GFPS ONLINE MIDDLE & HIGH SCHOOL

2026-2027 SCHOOL YEAR

GFPS Online Middle and High School will continue in the 2026-2027 school year, providing credit accrual online learning options for both homeschool/out-of-district students and currently enrolled GFPS students.

FULL-TIME ENROLLMENT

To maintain full-time enrollment status, all students must commit to five courses per semester (high school) or per trimester (middle school).

Courses can be a combination of online and face-to-face with a minimum of two being online.

RETURN TO IN-PERSON LEARNING

Students wishing to return to full time in-person learning may do so only at designated credit transition points – end of the semester (high school) or end of the trimester (middle school).

STATE ASSESSMENTS

All students will be required to complete proctored state-mandated assessments, in a face-to-face setting at your assigned school.

COURSE OFFERINGS

English Language Arts, Math, Science, Social Studies, Health, and Finance & Career Prep (High School only).

At this time, all elective courses will be delivered in-person at your assigned school.

CREDIT TRANSITION POINTS

Online courses run with designated credit transition points. At the end of the semester (high school) or trimester (middle school) the course must be completed. The relative grade on the deadline date will be entered in PowerSchool and the course will be marked completed. The next course can not be started until the next credit transition period.

CONTINUED ENROLLMENT

Students accepted into online learning for the year can continue on at the end of each credit transition period unless they break the contract, return to in-class learning, or choose to leave the program.

ACCEPTANCE & APPLICATION PROCESS

Once the application is submitted a meeting will be scheduled to determine acceptance in to the program, and go over rules, expectations and requirements if accepted. Preference will be given to returning online students who successfully completed GFPS Online School in 2025-26 with a GPA of 2.0 or higher. The learning contract will need to be signed before enrollment can be completed.

APPLICATIONS OPEN
NOW

through

AUGUST 9TH
OR UNTIL ALL SEATS ARE FILLED
