KNOWLEDGE EXPO – PARENT TEACHER TOGETHER EVENING
BORO CAMPUS – Monday 20 July | 4.30pm start-5.30pm Finish
KORO CAMPUS – Tuesday 21 July | 4.30pm start-5.30pm Finish

A HIGH-PRIORITY EVENT – EVERY PARENT NEEDS TO ATTEND

This is an important evening designed to strengthen the partnership between home and school. It is essential that all parents attend, as the information presented will directly support the educational progress of your child over this Semester Two at KoroBoro.

Our objectives in conducting this KNOWLEDGE EXPO - PARENT TEACHER TOGETHER evening are:

- To ensure that school and home can work in close co-operation on your child's education.
- To provide an opportunity for parents/guardians to hear how the learning will be structured for the remaining of the school year.
- To re-familiarise yourself with the teaching and learning at your child's school for Semester 2.

The Grade Level presentations start at 4.30pm. You only need to come to one Grade Level, as every Grade Level will be similar in the elements presented for each campus. If you have children on each campus, you may need to come to both nights, as each campus may be slightly different in the information delivered to parents and guardians.

The KNOWLEDGE EXPO - PARENT TEACHER TOGETHER Session will address Six Elements of School life:

1. **School Home Communication**– letter, email, Diary Updates, Newsletters, ClassTag etc...
2. **Curriculum** – Report Card | International Benchmarking | Achievement Level required at each Grade Level
3. **School information** – Hometasks | Attendance | Punctuality | Lunches | Classroom Behaviour | Bullying Unpacked
4. **Positive Behaviour 4 Learning** – Principal's Award | Student Stationery | Classroom Agreements | Parent Support
5. **KoroBoro Education setting the standard** – One Stop School for Learning | Experiences | ECAs, Excursions, Leadership Activities etc ...
6. **Question & Answer time** | Specific Information required for parents to know and understand

If you wish to meet with the teacher of your child for a more personal one of one meeting, you can contact the teacher via ClassTag or your child's School Diary to arrange a follow up meeting.

We look forward to seeing as many parents as possible at this high-priority event starting from 4.30pm.

Presentation locations and other relevant information will be clearly displayed upon your arrival.

Thank you for your continued support in making KoroBoro a "gold standard school of excellence."

Peter O'Sullivan
School Principal

Welcome to Grade 1CB

WELCOME TO THE INFORMER

In 1CB class we are revisiting our Mat Agreement!

My eyes are Looking to the speaker .

I sit nicely

Quiet mouth when someone is talking.

My ears are listening.

I keep my hands and legs to myself!

KOROBORO INTERNATIONAL SCHOOL

Welcome to Grade 4DA

WELCOME TO THE INFORMER

This week in **4DA**, we have been learning how to **round numbers using a number line**. Rounding helps us estimate numbers quickly and makes them easier to work with in everyday situations.
A **number line** is a great tool because it shows us exactly where a number belongs between two other numbers. By looking at its position, we can decide which number it is closest to.

How to Round Using a Number Line

- Find the two nearest tens, hundreds, or thousands.
- Place the number on a number line.
- Look at which number it is closest to.
- Round to the nearest number.
- The students enjoyed practising with different numbers and discussing whether they should be rounded up or down. Using a number line helped us see the distance between numbers and develop a deeper understanding of rounding.

Why Is Rounding Important?

Rounding is a useful skill that we use every day. It helps us:

- Estimate the cost of items when shopping.
- Measure distances and lengths.
- Work with large numbers more easily.
- Check if our answers are reasonable.

Maths Tip!

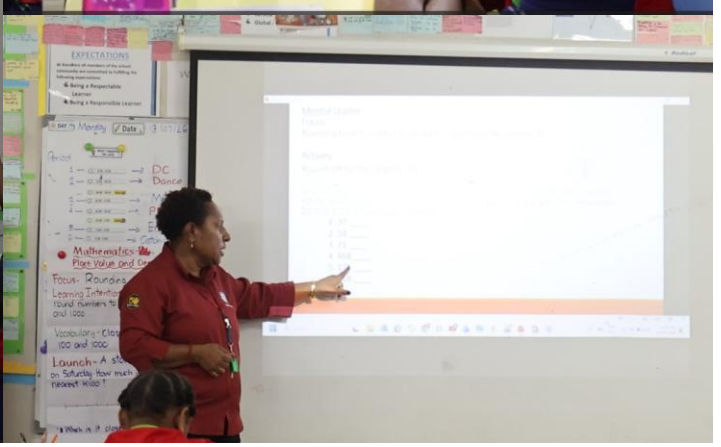

If a number is halfway or more, round up. If it is less than halfway, round down.

The students in **4DA** are becoming confident mathematicians as they learn to use number lines to round numbers accurately. We are excited to continue building our number skills throughout the term!

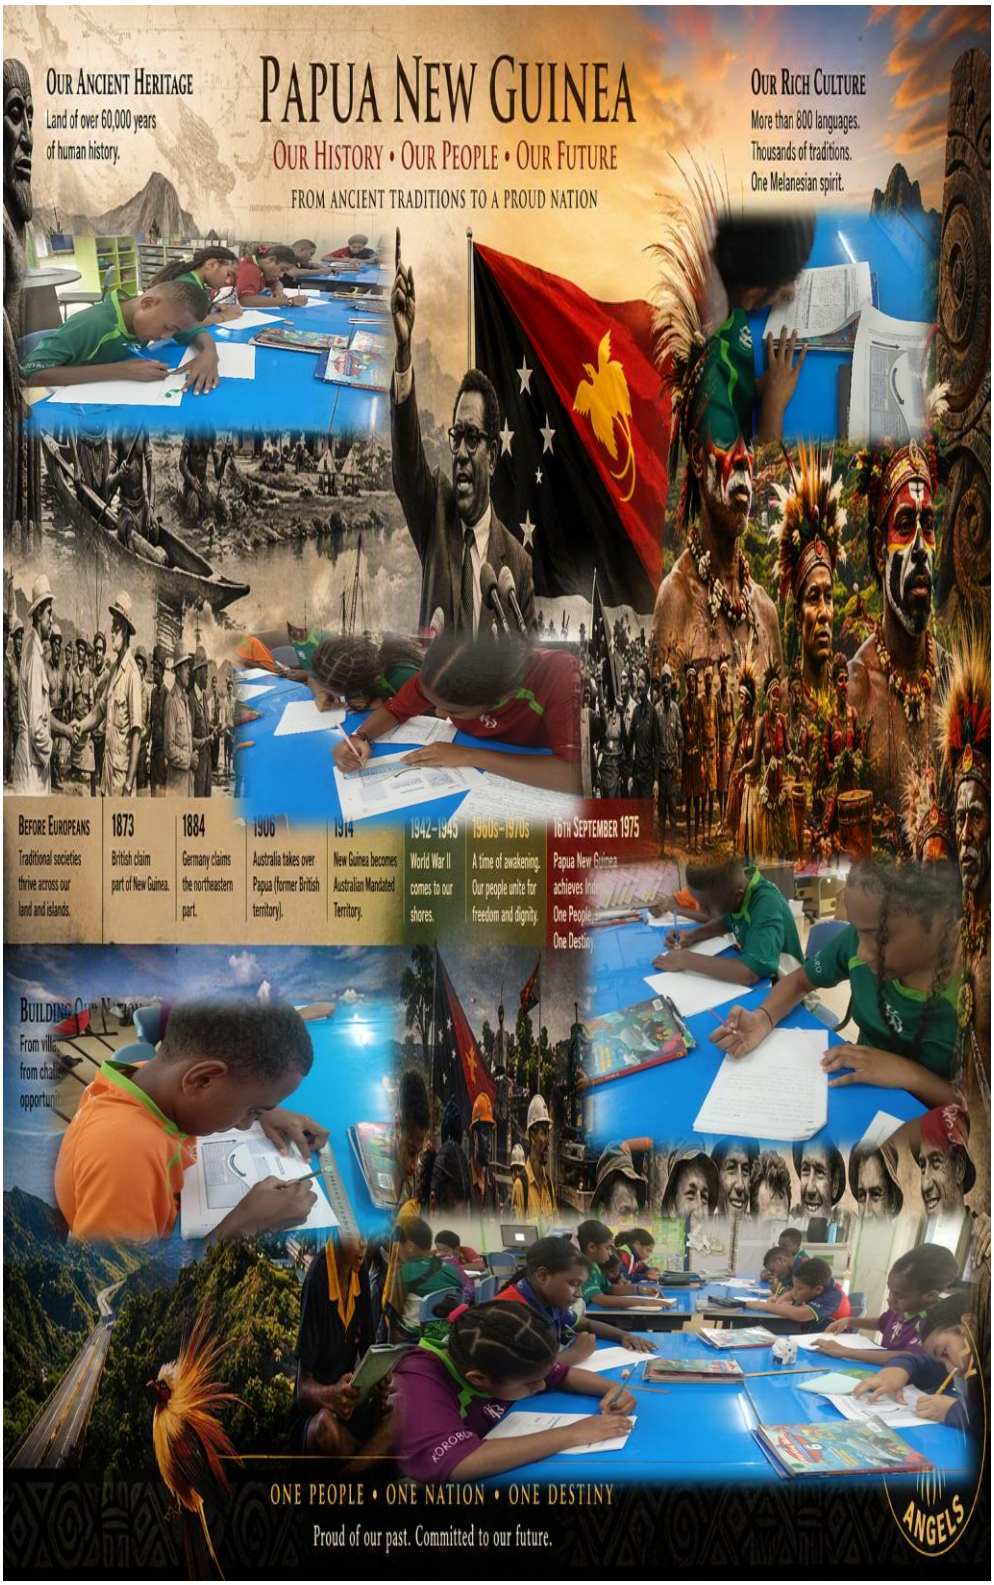

KOROBORO INTERNATIONAL SCHOOL

Welcome to Grade 6AK

WELCOME TO THE INFORMER

WELCOME TO 6AK'S CLASSROOM STORIES - WRITING HISTORICAL FACTS BASED ON PNG'S HISTORY!

As part of our writing lessons for this term, students will learn how to research and write historical reports based on Papua New Guinea's history.
They will explore important events, people, and cultural traditions that have shaped our nation, using technology, information from books and other reliable sources.
Students will learn how to organize facts, write clear and interesting introductions, present information in logical order, and conclude their reports effectively by ending it with an impact.

This activity develops research, reading, and writing skills while promoting a deeper understanding of PNG's rich history and cultural heritage.
