining the goals of this policy.

At least once every three (3) years, the District shall update or modify this policy as needed, based on the results of the most recent triennial assessment and/or as District and community needs and priorities change; wellness goals are met; new health science, information and technologies emerge; and new federal or state guidance or standards are issued.

The District shall annually inform and update the public, including parents/guardians, students, and others in the community, about the contents, updates and implementation of this policy via the District website, student handbooks, newsletters, annual District report, posted notices and/or other efficient communication methods. This annual notification shall include information on how to access the School Wellness policy; information about the most recent triennial assessment; information on how to participate in the development, implementation and periodic review and update of the School Wellness policy; and a means of contacting Wellness Committee leadership.

Guidelines

Recordkeeping

The District shall retain records documenting compliance with the requirements of the School Wellness policy, which shall include:

1. The written School Wellness policy.
2. Documentation demonstrating that the District has informed the public, on an annual basis, about the contents of the School Wellness policy and any updates to the policy.
3. Documentation of efforts to review and update the School Wellness policy, including who is involved in the review and methods used by the District to inform the public of their ability to participate in the review.
4. Documentation demonstrating the most recent assessment on the implementation of the School Wellness policy and notification of the assessment results to the public.

Wellness Committee

The District shall establish a Wellness Committee comprised of, but not necessarily limited to, at least one (1) of each of the following: School Board member, District administrator, District food service representative, student, parent/guardian, school health professional, physical education teacher, Parent-Teacher Council member, and member of the public. It shall be the goal that committee membership will include representatives from each school building and reflect the diversity of the community.

The Wellness Committee shall serve as an advisory committee regarding student health issues and shall be responsible for developing, implementing and periodically reviewing and updating a School

Wellness policy that complies with law to recommend to the Board for adoption.

The Wellness Committee shall review and consider evidence-based strategies and techniques in establishing goals for nutrition education and promotion, physical activity and other school based activities that promote student wellness as part of the policy development and revision process.

Nutrition Education

Nutrition education will be provided within the sequential, comprehensive health education program in accordance with curriculum regulations and the academic standards for Health, Safety and Physical Education, and Family and Consumer Sciences.

Nutrition education in the District shall teach, model, encourage and support healthy eating by students. Promoting student health and nutrition enhances readiness for learning and increases student achievement.

Nutrition education lessons and activities shall be age-appropriate.

Nutrition Promotion

Nutrition promotion and education positively influence lifelong eating behaviors by using evidence-based techniques and nutrition messages, and by creating food environments that encourage healthy nutrition choices and encourage participation in school meal programs.

Consistent nutrition messages shall be disseminated and displayed throughout the District, schools, classrooms, cafeterias, homes, community and media.

District schools shall offer resources about health and nutrition to encourage parents/guardians to provide healthy meals for their children.

Nutrition content of school meals shall be available to students and parents/guardians. An annual notification will be included with back-to-school information.

District staff shall cooperate with agencies and community organizations to provide opportunities for appropriate student projects related to nutrition.

The District recognizes that eating disorders and disordered eating behaviors can affect a student's health, well-being, and academic success. Nutrition education and wellness programs shall promote healthy eating habits, positive body image, and overall wellness.

Staff are encouraged to foster a school environment free from weight-based stigma and supportive of healthy relationships with food and physical activity. When concerns arise, appropriate referrals to school support personnel and community resources shall be made in accordance with District procedures.

Physical Activity

Age-appropriate physical activity opportunities, such as outdoor and indoor recess, before and after school programs, during lunch, clubs, intramurals and interscholastic athletics, shall be provided to meet the needs and interests of all students, in addition to planned physical education.

A physical and social environment that encourages safe and enjoyable activity for all students shall be maintained.

Students and their families shall be encouraged to utilize District-owned physical activity facilities, such as playgrounds and fields, outside school hours in accordance with established

District rules.

The District shall cooperate with the police and public safety departments to encourage recommended walking routes to school.

Physical Education

A sequential physical education program consistent with curriculum regulations and Health, Safety and Physical Education academic standards shall be developed and implemented. All District students must participate in physical education.

Physical education classes shall be the means through which all students learn, practice and are assessed on developmentally appropriate skills and knowledge necessary for lifelong, health enhancing physical activity.

A local assessment system shall be implemented to track student progress on the Health, Safety and Physical Education academic standards.

Students shall be moderately to vigorously active as much time as possible during a physical education class. Documented medical conditions and disabilities shall be accommodated during class.

Safe and adequate equipment, facilities and resources shall be provided for physical education courses. Schools should contribute to providing children the opportunity to accumulate at least sixty (60) minutes of age-appropriate physical activity on most days of the week. The sixty minutes include physical activity outside of the school environment, such as outdoor play at home, sports, etc. Physical education shall be taught by certified health and physical education teachers.

Per Pennsylvania Chapter 4 Regulation, athletics or other physical activities such as marching band are not to be substituted for physical education.

Documented health conditions and disabilities shall be accommodated during Physical Education class in accordance with doctor's orders, Section 504 Plans, or IEPs.

Other School Based Activities

Students will have access to hand washing or sanitizing stations before meals. Safe drinking water shall be available and accessible to students, without restriction and at no cost to the student, at all meal periods and throughout the school day.

- The District will provide adequate space for eating and, where applicable, serving meals.
- The District will provide a clean and safe meal environment.
- The District will provide adequate time to eat: ten (10) minutes sit down time for breakfast and twenty (20) minutes sit down time for lunch.
- Students who are fasting or refraining for religious reasons from all food and drink, including water, from sunrise to sunset each day will be offered:
 - A Place for Reflection: To respect this time of fasting, each school will provide a place for reflection during lunchtime for students.
 - Consider physical activity. Students may ask to modify their exercise or to be excused from PE and others will choose to participate fully in these activities. The school will work with students to identify their needs.

Only authorized staff will have access to the food service operation. Nutrition professionals who

meet hiring criteria established by the District and in compliance with federal regulations shall administer the school meals program. Professional development and continuing education shall be provided for District nutrition staff, as required by federal regulations.

District schools may implement alternative service models to increase school breakfast participation where possible, such as breakfast served in the classroom, “grab & go breakfast” and breakfast after first period to reinforce the positive educational, behavioral and health impacts of a healthy breakfast. Furthermore, the District will make available the nutrition content of school meals to the school community.

Students may be involved in menu selections through various means, such as taste testing and surveys.

Nutrition Guidelines for All Foods/Beverages at School

All foods and beverages available in District schools during the school day shall be offered to students with consideration for promoting student health and reducing obesity.

Foods and beverages provided through the National School Lunch or School Breakfast Programs shall comply with established federal nutrition standards.

Competitive Foods -

Competitive foods available for sale shall meet or exceed the established federal nutrition standards (USDA Smart Snacks in School). These standards shall apply in all locations and through all services where foods and beverages are sold to students, which may include, but are not limited to: a la carte options in cafeterias, vending machines, school stores, snack carts and fundraisers.

Competitive foods are defined as foods and beverages offered or sold to students on school campus during the school day, which are not part of the reimbursable school breakfast or lunch. For purposes of this policy, school campus means any area of property under the jurisdiction of the school that students may access during the school day.

For purposes of this policy, school day means the period from midnight before school begins until thirty (30) minutes after the end of the official school day.

The District may impose additional restrictions on competitive foods, provided that the restrictions are not inconsistent with federal requirements.

Fundraiser Exemptions -

Fundraising activities held during the school day involving the sale of competitive foods shall be limited to foods that meet the Smart Snacks in School nutrition standards, unless an exemption is approved in accordance with applicable Board policy and administrative regulations.

The District may allow a limited number of exempt fundraisers as permitted by the Pennsylvania Department of Education each school year: up to five (5) exempt fundraisers in elementary and middle school buildings, and up to ten (10) exempt fundraisers in high school buildings. Exempt fundraisers are fundraisers in which competitive foods are available for sale to students that do not meet the Smart Snacks in School nutrition standards.

The District shall establish administrative regulations to implement fundraising activities in District schools, including procedures for requesting a fundraiser exemption.

Non-Sold Competitive Foods -

Non-sold competitive foods available to students, which may include but are not limited to foods and beverages offered as rewards and incentives, at classroom parties and celebrations, or as shared

classroom snacks, shall meet or exceed the standards established by the District.

If the offered competitive foods do not meet or exceed the Smart Snacks in School nutrition standards, the following standards shall apply:

1. Rewards and Incentives:
 - a. Foods and beverages shall not be used as a reward or incentive in District schools.
2. Classroom Parties and Celebrations:
 - a. Parents/Guardians shall be informed through newsletters or other efficient communication methods that foods/beverages should only be brought in when requested for scheduled parties.
3. Shared Classroom Snacks:
 - a. Shared classroom snacks are not permitted in District schools.

The District shall provide a list of suggested nonfood ideas and healthy food and beverage alternatives to parents/guardians and staff, which may be posted via the District website, student handbooks, newsletters, posted notices and/or other efficient communication methods.

Marketing/Contracting -

Any foods and beverages marketed or promoted to students on the school campus during the school day shall meet or exceed the established federal nutrition standards (USDA Smart Snacks in School) and comply with established Board policy and administrative regulations.

Exclusive competitive food and/or beverage contracts shall be approved by the Board, in accordance with provisions of law. Existing contracts shall be reviewed and modified to the extent feasible to ensure compliance with established federal nutrition standards, including applicable marketing restrictions.

Management of Food Allergies in District Schools

The District shall establish Board policy and administrative regulations to address food allergy management in District schools in order to:

1. Reduce and/or eliminate the likelihood of severe or potentially life-threatening allergic reactions.
2. Ensure a rapid and effective response in case of a severe or potentially life-threatening allergic reaction.
3. Protect the rights of students by providing them, through necessary accommodations when required, the opportunity to participate fully in all school programs and activities.
