 - I will not ruin my iPad case (tear, marker, stickers)
 - I will always use the school-provided case and avoid food or drink near the device.
 - I will use the iPad only for school-appropriate educational purposes, follow District #146 policies, and use the internet responsibly.
-

Parent Expectations for iPad Use

- I accept responsibility for monitoring my child's iPad use at home and will not hold the district accountable for inappropriate use outside of school.
 - I understand that any harmful or illegal content found is the responsibility of the student and parent.

Students are assigned email accounts restricted to the school domain. Internet access at school is filtered; parents are encouraged to monitor access at home. Misuse may result in internet restrictions or loss of iPad privileges.
